SAYS INDUSTRIES SHOULD INCREASE

Dothan Commercial Secretary Voices Need Incident to Greatly Increased Population

Sounding a warning that Alabama's industries must increase in proportion to the state's growing population, else this population may grow to the point where the industries cannot support it, J. H. Alldredge, secretary of the Dothan Chamber of Commerce, has

UNDERWOOD FAVORS STOPPING HAZING

Writes Letter to Mothers' Circle Endorsing Movement to Suppress Hazing

Senator Oscar W. Underwood's opposition to hazing in the schools and colleges is expressed in a letter recently received by the Mothers' Circle which has for sometime waged a campaign against hazing. Senator Underwood declares that one of the conditions on which he has made appointments to West Point and Annapolis is that the appointees shall refrain from taking part in hazing when they become Upper Classmen.

Senator Underwood's statement showing his position on hazing is as follows: "I do not believe that the hazing of younger students accomplishes anything for good and sometime the reckless handling of the younger man seriously injures his life. In my judgment, it should not be permitted. For many years I have requested all my appointments to the academies at Annapolis and West Point to refrain from engaging in hazing. When they become upper classmen as one of the conditions of the appointment."

Old People Who Are Feeble and Children Who Are Pale and Weak Would be greatly benefited by the General Strengthening Tonic effect of GROVES' TABLETS. It purifies and enriches the blood and builds up the whole system. A General Strengthening Tonic for Adults and Children, etc.

MARTENS SEEKS TIME TO PREPARE DEFENSE

Hitchcock Blocks Plans to Employ Counsel to Prosecute "Red" Ambassador

(Associated Press) WASHINGTON, Jan. 12.—Determination of a date for the appearance of Ludwig C. A. Martens, self-styled ambassador of the Russian Soviet government, before the senate foreign relations sub-committee, investigating Bolshevik propaganda in this country, was left open today pending action by the senate on a request by the committee for authority to employ counsel. Consideration of a resolution to authorize employment of counsel was blocked by Senator Hitchcock, Democrat, Nebraska, who urged that to save expenses the committee request the department of justice detail an attorney. Senator Moses, Republican, New Hampshire, chairman of the committee, replied that the department might be embarrassed in view of "certain" trails of evidence opened up. The resolution thereupon was referred to the expenditures committee.

Chairman Moses announced that the hearing probably would not get under way before Wednesday or probably it would be later. Martens, who will be the first witness, today requested through former Senator Thomas W. Hardwick of Georgia, his counsel, more time in which to prepare statements to be submitted to the committee.

SEVERAL CRIMINAL CASES SET TUESDAY

Court of Common Pleas Will Consider Several Prohibition Cases

A large criminal docket will be called in the court of common pleas Tuesday morning by Judge Winter Thornton. There are several prohibition cases to be heard, also one murder and one assault to murder case.

The cases and the alleged offenses follow:
Rogers Simpson, assault to murder on W. P. Cochran.
Van Sanders, burglary and grand larceny.
Joe Sims, vagrancy.
Ruth May, violation of the prohibition law.
Walter Holmes, violation of the prohibition law.
Harold J. Brown, violation of the prohibition law.
Reuben Elbert and Charlie Miller, failure to work public roads.
John Washington, murder of Ed Swint.
Clanton Price, assault and battery.

STEAMER REPORTED TO BE IN TROUBLE

NEW YORK, Jan. 12.—The American steamer Poughkeepsie, owned by the shipping board was reported today by the Lamport and Holt Line Millais to be in trouble about 1,000 miles east of Cape Henry. In a wireless message to the line here today, Captain Selfridge of the Millais said that he had taken the Poughkeepsie in tow Sunday morning after the latter had broken three propeller blades but under stress of heavy weather the line parted that night and he was looking for the disabled ship.

The Poughkeepsie, operated by the Cosmopolitan Shipping Company, is a vessel of 9,000 gross tons. She was last reported leaving Fayal, the Azores, on December 29, having previously put in there with boiler trouble.

SEVENTH DIVISION CASES ARE CALLED

The docket of cases originating in the Seventh Division, was called in the Alabama Supreme Court, Monday morning. A number of lawyers representing various appellants and defendants were present at the opening session, and will remain in Montgomery until the hearings are complete. The Seventh Division is composed of the following counties: Calhoun, Cherokee, Clay, Cleburne, DeKalb, Etowah, Randolph, Shelby, St. Clair and Talladega. Decisions in the cases taken up by the Court Monday, will be announced Thursday afternoon.

DOCTORS FIND REMEDY FOR COLDS AND FLU

Calotabs, the New Nauseless Calomel Tablets, Out Short Colds and May Prevent Flu By Keeping Liver Active

Physicians have learned from experience, during the epidemic of influenza, that one of the most important factors in the prevention of flu and pneumonia is to keep the liver active so that the digestive organs may be in perfect working order and the system thereby enabled to throw off colds, check sore throats, and resist serious complications. For this purpose they have found that the new, nausealess calomel tablets called Calotabs, are far more effective even than the old style calomel, which was formerly the universal favorite, as Calotabs do not weaken the patient, nor interfere with the appetite and digestion.

At the first sign of a cold or sore throat, doctors recommend one Calotab at bed time with a swallow of water—that's all. No salts, no nausea, no the slightest interference with your diet, pleasure, or work. Next morning you wake up feeling fine, your liver is active, and your appetite is keen for a good breakfast.

For your protection Calotabs are sold only in original sealed packages, price thirty-five cents. All druggists recommend and guarantee Calotabs. Your money back if you are not delighted with them.

COMMERCIAL BODY TO HOLD MEETINGS

Important meetings of the executive committee and board of directors of the Chamber of Commerce are called for Tuesday. The committee is to meet at 11 o'clock Tuesday morning and the board of directors at 4:30 o'clock in the afternoon.

ROBERT C. PHELPS IS IN COUNTY RACE

Chief Deputy Announces His Candidacy Monday For County Tax Collector

Robert C. Phelps, better known as "Bob" Phelps, chief deputy to Sheriff John L. Scoggins is a candidate for county tax collector, subject to the May primary. Mr. Phelps formally announced his candidacy Monday night declaring that he had made up his mind to make the race at the request of many friends who have urged him for several days to run.

Mr. Phelps was connected with The Advertiser until a year ago when he accepted the position with the county sheriff's force which he holds at present. He was originally from Barbour county and has lived in Montgomery for seventeen years.

He is a grandson of John C. McNab, for many years one of the leading citizens of South Alabama. Among the many friends of Mr. Phelps who have urged him to enter the race for tax collector are former Barbour county men who are now making their home in Montgomery.

"I feel highly complimented over the many offers of support by my friends," declared Mr. Phelps in making his official announcement, "and their assurance that they will join me in an active canvass of the voters of the county assures me of strong support from citizens in all walks of life."

"I shall make a thorough canvass of the county and expect to personally call on as many voters as possible before the primary."

Members of the executive committee are: R. S. Teague, L. B. Whitfield, Leon Wolf, C. J. Beane, Dr. Thomas M. Owen, I. H. DeWeese, Bruce Kennedy.

President DeWeese in issuing the call for the meeting of the board of directors, expressed the hope that every member will be present and that division directors will be ready to announce appointments of their respective committees, together with an outline of the program for the year's work.

BRYAN URGES EARLY PACT RATIFICATION

Tells Members of Commercial Club Early Peace With Germany Is Important

(Associated Press) LINCOLN, NEB., Jan. 12.—William Jennings Bryan told members of the Lincoln Commercial Club here today it was infinitely more important that the treaty be ratified before January 16 with concessions by both sides in the treaty fight than to continue a state of war for fourteen months until the people could decide in favor of ratification at the coming elections.

Mr. Bryan expressed the belief that the senate would ratify the treaty by next Friday, so the United States could enter the League of Nations at its first session on that day.

He denounced what he said were accusations of Republican newspapers that there had been a split in the Democratic party over the league covenant. The most important thing, he declared, was to secure ratification of the treaty, and if complete efforts to this end between Democratic and Republican members failed, the matter could be turned over to the Republicans who would be responsible if it was not settled to the satisfaction of the people.

Mr. Bryan reiterated his denial of a "break" between him and President Wilson over the treaty. Neither knew what the other was going to say relative to the treaty prior to the Jackson Day banquet recently held at Washington, he declared.

Following another address here today before the state constitutional convention on "the fundamental principles of a state constitution," Mr. Bryan will leave for Omaha where tonight he will address a political meeting.

A TEXAS WONDER

For kidney and bladder troubles, gravel, weak and lame back, rheumatism and irregularities of the kidneys and bladder. At your druggist or by mail. Small bottle often cures. Send for sworn testimony. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo.—Adv.

CONSTIPATION

DR. CALDWELL'S Syrup Pepsin is a combination of simple laxative herbs with pepsin that quickly relieves the congestion of undigested food and poisonous waste matter, and restores the normal regularity of natural action. It does not gripe or cramp and is as safe and pleasant for children as it is effective on even the strongest constitution.

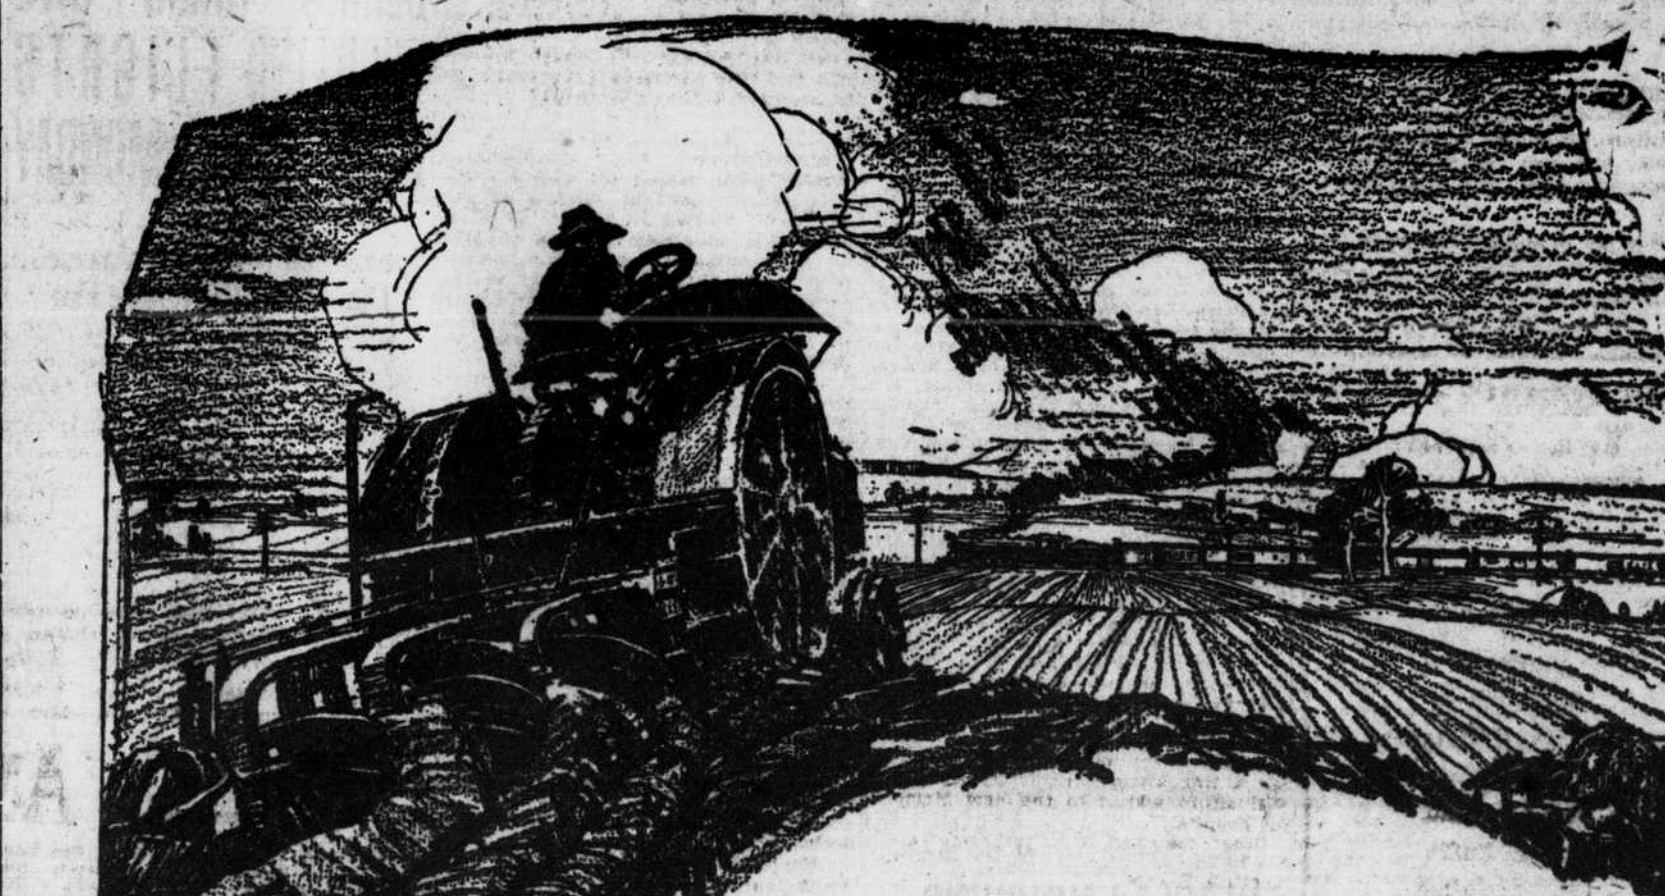

Dr. Caldwell's Syrup Pepsin is the indispensable family remedy in thousands of homes and is sold in drug stores everywhere.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest-selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 512 Washington St., Monticello, Illinois.

THE successful farmer raises bigger crops and cuts down costs by investment in labor-saving machinery.

Good prices for the farmers' crops encourage new investment, more production and greater prosperity.

But the success of agriculture depends on the growth of railroads—the modern beasts of burden that haul the crops to the world's markets.

The railroads—like the farms—increase their output and cut down unit costs by the constant investment of new capital.

With fair prices for the work they do, the railroads are able to attract new capital for expanding their facilities.

Rates high enough to yield a fair return will insure railroad growth, and prevent costly traffic congestion which invariably results in poorer service at higher cost.

National wealth can increase only as our railroads grow.

Poor railroad service is dear at any price. No growing country can long pay the price of inadequate transportation facilities.

This advertisement is published by the Association of Railway Executives.

Those desiring information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York
