

REVOLT IN MEXICO REPORTED LED BY FEDERAL GENERAL

Murguia, Commanding Troop
in State of Coahuila, Turns
Against Carranza.

WASHINGTON, Jan. 2.—Gen. Francisco Murguia, commander of Mexican federal troops in the State of Coahuila, has revolted against President Carranza, according to confidential advices received from Mexico. Pancho Villa and his forces who are supposed to be encamped in the mountains in Northern Coahuila. It was reported that Carranza has sent his sub-Secretary of War, Francisco Urquiza, to Coahuila to relieve Gen. Murguia, who refused to relinquish his command. The governor

of the State, Espinosa Mirales, is supporting Murguia, according to advices, which also say the revolting General has seized all the railroads. Another development is that Mexico has protested to the United States against alleged murder and mistreatment of her citizens in this country. While formal comment was withheld for the time being, it was learned officials saw in this new Mexican move a policy of "in the face" launched with the intention of prolonging diplomatic negotiations and if possible putting this Government on the defensive.

Carranza officials assert that a Mexican was killed in Texas last month and that a Mexican family of three was murdered on a ranch near Jarrell, Texas. The slayers have not been punished, it is asserted. Mexican Ambassador Huerta has been instructed to ask the State Department why Carlos Melquios, a Mexican, was detained and searched by American agents at New York while en route to Chili.

Arrested as Murderer of Hotel Keeper.
Rosa E. Clark, twenty-one, arrested in Louisville, Ky., by former Police Lieutenant William Jones has confessed to the murder Dec. 4 of Edward Lucia, a hotel keeper of West Chazy, ten miles north of Plattsburgh, the detective says. It is alleged Clark hit Lucia with a hammer and took \$145.

POLICE SCENT BIG CHEESE BURGLARY

Robbers Let Nostalgia Guide Them
to \$1,500 Cache in Second
Avenue Store.

About \$1,500 worth of imported cheese was removed from the grocery store of Giovanni Celis at No. 835 Second Avenue about three hours between New Year's Eve and this morning, and Mr. Celis is convinced that burglars did not take it.

The burglars removed a window bar in the rear of the store and let their footstep guide them to the coveted fundamental of Swiss cheese. They got out of the place without the neighbors getting a scent of their theft. At the present prices, \$1.50 a pound of cheese doesn't make a very large package and it was easily able to be carried through the space made by the removal of the bar. The police were notified this morning.

Says "Good Morning" and Dies.
August M. Hoffman, fifty-one years old, No. 410 East 54th Street, a painter, died in the admitting room at Bellevue Hospital. He was taken ill in the street. On the way to the hospital in an ambulance he seemed to get the better of it and was able to walk into the building, where he greeted every body present with a cheerful "good morning." Then he dropped into a chair and died.

BALL GUESTS DRINK PRIZES.

They Do Away With Champagne
Intended for Dancers.

GREENWICH, Conn., Jan. 2.—The largest and most brilliant society event of the season was a masquerade ball at the Field Club, New Year's Eve. These, coupled with the best and prettiest costumes were Charles Ingram, who impersonated a Mexican, and Mrs. Coby M. Chester Jr., daughter-in-law of Rear Admiral Chester, who impersonated a Japanese. Each was to have received a bottle of champagne as a prize, but before the prizes were awarded the champagne "disappeared."

TO SURVEY POWDER PLANT.

Baker Appoints Ordnance Experts
to Inspect Old Hickory.

WASHINGTON, Jan. 2.—Secretary of War Baker has appointed a board of five army ordnance experts and civilians to make a comprehensive survey of the Old Hickory smokeless powder plant near Nashville and submit a recommendation as to its disposition by the Government. Old Hickory is a huge plant, capable when running at full capacity of turning out more than 1,000,000 pounds of smokeless powder daily. This is more powder than the army would require in an entire year during peace times. The survey is to be made in connection with a powder policy which ordnance experts are working out for the Government. Officials hope that some large industry can be placed in the plant suitable of easy conversion into powder manufacture in the event of future emergency.
