HARDING, CUMMINS DISCUSS RAILROAD PROBLEM

POLES, NEAR DEFEAT, WILL OPEN PARLEY IMMEDIATELY FOR PEACE WITH RUSSIAN REDS

Allied Military Assistance Promised Pilsudski If Bolsheviki Army Refuses to Open Armistice Negotiations and Halt Outside Warsaw. Marshal Foch Prepares to Act

GRABSKI DENIES IMPERIALISM

SPA, Belgium, July 12 (United Press).—Polish Premier Grabski, here attending the council of Premiers, today telegraphed General Pilsudski at Warsaw to open negotiations immediately for an armistice with the Bolshiviki.

Marshal Foch has been instructed to mobilize available Allied forces for possible intervention between the Poles and Bolsheviki in event the Moscow government refuses to accept the proposal of the conference here for an armistice, it was learned on good authority today. Should the red forces continue their advance into Poland the Allies will give every aid to the Polish troops behind the armistice line fixed by the peace treaty.

Allied military assistance to Poland hinged on whether the Soviet armies would withdraw to this line or continue their progress toward Warsaw. Belief prevailed here that, inasmuch as resumption of commercial relations between the Allies and Russia had been made a condition in the armistice proposal, the Moscow government would order the red troops to halt at the Polish boundary.

Polish Premier Grabski, who made a strong appeal to the Allies for such action, admitted that Polish resistance on the left, center and right had broken down, and that it was a question of but a short time before the Soviet armies might take Warsaw. Grabski declared fighting by the Polish army had constituted the only bar to a Bolshevik advance into Europe and vigorously denied charges of Polish imperialism. The Allied armistice

The Mystery Spot of the World

The most mysterious spot in the world today! That describes eastern Europe—Soviet Russia and the border states. A great war is raging between the Poles and the Bolsheviks along the whole eastern boundary of Poland.

CHANCE TO BUY PRODUCE CHEAP

S. S. Deemer of New Castle, Competes With Wholesalers and Retailers

VEGETABLES PULLED WHILE YOU WAIT

Disgusted with the returns that he received through commission houses for vegetables grown on a two-acre truck patch connected with his handsome home in New Castle, Selden S. Deemer, president of the Deemer Steel Casting Company, has decided to sell the produce direct to the consumer at greatly reduced prices compared with both the wholesale and retail markets. There is sufficient vegetables on the two-acre patch to supply 40 families.

Mr. Deemer said this morning that he had tried shipping the produce to city markets to commission men, but that notwithstanding the high city prices his returns were so small he has decided to "buck" both the wholesale and retail markets. Several days ago Mr. Deemer sent a load of cabbage to Wilmington and his net returns were but about 3 cents a pound, although the public was paying 10 and

FIVE KILLED WHEN TRAIN HITS AUTO

LANCASTER, Pa., July 12 (United Press.)—Five autoists were killed when an express struck their machine near here today. The five were buried under the debris of a suburban station which collapsed when the train hit the machine after the engine had hurled the auto from the track.

The dead: Miss Mary Giles, 20, Lancaster, and Mrs. Rose Muehleison, 33, Edward C. Self, 34, John Miller, 26, and Gladys Muelheison, 7, of Fort Washington. The party was en route to Philadelphia.

COURT ACTS TO BAR AIRPLANES

Brooklyn Judge Enjoins Aircraft Use or Sale Under Wright Patents

SIMILAR CASE IN WILMINGTON COURT

The plan of British interest to flood this country with thousands of obsolete British war airplanes at practically junk prices, thus crippling American aircraft manufacturers appears to be defeated by a decision handed down by Judge Thomas I. Chatfield in the United States District Court, Brooklyn, on Friday.

Curiously enough the decree which may save the American manufacturers from ruin and the air service from dependence on foreign airplanes was based upon the fact that the airplane in its present form is strictly an American invention.

The decree was secured by the Wright Aeronautical Company of Paterson, N. J., holder of the patent rights of Orville and Wilbur Wright, and perpetually prohibits the Interallied Aircraft Corporation of New York from using or selling foreign airplanes in this country. Colonel William Bishop is head of this organization.

Another suit is now pending against the Aerial Transport Corporation, a company incorporated by certain Americans in Delaware, which has planned to bring over here half of the British surplus, which consists of 15,000 airplanes and from 20,000 to 30,000 motors.

A suit along similar lines was entered in the United States Court in Wilmington by the Wright corporation against the Aerial Transport Corporation.

Could Undersell American Makes.

The Aerial Transport Corporation is the one for which the American manu-

THIS WIFE STRAPPED BUT SHE FORGIVES

As his wife did not desire to press the charge, Victor Robinski was dismissed on a hearge of assault and battery on her by Deputy Judge Finger in Municipal Court this morning.

Victor was alleged to have flayed his spouse with a belt when she asked him for money.

GETS IN WAY OF TROLLEY.

Special to The Evening Journal.

CARNEY'S POINT, N. J., July 12.—Joseph W. King, of 308 Summerill Tract, was probably fatally injured by being struck by a trolley car at Walker avenue and Shell Road, Saturday night. Mr. King had stopped his automobile in front of Sam Carrouso's barber shop and had passed around the machine when he stepped directly in front of the trolley. He suffered a fractured arm, lacerations and contusions of body. Mr. King was a former guard of the duPont Company, at the local plants. He is the husband of Mrs. Hazel King.

LARGE SHIPMENTS OF POTATOES.

A train composed of seventy freight cars, loaded with white potatoes, passed over the P., B. & W. cutoff yesterday afternoon. This train was followed by a second section of equal length, also carrying potatoes. These shipments came from the peninsula.

CHILD BREAKS ARM.

Falling Saturday afternoon, at her home in Richardson Park, Ruth Matthews, aged 5 years, broke her arm.

After treatment by Dr. A. K. Smith she was removed to the Physicians' and Surgeons' Hospital.

Prevent bottle famine. Return empties promptly. Clover Dairy Co.—Adv.

MEXICAN SLAIN IN GUN FIGHT

Police Suspect Harry Butler, Missing Negro, of Sunday Murder

SAY MEN FOUGHT FOR WOMAN'S LOVE

Frank Abeles, a Mexican, died in the Homeopathic Hospital yesterday afternoon, as the result of a shooting affray early yesterday morning, and the police are looking for Harry Butler, Negro, who is charged with the man's death.

The Mexican was found about 1 o'clock yesterday morning in a house at 417 East Second street, with a gaping wound in his left side thought to have been made by a revolver bullet. He was taken in the police ambulance to the Homeopathic Hospital and officials of the police department at once started a search for Butler, but so far with no success.

The trouble is said to have originated over a colored woman known as Mary Crisden.

Butler is well known to the police, having just finished a five years' sentence to the New Castle county workhouse for carrying concealed weapons. He was arrested for this offense in Middletown.

Butler has a brother now in the workhouse serving time for forgery, and another brother in the Eastern Penitentiary, Philadelphia, serving time for murder.

ACCUSED HIM OF 15 MONTHS OLD CRIME

After evading arrest for the past fifteen months, Douglas Williams, Negro, charged with larceny and forgery, was recognized as he was walking in Market street about 1 o'clock this morning by Police Officer Bodenheiser and taken into custody. He was arraigned in Municipal Court this morning, but the case was postponed until Wednesday at the request of Assistant City Solicitor Davis.

Williams was a helper to a Negro driving a Wilson Line truck when he is alleged to have committed the offense. The driver, leaving the truck for a short time, left his pocket book containing $15 and a check on the seat, and when he returned, the purse and Williams were missing. Douglas is alleged to have forged the owner's name to the check and cashed it in purchasing a suit of clothing prior to taking his departure from the city.

SECOND BAPTISTS CALL G. D. ALLISON

Members of the Second Baptist Church, at a special meeting yesterday, received the report of the pulpit committee and unanimously issued a call to the Rev. George D. Allison, of Rutherford, N. J., to become pastor of the church. Whether he will accept is problematical. He preached in the church in June.

Mr. Allison has been stationed at Rutherford for the past eleven years. He is a native of Brooklyn, N. Y. He is 35 years of age, married, and a graduate of Union Theological College.

MORE HELP FOR WIDOW

For the relief of Mrs. Katie Zaskya, a Polish widow, $335.80 has so far been collected by Mrs. Lena F. Scheu, who started the fund. During the past week $60.00 was donated, Colonel Henry A. duPont and the Trustees of the Poor contributing $25 apiece. Cynthia's Helpers Branch, Sunshine Society, donating $10.

ANOTHER DEAD IN SINN FEIN BOMB CRIME

Tense Expectancy Awaits Outcome of Boyne Anniversary Throughout Ireland

'PILL BOXES' GO UP IN DUBLIN, BELFAST

DUBLIN, July 12 (United Press.)—One constabulary sergeant was killed and two other constables badly wounded when a bomb exploded at the Hathmore Barracks today. A band of Sinn Feiners had previously attacked the barracks, but were driven off.

Throughout Ireland there was a feeling of tense expectancy today awaiting the outcome of Orangemen's celebration of the anniversary of the battle of the Boyne.

Authorities declared the situation looked ominous and they feared serious outbreaks in districts where factional feeling was strong, between Unionosts and Sinn Feiners. Additional troops were arriving constantly and were immediately sent to the parts where trouble was expected. Many trains, operated by soldiers, brought hundreds of troops to Dublin and Belfast. The cordon of troops which was thrown about both cities was reinforced today. "Pillboxes" sandbag embankments and barricades of lumber were thrown up at strategic points in all quarters. Many streets were patrolled by helmeted soldiers with fixed bayonets.

The point where most trouble was feared was Londonderry, where the tension was high. Sporadic outbreaks of factional fighting occurred there during the night but there were no deaths. The recent fighting at Londonderry has intensified feeling between Sinn Feiners and Unionists to a point never before reached in Ireland's history. Clergymen of all denominations throughout northern Ireland issued appeals to their congregations to assist in maintaining

CITY DEFICIT IS ONLY $3,500

Financial Condition at Close of Year Better Than Anticipated

COUNCIL DOES GOOD WORK LAST 6 MONTHS

The financial statement of the city of Wilmington, published in the newspapers today, as required by law, shows that City Council closed the last fiscal year with a deficit of only $3,500, whereas, in January of this year Councilman Forwood, chairman of the finance committee, announced the deficit at that time as between $60,000 and $70,000.

The monthly report of City Treasurer Banks, on July 1, showed a balance to the city's credit of $96,435. As Council still owes the Board of Education $100,000 for a new building, which was not provided for in the budget, this item, when paid will leave the deficit $3,500.

Reducing of the deficit that faced the city in January to the small amount stated is looked upon by the finance committee of Council with considerable pride. During the past year Council was called upon to pay $15,000 to fight the influenza epidemic expenses an item that was not provided for in the budget. In addition

DRUG CLERK WON'T PROSECUTE SLUGGERS

Although Ross R. Geisbert, drug clerk, who is alleged to have been brutally assaulted on the night of July 2, while outside the drug store at Eighth and Monroe streets, has withdrawn the warrant he had issued on July 6 for his assailants.

There is no question that Geisbert was assaulted, his face showing the assault plainly the following day. Chief of Police Black said this morning, however, that Geisbert made no complaint to the police until four days afterward and the first knowledge the authorities had of the assault was that contained in the newspapers.

Geisbert also went before Magistrate Stradley and had warrants issued, but as in the case of the one issued at the police station the officers have been called off the job.

Although the actions of the young men around the neighborhood of Eighth and Monroe streets has been the occasion of considerable complaint on the part of residents of that section, and those guilty of the attack on Geisbert are said to be well known, no arrests have been made.

CAPTAIN KELLEHER AT FUNERAL

To attend the funeral services of Hugh A. Kelleher, his nephew, which will be held today, Police Captain Daniel M. Kelleher left for New Garden, Pa., yesterday. After a lingering illness, the boy, whose parents are dead, died several days ago at the of 19 years.

Police Sergeant Edward G. Lewis is acting captain in Captain Kelleher's absence.

STEAMER LOST OFF ATLANTIC CITY; 2 PERISH

Lake Frampton Sent to Bottom After Being Rammed by Pacific Liner Comus

CAPTAIN AND 35 OF CREW SAVED

NEW YORK, July 12 (United Press) —Two members of the crew of the steamer Lake Frampton were reported lost today when the vessel was sunk in a collision with the Southern Pacific liner Comus off Atlantic City, N. J.

Officials of the West India Steamship Company announced they had received a wireless message from Captain Frank Powers of the Lake Frampton, saying that two members of the crew—an oiler and a fireman—were missing. Captain Powers was aboard the Comus when he sent the message.

The Lake Frampton, a steel vessel carrying a crew of thirty-seven men, was bound from New York to Norfolk and the Comus carrying 136 passengers and a crew of seventy-eight was en route from New Orleans to New York.

The Comus was damaged, according to a message reaching the Southern Pacific office here from Captain J. M. Middoe. The captain said the Comus struck the Lake Frampton, in a head-on collision and that her bow was bent.

The Comus was due to dock at 3 p. m., six hours after the regularly scheduled time.

The Lake Frampton was in charge of Captain Powers. It was operated by the West India Steamship Company for the United States Shipping Board. It was built in 1918 for the shipping board at Loraine, Ohio, was 241 fet long, 43 feet beam and registered 4,160 tons. She was valued at slightly more than $800,000.

The message from Captain Middoe failed to say what had become of the Lake Frampton, but it was assumed that they had been taken aboard the Comus.

The Comus made a record for the trip from New Orleans in one of its earliest flights after being launched at Newport News in 1899.

The first word received of the disaster was the following message from Captain Powers to the West India Company:

"Lake Frampton rammed and sunk by the Comus at 3.30 a. m. Oiler and fireman missing."

WARNER FINDS G O P WORKERS OPTIMISTIC

State Chairman, Confers With Party Men in Kent and Sussex

REPUBLICAN SUCCESS SURE, THEY TELL HIM

Charles Warner, chairman of the Republican State Committee who returned today from a four-days' trip through Kent and Sussex counties in an interview said he found party workers enthused and already working for the success of the Republican ticket as named by the Chicago Convention.

Mr. Warner was accompanied by Charles H. Grantland, secretary of the Republican State Committee. The trip was the first of a series of informal visits the officials of the Republican State Committee will make to various sections of Delaware to get acquainted with the party workers and ascertain the viewpoint of the rank and file of the party.

"We regret our inability to see everybody on this trip of four days," said Mr. Warner, "but those we missed this time we expect to meet on our subsequent trips. As it was, we made the acquaintance of scores of Republicans of Kent and Sussex counties and, without exception, found them heartily approving of the nominees of the Chicago convention and confident of equally popular choice by the Republican State Convention. Everywhere there is a disposition to subordinate all internal party differences this year, present a united front to the opposition and wage an aggressive campaign, on both national and State issues."

"Our meeting at Dover was largely attended. The Kent county organization, as well as those Republicans who hold no official position in the organization, are "on their toes" and working together for Republican success. The Kent county situation is very satisfactory. Our visit to Sussex county was equally satisfactory. Secretary Howard Stewart, of the Sussex County Republican Committee, had sent out notices to Sussex county Republicans of our being in Rehoboth Saturday and desirous of making the acquaintanceship of as many Republicans of lower Delaware as possible. There was an unusually liberal response to this invitation of Mr. Stewart's. Our experience in Rehoboth convinces us that Republicans in

(Continued on Page Two.)

MAY WOMEN PREACH? YES, METHODISTS LICENSE ONE

Question as to the right of women to preach was settled insofar as the Methodist denomination is concerned by the announcement today that on Sunday, August 1, Miss Clara Bell Smith will occupy the pulpit of Grace Church, Ninth and West streets.

Miss Smith is a daughter of Mr. and Mrs. J. Talley Smith, of 1003 North Adams street, and recently returned from China on a furlough after serving as a missionary at Chinkiang under the auspices of the Women's Foreign Missionary Society and representing Grace Church in that field.

Last Wednesday night Miss Smith was granted a local preacher's license, thus being the first woman in Wilmington Conference to receive such an honor.

Miss Smith was graduated from the Wilmington High School in the class of 1907. She then entered Dickinson College, from which she also graduated with honors. She has many friends throughout the city, and is much admired for her kindly personality as well as her talents.

Under the license granted Miss Smith she may preach, perform marriage ceremonies and baptize, but can not officiate at communion. A dispatch from San Francisco declares that women were granted the right to wear the vestments and given all the authority of a conventional clergyman by the Methodist General Conference, held a few weeks ago in Des Moines, Iowa. This statement, however, is incorrect. The conference granted authority to license women only as "local preachers."

NO PROOF OF ANY 'KICK' IN LIQUOR

Philip L. Garrett, counsel for Eugene Radcliffe, negro, of Laurel, won a victory today when Judge Morris filed an opinion with the clerk of the United States District Court dismissing Radcliffe on the ground that no offense was alleged in the indictment.

Radcliffe was indicted under the Volstead act on charge of selling liquor unlawfully. Similar charges against two other Laurel men, one Negro and one white, had been dropped for lack of sufficient evidence Judge Morris ordered Radcliffe discharged.

The case has attracted much attention because of the point raised by Mr. Garrett at a hearing last Wednesday, when he asked an arrest of judgment. Radcliffe having pleaded guilty. Mr. Garrett averred that the indictment was faulty in that it did not specify that the liquor sold contained more than ½ of one per cent. alcohol, and further that it did not specify that liquor was "for beverage purposes." The indictment he contended, therefore did not set out any offense under the Volstead act and the proceedings were "erroneous."

DISMISS THIS WRANGLE.

Vincent Fiore was dismissed upon payment of costs by Deputy Judge Finger in Municipal Court this morning on a charge of assault and battery on Tony Ruggerio. It seemed that the men were talking when Tony made some remark out of which Vincent took a wrong meaning and then slapped his companion. The prosecuting witness then hit Fiore with a stone.

USE ROLLER ON PLAYGROUND.

A steam roller was used today to smooth down and pack the Wilmington Community Service playground at Tenth and Market streets, on the site of the old First Presbyterian Church cemetery.

JUMPED FROM CAR TO STOP RUNAWAY

Wagonman Oscar T. Ward of the police department by a daring jump Saturday evening, prevented what might have proven a serious accident.

Mr. Ward, who was riding on an east bound trolley on Fourth street enroute to his home in South Wilmington for his supper saw a horse attached to a wagon, driven by Mr. Emmons and owned by H. O. Taylor of New Castle, break into a run when a lost bolt caused the shaft to strike the animal's hind legs. Standing on the platform of the car Mr. Ward jumped as they passed the animal and throwing his arms about the horse's neck soon checked its speed, and held it until assistance arrived.

POOR ON OUTING TODAY.

Loaded to their full capacity ten trucks left headquarters of the Volunteers of America, Shipley street above Fifth, this morning, carrying a merry crowd of young people to Shellpot Park, where the day is being spent in sports of all kinds, and eating the good things so abundantly provided. Captain J. E. Rossman said this morning that the merchants and others who contributed to the refreshments were more than generous this year and there is no reason why any one should come home hungry.

SIGNALMEN PITCH HAY.

About twenty signalmen of the Maryland Division spent Saturday afternoon pitching hay and harvesting wheat on the farm of C. S. Foster, a former workmate, near Newark, lending their aid toward lowering the H. C. of L. Mr. Foster left the railroad a short time ago to return to farming.

"Y FROLICKERS" MOONLIGHT

The "Y" Frolickers, of the Y. M. H. A., will give a moonlight excursion on July 22. Music, dancing and singing will feature the evening.

G. O. P. CANDIDATE IS UNMOVED BY TOUR DEMANDS

COX GREETS ROOSEVELT, TO AIR CAMPAIGN

Democratic Party Standard Bearers Talk Notification Details Today

CUMMINGS TO JOIN PARTY LEADERS LATER

COLUMBUS, O., June 12 (United Press).—The standard bearers of the Democratic party, James M. Cox and Franklin D. Roosevelt, met at the State capitol here today for the first political conference of the campaign.

Because of the evident eagerness of Governor Cox to begin an active campaign, it is expected that preliminary plans for the Democratic battle will be completed after a series of conferences which will be held here this week. Several prominent Democrats, including Homer S. Cummings, chairman of the Democratic National Committee, will stop on their way back from San Francisco.

Governor Cox said today that he expects to discuss campaign plans only in a general way with Roosevelt, but that features of his speech accepting the nomination may be considered.

Roosevelt arrived in Columbus shortly after noon on his return from San Francisco and will leave tonight for his home in New York. The Ohio governor arrived early this morning from Dayton where he has been since his nomination and went direct to the State House. He will remain at the capital until late in the week when he will return to Dayton for the meeting with the national committee on July 20.

During his stay here Cox has stated that he expects to decide whether notification ceremonies shall be held at the capitol or at his home near Dayton. Keen rivalry exists between the two cities for the event. Cox has made his first campaign pledge, as he calls it, to a group of neighboring farmers. It is that a regular "dirt" farmer will be Secretary of Agriculture if he is elected.

In answer to attacks being made by printing war editorials from his paper, Cox said he is willing to stand on his record as a war governor of Ohio. The nominee said that he did not write the quoted editorials, but added he did not mean to shirk the responsibility of a publisher.

IMMIGRANT LISTING OPPOSED BY DU PONT

NEW YORK, July 12—Opposition to the plank for registration of immigrants annually until they are naturalized, contained in the Republican platform, was expressed by General T. Coleman duPont, president of the Inter-Racial Council.

"The whole idea of alien registration is opposed by men and women of both native and foreign birth," he said. "It is of Prussian origin and subjects law-abiding residents to a bureaucratic supervision which is anathema of liberty loving peoples.

"It usually is unnecessary and will require the organization of enormous administrative machinery and the co-operation of thousands of county officials and police agencies for results of but occasional value, and a large number of aliens are thus made to suffer irritation because of a possible small minority."

General duPont added that registration in application would bring a great rush for naturalization, which would lower the naturalization standards, and that the plan furnishes a basis of action against political refugees. Other means can be devised to keep track of the aliens, he asserted. As a war measure, General duPont said, there was some excuse for enforcing registration, but that time is past.

BOROUGH HALL FOR PENNSGROVE.

Special to The Evening Journal.

PENNSGROVE, N. J., July 12.—The new $100,000 borough hall, being built at Main and State streets, is rapidly nearing completion. The building is constructed of granite and cement blocks, with two large tablets of marble inlaid with gold letters set in the side and front. The building will be a much needed improvement.

THIEVES BALKED IN WORK.

Thieves again intruded upon Richardson Park Saturday night, when they made an unsuccessful attempt to break into the candy and ice cream store of F. Layton, duPont Road and Newport turnpike. The thieves removed some mosquito netting from a window and had pried the sash from the window before they were scared away.

EDWARD GOES IT ALONE.

Edward Wagner, 13-year-old son of Mrs. L. Wagner, 811 Washington street, left on Saturday morning for Cleveland, Ohio, where he will spend the summer with his aunt, Mrs. Grier. The boy, who is a pupil at School No. 24, made the trip alone.

TO GIVE STRAW RIDE.

The Goodfellows Club of Grace M. E. Church, will give a straw ride on Thursday evening. They will leave the church house at 7.30 o'clock.

Senator Reiterates That His Campaign For Presidency Will Be Conducted From Marion Front Porch Despite Demands for Him From All Over Country

WILL DISCUSS LIVING COSTS

MARION, O., July 12 (United Press.)—The attitude to be taken by the Republican party toward the railroad problem will be considered at a conference this afternoon between Warren G. Harding and Senator Albert B. Cummins, Iowa, chairman of the Senate interstate commerce committee and co-author of the Cummins railroad act, which will be one of the storm centers of the campaign.

Organized labor will seek to defeat candidates for Congress who supported the measure and are trying to secure a Congress which will repeal the act and pass another one providing for governmental operation and greater liberties for organized employes, Senator Harding voted for the Cummins bill in the Senate.

Besides the labor angle and the question of overhauling the nation's transportation system to meet demands which have increased faster than equipment and facilities, questions of financing improvement and developments present another campaign problem.

The transportation question is also tied up with the high cost of living issue which will be among the foremost issues during the campaign.

The Republican candidate and Senator Cummins will go over these phases of the problem, considering how they are to figure in the acceptance speech.

The question of abandoning the front-porch campaign again bobbed up over the week-end when Will H. Hays, national chairman, laid before Senator Harding requests of party leaders that the nominee get out into the country.

After the conference both Senator Harding and Harry M. Daugherty, his

(Continued on Page Two.)

COL. MILLER IN CAMPAIGN WORK

Appointed One of Chiefs of National Republican Speakers' Bureau

DENIES HE IS TO RUN FOR CONGRESS

Will H. Hays, chairman of the Republican National Committee, has announced the appointment of former Congressman Thomas W. Miller, of this city, as one of the managers of the Republican Campaign speakers' bureau. He will devote particular attention to the eastern section of the country. He will be associated with Senator Harry S. New, of Indiana, who is to be chief of the speakers' bureau, and Congressman James W. Good of Iowa, who is chairman of the House committee on appropriations.

Colonel Miller was a Wilmington visitor today. He will assume his new political duties on August 1. Meanwhile he will enjoy a vacation of a week or two.

General T. Coleman du Pont, chairman of the committee to notify Senator Harding of his nomination for President on July 22, has designated Colonel Miller, Colonel Theodore Roosevelt and Colonel William H. Hayward, of New York, a committee to look after details of the notification ceremonies.

Colonel Miller when asked today

Continued on Page Two.

EXPECT REPORT SOON ON SCHOOL SURVEY

Report on plans for a survey of the schools of Wilmington is expected this week by the sub-committee of the general committee of 30 citizens apponted by the City Board of Education, the Mayor and City Council.

The principal question is whether the survey shall be made by local or out-of-town investigators. Its findings will be used as a basis for application to the next Legislature for authority to float a bond issue, probably of $2,000,000, to rebuild the entire school plant.

FIRE SUNDAY AFTERNOON.

Fire of unknown origin yesterday afternoon, damaged the home of T. R. Thacker, 940 West Fourth street, to the amount of $25. The blaze was extinguished by the Weccacoe Fire Company in response to a still alarm.

PRESENT "TWELFTH NIGHT"

"Twelfth Night" was presented by the Players' Guild of Arden on Saturday night in the open air theatre at Arden.
