

THOS. E. KNIGHT WILL MAKE STATEMENT

Greensboro Man Expected to
Make Race For State Court
of Appeals

Thomas E. Knight, of Greensboro, whose name has several times been mentioned as a probable candidate for judge of the court of appeals, told The Advertiser Wednesday that he is seriously thinking of entering the race, but that frankly he had not yet made up his mind.

"I have been importuned in a most agreeable manner," said Mr. Knight, "by friends from many parts of the state to make the race. I have received number of letters from representative Democrats who say they would be glad to aid me in such an enterprise."

Mr. Knight made a similar race four years ago, being beaten by a slender majority by Judge Brown. Mr. Knight polled 43,000 votes in that race, which was his first before the state, although he had several times been a candidate before his judicial circuit for solicitor, winning each time.

Mr. Knight says that if he should conclude to enter the race he will make a statement to the Democrats through the press. "I am sorry that I cannot be more definite at this time," he said.

Judge Henry P. Merritt, appointed by Governor Kilby, will be a candidate for re-election. Emmett Thigpen, former assistant attorney-general, is a candidate for the same office.

WAS EASY TO SEE GREAT CHANGE IN THIS MOBILE LADY

Had Been Troubled With Her
Kidneys, Bladder and General
Female Weakness For Five
Years

ALL OVER NOW
The New Root and Herb Juice
Remedy, Drecto, Relieved Her
Trouble Completely

"For the past five years I have been in a very bad condition from a bladder and kidney trouble, and a general breakdown from female weakness, and only those who have suffered as I did can understand what I have endured," writes that well-known lady, Mrs. G. S. Elliott, of 5 Gilbert Street, Mobile, Ala.

"My troubles were of long standing, and I had been treated by two good doctors, and had taken many different remedies, but none ever did me much good. I often had severe attacks of vertigo, my food soured in my stomach, causing great distress and pains, and gas filled me up. I had awful backache and my limbs ached something dreadful. I was daily constipated; my nerves were on edge all the time, and my sleep was very much broken and failed to refresh me."

"I have taken bottles of Drecto and feel like a different person. My liver is active so that I have no more vertigo or dizzy spells. My bowels move regularly every day, without having to take anything for them. The pain in my back and limbs is all gone now, and I sleep like a baby. Publish my letter for it may help some one else."

Drecto is an herbal remedy which restores a lazy liver; stimulates the kidneys; regulates the bowels; induces sound sleep; quiets tired nerves and clears the poisons from the blood. It is pleasant to take and is good for young and old.

Drecto is now sold by all good druggists and is highly recommended in Montgomery by J. D. Burke's Drug Store.

What Your Kidneys
Should Do For You

The kidneys are really filters, finely organized for their work of cleansing and purifying the blood, selecting and throwing out waste products which would act as poisons if permitted to remain in the system.

When your kidneys are out of order, the impurities are not removed and remain to poison the system, causing backache, swollen or stiff joints, rheumatic pains, puffiness under the eyes, floating specks, biliousness, weakness and pale, waxy, dry skin.

WAS MISERABLE AND ALL TIRED OUT
"I suffered with kidney trouble and have taken many kinds of medicine without getting relief. I used to have severe pains across my back and felt miserable and all tired out, but after taking Foley Kidney Pills I am well. In fact I have not been bothered with kidney trouble since taking the pills."—Mrs. C. J. Ellis, 505 9th Ave., Sioux Falls, S. D.

Millions Need Pepto-Mangan

In Many Homes Better Health Is
Simply a Matter of Better
Blood

Pepto-Mangan Improves Blood

Composed of Approved Blood-
Making Elements—Put Up in
Liquid and Tablet Form

Are you tired and weak and "blue"? Do you say to yourself, "What's the use of living? What do I get out of life, dragging through this drab existence in this unhappy way?"

You don't feel well and you don't know why you have so little energy to do anything, and you get all tired out before it is done. There are millions in busy America that have just such feelings now and then, and they are to be pitied. But there is help. Unless some serious malady is at the bottom of their trouble, a few weeks of Pepto-Mangan will work a wonderful change. Pepto-Mangan puts new vigor into the blood, and the blood is the life fluid. With plenty of rich, red blood coursing through one's body one is pretty likely to feel good and vigorous and be strong and look hearty.

Go to your druggist and ask for "Gude's Pepto-Mangan." Be sure to say "Gude's." If "Gude's" is not on the package it is not Pepto-Mangan. It is put up in both liquid and tablet form. Tell the druggist which you prefer. There is no difference in medicinal value.—Advertisement.

DALLAS COUNTY HAS
EXCELLENT MEETING

Y & V Talks
On the Mechanical Transmission of Power
No. 6---Shaftings, Pulleys, Bearings, Couplings, Etc.

Our previous talks have referred to the actual transmission of power, by belt, chain or rope.
No less important are the pulleys, bearings, couplings, gears, etc. The shafting and pulleys must be of the correct size and the other equipment of proper design and quality for the purpose required to secure satisfactory delivery of power. It is generally known that

THE DODGE LINE
represents the very latest and best practice in transmission machinery equipment.
As representatives in this section of the DODGE SALES AND ENGINEERING COMPANY, we are prepared to supply this equipment to any extent needed. We carry a full line, including larger sizes of bearings, couplings, collars, etc., than any other supply house in the south.
Y & V Service, through our engineering department, is at the call of power users. We will lay out the drive, select the sizes of shafting and pulleys and advise as to all details of the installation. Let us help you to get your power DELIVERY RIGHT.
