

Annexation Move Pushed at So. Amboy

SOUTH AMBOY, Jan. 22.—Realizing the dire need of immediate annexation for South Amboy Mayor Chase in a communication to the Chamber of Commerce, which body has been looked upon as being the only interested organization pushing the movement, asks that they at once take steps to introduce a measure into the legislature to bring about the long felt want of additional territory. The mayor asked that the chamber not delay the matter longer than today so as to have a bill drafted for tonight's session of the assembly.

Mr. Chase as evidence of his sincerity in the matter insinuated yesterday to a News representative that he would appoint a committee of citizens to look after the case if the Chamber of Commerce did not begin actual work on the matter.

The Chamber of Commerce of late have let the matter rest in the hands

works proposition is a failure is because there are no big users of water. Mr. Chase has pointed out on several occasions just how by annexation the water works can be made to at least pay.

you, but while we have closely watched the record fail to find in either the assembly or senate accounts that you have as yet had introduced the necessary bill. If you have not had such a measure offered to the legislature, may we urge that you not delay it longer than next Monday night's session and that you then argue it out of the committee and through to the house and senate thence the governor's approval. We presume that it would be useless to try to annex other territory than you can procure petition from the owners and tenants, but I am advised that you now have some such petitions. How absurd it appears that even our own city water works be located in an adjoining municipality.

"D. C. CHASE, Mayor."
