LOCAL AND N. Y. FINANCIAL NEWS

MUSIC FOR TRENCHES AIDS GRAPHOPHONE

Stock Takes Boom as Result of Large Orders From Belligerents in Europe.

Another stock listed on the Washington Stock Exchange budded into a "war bride" at today's session of the local board. American Graphophone common, on the strength of foreign business, advanced 5 points over yesterday's sale price when 30 shares were disposed of at 80. It is said to be selling large numbers of machines to the belligerent nations to furnish music for the soldiers in the trenches.

After the stock had sold at 80 the bid for quotation lots was advanced from 72 to 80, and the buying broker was on the floor for 100 shares at that figure. The preferred stock of the company was also in demand and showed a proportionate advance, the bid being raised from 83 to 87.

Lanston Monotype, a stock which also came into prominence recently as a result of war contracts, but which for several days has been reactionary, showed marked improvement. While no sales of Lanston were recorded, the buying orders sent the bid quotation up 2 points to 75, and there were inquiries for 100 share lots and options on blocks of similar proportions. The lowest offerings were at 80.

Mergenthaler Linotype contrasted sharply with Lanston through its reactionary tendency. Having sold off 2 points yesterday at 179, the stock was freely offered today at 178, and the best bid obtainable was 175.

Washington Gas and Capital Traction were the other weak spots in the market. The former stock was offered down from 72¼ to 71⅞ and, after seventeen shares of the latter had been traded in at 88 and twenty-seven shares at 87⅞, the quotations were established at 87½ and 87⅞, as compared with 88 and 88¼, respectively, on yesterday.

Stocks of the Washington Railway and Electric Company, on the contrary, manifested more strength than at any time within a week. The common stock was bid up 1 point to 86, and the preferred ½ point to 81.

The only other sale of the day consisted of one share of Washington Loan and Trust Company stock at 229.

Comptroller of the Currency Williams, in a statement just issued, shows that the resources of the 7,605 national banks of the country on June 23, the date of the last call, were $11,795,685,156.88. The paid in capital stock of the institutions totaled $1,068,519,105, and their surplus fund was $722,089,210.17.

An important item, in view of the recent effort of Comptroller Williams to remedy what he regarded as a grave evil, was a reduction of $10,312,055.07 in overdrafts during the past year, those for June 23 amounting to $5,173,586.07, as compared with $15,485,641.14 for June 30, 1914.

The plentifulness of money is reflected in the large excess of reserves held by the banks. On June 23 the excess reserves were $778,725,284.17, or an increase since May 1 of $51,382,999.17, and since June 30, 1914, of $537,142,464.17.

Total loans of all the banks increased $279,902,248.97 over June 30, 1914, and $16,083,511.49 over May 1, 1915, amounting to $6,659,971,463.44.

On June 23 the total deposits in the banks were $6,611,281,821.90, a decrease since May 1 of $50,299,520.67, but an increase since June 30, 1914, of $252,093,746.90.

American Held On Counterfeiting Charge

GALVESTON, Aug. 26.—Charles McLean, American, was arrested by Federal authorities here today charged with counterfeiting Carranza currency.

It is alleged that $61,000 was found in his possession. United States Commissioner Walter doubts the legality of McLean's arrest.

The United States Attorney General refused to render an opinion in a similar case.

Tippecanoe Cornstalk Grows Fifteen Feet

LAFAYETTE, Ind., Aug. 26.—The beanstalk that Jack of nursery lore clambered up to find the giant's abode and take his gold had little on a cornstalk that is being displayed by Charles Swadley, a Main street business man, who found the stalk on a farm between this city and Delhi and brought it to town with him as a rare curiosity.

The stalk, which is perfectly formed and developed, measures fifteen feet from base to tip of the tassel. The leaves are seven and eight inches in width and there are four huge ears of corn on it. The stalk with its large tassel is more than twice as tall as an ordinary man and is said to be the tallest ever seen here.

According to Swadley there are many other stalks in the field fully as high as this one. The stalk at the base is two and one-half inches in diameter.

HEAVY REALIZING ON NEW YORK MARKET

Copper Stocks Sent Up From One to Three Points—Steel Again Leads

NEW YORK, Aug. 26.—Having continued in the early trading the upward trend that was so pronounced in yesterday's market, stocks shortly before noon declined from the high of the day as a result of realizing, which developed in comparatively heavy volume under cover of the strength in the copper issues and a few of the specialties.

Accumulation of inquiries for copper metal, coupled with sharp advances asked by the dealers, sent copper stocks up from 1 to nearly 3 points. Anaconda, Utah, and Chino were particularly active with gains of 2½, 2⅛ and 1⅝ points respectively.

Steel securities continued to lead the market in activity, but before noon much of the selling in this group, especially in United States Steel common, was profit taking. After advancing 1⅛ points to 76¼, "United States" dropped to 75⅛.

Lackawana established a new high record by selling up 4½ points to 69. Bethlehem and Crucible rose between 1 and 2 points.

There were few changes in the railroad list. United Railways Investment Company (San Francisco) enjoyed a good rally, the common stock gaining 2⅞ points by selling at 21⅞, and the preferred 3 points at 38½.

PENAL ISLAND LIKE "ANCIENT MARINER"

Water, Water Everywhere, and Not a Drop for the 500 Prisoners to Drink.

NEW YORK, Aug. 26.—If there happened to be any ancient mariner among those whom the power of the law sent to temporary sojourn at the branch workhouse on Riker's Island, he must have felt thoroughly at home there yesterday, for it was "water, water everywhere, and not a drop to drink." This became true at almost exactly 12:45 noon, when the water pipes on the island, called on for their accustomed duty, gave out gurgles of despair and ran dry.

The department of water supply was communicated with and men were sent out to look for possible breaks in the main under the Bronx streets. The department of correction was then called up and told of the difficulty. Twenty-five men at Blackwell's Island had been told off and were all ready to go to Riker's Island to take the places of twenty-five prisoners who were released from the branch workhouse. The transfer was held up on account of the situation.

The department's transfer boat Corrections reached Riker's Island about 4 o'clock. Warden McCann had two dozen milk cans loaded onto a wagon and brought down to the pier, and when the Corrections tied up these cans were all filled from the ship's tanks.

Late yesterday afternoon the department of water supply reported to Riker's Island that it had found two breaks in the main where it runs under Longwood avenue in the Bronx.

About 8 o'clock last night a little water began to get through to Riker's Island, but the pressure behind it was so slight that it would hardly run through the faucets. The warden made arrangements last night for water to be ferried to the island today if the supply is not back to normal.

FINANCIAL

The Safest Investments

Are those that do not fluctuate during disturbed conditions of the money or stock markets. First deed of trust notes (first mortgages), well secured on real estate in the District of Columbia, constitute "gilt-edge" investments. They do not depend upon the financial responsibility of individuals or corporations for their stability, and are exempt from taxation as personal property. We can supply such investments in amounts from $500 upward. Send for booklet "Concerning Loans and Investments."
