

SEVENTEENTH YEAR

BEATRICE NEBRASKA MONDAY EVENING OCTOBER 29 1900

NUMBER 250

BOXERS REPORTED ACTIVE

Harrowing Stories of Suffering of Missionaries—Insist on Death Penalty—Add More Names to List.

Two Drowned in Lake Washington—Explosion in a Church—Children Drowned—Lightning at a Dance.

Stranger Murdered at St. Joseph—Unknown Persons Wreck a Saloon—Plans for President Kruger.

London, Oct. 29.—The Chinese intelligentsia in a state of quietude. Advice from Pao Ting Fu give harrowing stories of the suffering of the missionaries at the hands of the Boxers, and it is reported that ten missionaries are at Cheng Teng Fu. The Times correspondent at Pao Ting Fu says: "The Boxers declare the provincial treasurer has ordered them to kill all foreigners. He allowed 14 to be massacred."

Insist on Death Penalty.
Paris, Oct. 29.—A dispatch to the Havas agency from Peking, dated Oct. 27, says the ministers had a second meeting today to examine M. Delcasse's proposal and they unanimously recognized the necessity for demanding the death of all instigators of the rebellion. There is reason to believe, says the dispatch, if the ministers insist, and no satisfaction is obtained, no reply will be made to the last note of China and Li.

Add Two More Names to the List.
London, Oct. 29.—Dr. Morrison, writing to the Times from Peking, under date of Oct. 28, says: "The foreign ministers in conference today decided to add the names of Prince Yi and Ying Nien to those of the seven officials whose execution France has demanded. It is said the commander of the allied troops at Pao Ting Fu has arrested the provincial treasurer, who was chiefly responsible for the ill treatment of the rescued missionaries."

France and Russia Ready to Agree.
Vienna, Oct. 29.—The semi-official Politische Correspondenz asserts that France and Russia, after discussion, have decided to accept the Anglo-German agreement.

FOUND DEAD IN A DITCH.
Rejected Suitor Arrested for the Brutal Murder of a Chicago Florist.

Chicago, Oct. 29.—With a bullet in his brain, his throat cut from ear to ear, his face hacked almost beyond recognition and one eye gouged out, Anton Lizi, a Bohemian florist, brother to the burgomaster of Prague, Bohemia, was found dead yesterday in a ditch near Forty-third street and the north branch of the Chicago river. Twelve hours later Joseph Dolinski, a Polish florist, was arrested for the crime. When arraigned Dolinski's clothes were covered with blood. Mary Lizi, widow of the murdered man, is also detained by the police. Lizi had been married but a few weeks. Dolinski had formerly been a suitor for her hand.

Lightning at a Dance.
Guthrie, O. T., Oct. 29.—While a dance was in progress in Dover, the hall was struck by lightning and five people were seriously injured. The bolt entered at a window and fully a dozen people were hurled violently to the floor. One young man named Harris was badly burned. He died. A traveling man who was present and who had heard much of wild Oklahoma said there was a flash and report like the discharge of a double-barreled shotgun, and five men and several women dropped. He and a good many others thought at first that some one had fired a gun through the window. Guns were drawn and lights put out. The mistake was soon discovered, but the dance was over for the night.

Two Drowned in Lake Washington.
Seattle, Wash., Oct. 29.—Torrey Carr, a son of B. O. Carr, and Clark C. Carr, son of General Clark E. Carr of Galesburg, Ill., were drowned in Lake Washington yesterday while duck hunting from a canoe. The bodies have not been recovered. The young men left this city early in the morning and at about 7 o'clock were heard shouting for help by other hunters. A few hours later the fog lifted and their canoe was found floating bottom upward. Two steamers chartered by friends searched all day for their bodies.

Ethnologist's Expedition.
Phoenix, A. T., Oct. 29.—Professor W. J. McGee of the ethnological division of the Smithsonian institution has started from Phoenix at the head of an expedition bound for the land of the Gila Indians, in Sonora, near the mouth of the Colorado river. With him go Delancey Gill, an artist of the Smithsonian staff, and a couple of frontiersmen. They are escorted by Senor Emilio Mata, a special treasury agent of the Mexican government. The party takes provisions for a two months' trip.

Arbuckle's Partial Victory.
Toledo, Oct. 29.—Judge Pugsley rendered the long-anticipated decision in the case of the Arbuckle company vs. the Woolson Spice company. He held that the Arbuckle company is entitled to have stock registered and certificates issued, and to have the same rights as other stockholders in inspecting the books of the Woolson Spice company to ascertain its business condition.

Death of Max Muller.
London, Oct. 29.—The Rt. Hon. Friedrich Max Muller, corpus professor of comparative philology at Oxford university, is dead.

DESPERADOES BREAK JAIL.
Linn County Sheriff Overpowered by Six Prisoners Who Escape.

Cedar Rapids, Ia., Oct. 29.—Six men confined in the county jail at Marion knocked Sheriff Evans down as he entered the door last night and made their escape, being at large yet.

Two were held on a charge of robbery, but four of them were desperadoes and had been engaged the past summer in holding up men stealing rides in box cars. Scores of men returning from the harvest fields with pockets lined with money have been robbed of their earnings during the last summer. On several occasions where resistance was offered the hold-up men have not hesitated to shoot. The men were arrested here for a minor offense, but Northwestern detectives had already positively identified them with one box car holdup and were collecting other evidence against them.

LED BY A DESERTER.
Insurgents Under General Fagin Attack a Launch, but Are Driven Off by American Troops.

Manila, Oct. 29.—While scouting near Loc, a detachment of the Twentieth and Twenty-eighth regiments, under Captain Belgier, were attacked by 400 insurgents armed with rifles, under the command of a white man, whose nationality is not known to the Americans. The insurgents for the most part were intrenched. After an heroic fight Captain Belgier drove off the enemy, killing more than 75. The fight lasted over two hours. Captain Belgier and three privates were slightly wounded and two of the Americans were killed.

A civilian launch, towing a barge loaded with merchandise near Arayat, was attacked by a force of 150 insurgents under David Fagin, a deserter from the Twenty-fourth Infantry. The American troops, on hearing the firing, turned out in force before the boat could be looted and captured. Fagin, who holds the rank of general among the insurgents, has sworn special enmity toward his former companions. Of the 20 men he captured a month ago, seven have returned, one was killed in a fight, his body being horribly mutilated. Fagin sends messages to his former comrades threatening them with violence if they become his prisoners. It was Fagin's men who captured Lieutenant Frederick W. Alstetter, who is still a prisoner.

General Hall's expedition, with a force of nearly 800 men, made a trip through the mountains to Bingangan, province of Infanta, in pursuit of the insurgent general, Calles, although it discovered no trace of the enemy, encountered great hardships on the march. Twenty Chinese porters died and 40 men were sent into the hospital. Reports from General Young's district show a daily increase of insurgents there, owing to the fact that recruits are going thither from the towns.

While a detail of the Thirty-third volunteer infantry was returning from Bangued on rafts it was fired upon by insurgents. Sergeant Berdett being killed and two privates wounded.

Plans for President Kruger.
Brussels, Oct. 29.—The Transvaal agency announces that Mr. Kruger will arrive at Marseilles on the Dutch cruiser Gelderland, Nov. 11 or Nov. 12. He will have apartments at the Grand Hotel de Noailles, where he will receive several French, Dutch and Belgian delegates. Mr. Kruger will proceed to the Hague without stopping at Paris, and after expressing his thanks to Queen Wilhelmina for Dutch hospitality on board the Gelderland, he will appeal to the powers to intervene in the South African war, on the grounds of article 3.

When in need of job work of any description remember that The Express is better prepared than ever before to execute work with neatness and dispatch.

INNOCENT MAN SUFFERED.

Iowan Confesses Guilt of Crime for Which Another Was Punished.

Waterloo, Ia., Oct. 29.—Postmaster Munger has received a written confession signed "C. F. Rollins," acknowledging guilt of a crime of arson committed near Marshalltown three years ago, for which J. B. Faust of that place was sentenced to three years' imprisonment. On the night of Sept. 4, 1897, two large barns on a farm that Faust had purchased a short time previously were destroyed by fire. Faust had had the barns and contents heavily insured just after purchasing them, and in his trial it was asserted that the motive of the crime was to obtain the insurance money.

The story told in the Rollins confession is that the man was hired by an attorney for a railroad to burn the barns and that he received \$850 for the job. He says his conscience has been hurting him ever since the crime, and he has been unable to sleep. He declares he makes the confession to set an innocent man right before the world. A telegram from Marshalltown says Rollins lived there at the time the barns were burned and that his confession agrees with the facts in the case.

THREE HOLDING OUT.

Lehigh and Wilkesbarre Company Will Comply With Terms of Settlement by Nov. 1.

Hazleton, Pa., Oct. 29.—The Lehigh and Wilkesbarre Coal company, operating the Audenried, Honey Brook and Green Mountain collieries in this district, has not yet complied with the demands of the anthracite miners. It is said that the company will grant the concessions by Nov. 1, when work will be resumed. There will be no resumption of work at the Millville colliery, which is operated by the A. S. Van Winkle estate. Owing to an agreement with the Pennsylvania Railroad company, the officials say they cannot afford to grant an increase of 10 per cent, and if the men return to work they will have to be contented with the old rate of wages. The Van Winkle company has granted the increase at its other collieries at Colerain and Beaver Meadow. It is said that Calvin Pardee, owner of the Lattimer mines, will not take back those men who struck before the mines were closed down by 800 marchers some weeks ago.

The firemen and brakemen on the Schuylkill railroad have submitted a number of demands to the railroad officials.

MEET MINERS' DEMANDS.

Big Coal Companies in the Wyoming Valley Sign the Scale.

Wilkesbarre, Pa., Oct. 29.—All the coal companies in the Wyoming valley, with a few exceptions, have now posted notices granting their employees the 10 per cent increase asked for by the Scranton convention. The exceptions are a few individual operators, who do not employ many hands. But it is said that when the men employed at these collieries report for work today they will be told they will receive the same wages paid by the other companies. The Kingston Coal company had notices posted today granting the increase. This company employs 2,500 men and was the last of the individual concerns in the valley to grant the increase. The officials of the Susquehanna company had a conference with their employees and agreed to pay them the advance. President Mitchell and the members of the mining board visited Pittston yesterday. They were received enthusiastically. Addresses were made by President Mitchell, Fred Diller and others. President Mitchell told the men to all go to work today. He also congratulated them on their good behavior during the strike.

Four Children Drowned.

Port Clinton, O., Oct. 29.—A quadruple drowning occurred on Sandusky bay, eight miles east of here, Sunday. The drowned are: Douglas, George, Alfred and Henry Stark, children of William Stark. Mr. Stark and the children went for a boat ride in the afternoon. On returning to shore the boat became fouled in a fish net and the oarsmen could not either force the boat ahead or go back. The children became frightened, and leaning over the side of the small craft, it capsized.

First Shipment of Bluestem Wheat.
Lewistown, Pa., Oct. 29.—Twenty-five thousand bushels of bluestem wheat was sold here yesterday for Chicago delivery. The first shipment was made over the Northern Pacific yesterday. The local quotation of bluestem is 43 cents, and the freight rate to Chicago is 36 cents per bushel. The seller does not give the price received, but it is said to be 2 or 3 cents better than the market price. This shipment is the first made from the extreme northwest to Chicago this season.

Normal School Explosion.
Marion, Ind., Oct. 29.—A natural gas explosion in the boiler room of the Marion Normal school wrecked the heating appliances and shook the building so badly that it almost caused a panic among the 800 students. Wm. Wittig of Crawfordsville, Ia., was painfully burned about the hands and face.

Dowieites Forcibly Deported.
Mansfield, O., Oct. 29.—Deacon Kessler and Elder B. M. Bouck, Dowieites, were forcibly deported from the city. Bouck had been here several weeks and held services. He objected to being put on the train and had to be dragged out of the station and put aboard.

Stranger Murdered at St. Joseph.
St. Joseph, Mo., Oct. 29.—An unknown man was shot and instantly killed yesterday at Fourth and Charles streets, and the murderer, escaped. The victim was a stranger in the city, was fairly well dressed, about 30 years of age and light complexioned. It is possible that robbery was the motive.

SHARP BRUSH WITH BOERS

British Badly Cut Up In Several Minor Engagements.

LOSE TWO MAXIM GUNS.

Engagement With Dewet More Serious Than First Reported—Burghers Have Fifteen Thousand Men In the Field. Death Sentence for Three Boers.

London, Oct. 29.—According to a dispatch from Cape Town to the Daily Mail a force of Boers attacked and surrounded a patrol of Cape police, with a convoy, near Hoopstad, Orange River Colony, last Wednesday, and a sharp fight ensued.

"The police," says the correspondent, "were compelled to abandon two Maxims. Ultimately reinforced by the yeomanry, they succeeded in getting away with the convoy, but lost seven killed, 11 wounded and 15 captured. The colonials were outnumbered ten to one and the engagement lasted for two hours."

"The Boers have 15,000 men in the field, nearly half of whom are in Orange River Colony. These are divided into commandos of some 300 each, but are capable of combination for large operations."

London, Oct. 29.—A dispatch received at the war office from Lord Roberts referring to the fighting of General Barton's column with General Dewet's forces, Oct. 25, says:

"The British losses were heavier than at first reported. An additional officer and 12 men were killed and three officers and 25 men were wounded. The Boers left 24 dead and 19 wounded on the field and 26 Boers were made prisoners. Three Boers who held up their hands in token of surrender and then fired on the British were court-martialed, convicted and sentenced to death. I have confirmed the sentence."

The dispatch also refers to minor affairs in which the troops of General Kitchener and General Methuen were engaged and a serious incident between Springfontein and Philippolis, Orange River Colony, where 50 cavalry men were ambushed and captured by the Boers, only seven of the party escaping.

Another dispatch from Lord Roberts says: "Barton attacked the ubiquitous Dewet near Frederikstad. The Boers were scattered in all directions."

TO RE-ENFORCE TORRES.

Mexican Troops at Naco Ordered to the Front.

Hermosillo, Mex., Oct. 29.—The force of government troops stationed at Naco, state of Sonora, have been ordered to proceed immediately to Torn and join the army of General Torres, which is waging the campaign against the Yaqui Indians. The military authorities are aroused over the increased boldness of the Indians, who are constantly increasing the extent of the hostile region. Scores of prosperous farms in the valley of the Yaqui river have been devastated by the hands of the government troops.

Foetus Found in Rice's Remains.
New York, Oct. 29.—Arsenic, in appreciable quantities, has been found in the stomach of the late Millionaire William M. Rice, for whose death Lawyer Albert T. Patrick and Valet Jones, confidential servant of the millionaire, are now held in custody. When the finding of Professor Witthaus, who conducted the examination by direction of the coroner, was returned, the result was communicated in a note to Patrick and Jones in their cells at the Tombs. Lawyer Patrick sent back word that he did not believe the statement and referred the note to his attorney.

Boschier Murder Case.
New York, Oct. 29.—It is said in Paterson, N. J., that the present grand jury will take up the inquiry into the death of Jennie Boschier, for whose death McAllister and his companions are held. It is given out that the investigation will be pushed vigorously. Dr. Townsend, who refused to appear on the witness stand yesterday, will appear at the inquest next Tuesday night. His reason for not answering the subpoena was an order from the authorities not to testify regarding the visit of the prisoners to him on the night of the murder.

Rich Woman Killed by Car.
Yankton, S. D., Oct. 29.—The wife of Iver Bagstad, the richest man and leading citizen of Gayville, while temporarily deranged through illness, escaped from home last night, and was found by searching parties in the morning along the railroad track, where three heavy freight trains had passed over her. Pieces of her body were scattered over 100 yards of track.

Unknown Persons Wreck a Saloon.
Fort Wayne, Ind., Oct. 29.—Unknown persons dynamited the saloon of Comedery Hickman at Mayville, a few miles east of here. The building was completely demolished and its contents destroyed. The people of Mayville had objected to the establishment of the saloon, there previously being none in the village.

Stranger Murdered at St. Joseph.
St. Joseph, Mo., Oct. 29.—An unknown man was shot and instantly killed yesterday at Fourth and Charles streets, and the murderer, escaped. The victim was a stranger in the city, was fairly well dressed, about 30 years of age and light complexioned. It is possible that robbery was the motive.

PLOT TO KILL LOUBET.

Disclosed by Documents on Man Arrested on Charge of Burglary.

Lyons, Oct. 29.—The Nouveliste de Lyons says a plot to assassinate President Loubet has been discovered.

It appears that a working electrician named Couturier burglariously entered the electric company's premises at Nimes, stealing 2,500 francs. He was tracked to Orange, near Lyons, where he was arrested. Documents found on his person revealed, the paper says, an anarchist conspiracy to assassinate President Loubet on his coming visit to Lyons to unveil a monument erected to the memory of President Carnot. Couturier is said to have committed the burglary in order to obtain funds to carry out his project. He has, it is added, confessed to the police, who are now tracking his accomplices and watching anarchists in order to prevent any attempt to carry out the scheme.

MOB MAY LYNCH HUNT.

Enraged Citizens of Rulo, Neb., Threaten to Hang the Murderer of Town Marshal Wake.

Wymore, Neb., Oct. 29.—City Marshal Wake was shot and killed at Rulo Saturday night, his assassin being William Hunt a tough character of that town. Hunt had been drinking and was arrested for disturbing the peace. He was being marched along in front of the marshal and suddenly turned and fired two shots at the officer, one entering Wake's mouth and the other his breast, killing him instantly. There was no one near and Hunt, thinking no one had seen him arrested, threw away his weapon and sneaked away, only to return a few minutes later and inquire of the crowd what the trouble was. It was learned that he had fired the shots and he was at once placed under arrest. A mob was quickly formed and only for cool heads and lack of a leader Hunt would have been lynched. He was taken to Falls City and placed in jail.

Hunt when arrested admitted having killed Wake. Feeling is running high at Rulo, where Wake was very popular, and it is feared that an attempt will be made to take the murderer from the Falls City jail.

FOG CAUSES COLLISION.

Number of People Injured in Near-End Wreck Near Gothenburg.

Gothenburg, Neb., Oct. 29.—A rear-end wreck occurred on the main line of the Union Pacific two miles west of this city Saturday, in which engine No. 676, a caboose and five freight cars were a total wreck.

The wreck was due to a dense fog, the first freight train breaking, and before the brakeman could get back far enough to flag the freight following it was upon them.

Willis Roeloff, front brakeman, had the bottom of his heel badly cut and heel bone splintered. Lyon Weaver, a traveling brakeman, had his back bone fractured in two places and right leg broken. H. H. West, a cattleman from Big Springs, who was asleep in the caboose when the engine struck it, had three ribs broken, head badly cut and several burns.

Fatal Accident at Lincoln.

Lincoln, Oct. 29.—Zellin D. Zedicker of Franklin, Neb., a student in the Lincoln high school, died yesterday afternoon from loss of blood resulting from an accidental gunshot wound. He had been hunting on Salt creek bottom with a son of E. D. Harris and when he returned to the young man's home at noon both removed several shells from their guns. A younger son of Mr. Harris, supposing both guns unloaded, picked up one of them and, pointing it at Zedicker, pulled the trigger. One shell had been overlooked in the magazine of the gun and it exploded unexpectedly, sending several buckshot into the young man's leg below the hip joint and badly tearing the flesh and bones. He died ten minutes after receiving the wound.

Explosion in a Church.

Chicago, Oct. 29.—An explosion of acetylene gas that was to be used for a stereopticon entertainment wrecked the interior of the First Presbyterian church in Austin last night and the operator, George W. Leitch, recently returned from missionary work in India and Ceylon, lost his right hand and sustained a number of other injuries.

Player Breaks His Collar Bone.

Rock Island, Oct. 29.—The Genesee high school football team defeated the Rock Island high school eleven by a score of 17 to 5. The visitors were giants beside the locals, several of whom were injured, Orville Hampton having his collar bone broken.

TELEGRAPHIC BRIEFS.

The steamship Nacoochee, from New York, arrived at Savannah Sunday with one passenger missing, a young woman, registered as "Miss Martin."

G. P. Smith, formerly chief engineer of the St. Joseph and Grand Island railway, has been appointed assistant to the chief engineer of the Lake Shore.

Postoffice clerks of Chicago Sunday entered the ranks of the trade unionists. All the 1,400 clerks have affiliated themselves with the American Federation of Labor.

Rev. Henry Russell-Pritchard, the oldest Christian minister in the United States, died suddenly at Chesterfield, Ind., Sunday. He was born near Georgetown, Ky., in January, 1819.

F. H. McGugin, general superintendent of the Grand Trunk, will be promoted to the general management of that system in succession of Charles H. Hayes, resigned, to accepted the presidency of the Southern Pacific.

RIVALS HORRORS OF INDIA

Great Suffering in Plague-Stricken District of Alaska.

MISERY OF NATIVES AWFUL

Details Brought Down From the North Indicate Frightful Conditions Are Existing—Story of Rev. John B. Rene in Charge of Catholic Missions in Alaska.

Tacoma, Oct. 29.—A special from Dawson says: Recitals of the suffering of the plague stricken natives of the Siberian and Alaskan coasts and the lower Yukon, by travelers who reached Dawson two weeks ago, picture these mortals living in awful misery that may be compared with that of the disease and famine stricken people of India. Graphic pictures of the sufferings of a small part of those stricken on the lower Yukon, which will serve as a sample of the awful misery, is given by Rev. John B. Rene, in charge of the Catholic churches of Alaska, who has arrived at Dawson en route from the mouth of the Yukon to his headquarters in Juneau. He says:

"The condition of the natives is so miserable one might say death would be a relief to them. On entering the tent one sees a man, his wife and three or four children, and a number of infants, lying on a thin mat on the damp ground, all prostrated and afflicted by the plague. All are coughing up blood and bile and vomiting. Matter runs from the eruptions on eyes and nose, ulcerous sores on the flesh, and to aggravate their misery, all the sufferers are wet day and night. Sixty died at Holy Cross mission alone. The government furnished some assistance to the suffering natives, but it was inadequate, and now, with the approach of winter, the Indians find themselves without their customary rations of food from fishing and the chase, and the closing chapter in the tragedy is the coming of the keen winter."

The lower Yukon has lost many natives at various places, but on the Bering sea coast they went by entire villages on the Alaskan coast, and on the Siberian side, Dr. Sheldon Jackson reports that half of the population succumbed.

BIBLICAL STATUTES CITED.

Kansas Lawyer Invokes the Mosaic Law in Support of His Decision.

Fort Scott, Kan., Oct. 29.—Judge W. P. Dillard cited Deuteronomy xvii, 8-13, to Judge Simons in the district court here, to show that it was a fundamental principle of the Mosaic law, which he argued is the basis of all law, that a court should have power to arbitrarily enforce its orders. This citation was made in an attempt to convince the court that the new Kansas law giving persons arrested for contempt the right to a trial by jury was unconstitutional. There is no precedent on the question in Kansas, and the Mosaic law was the most direct reference to it that could be found, except in decisions in three other states.

B. F. McCarger, a blacksmith, was arrested for contempt by working at his trade in violation of an injunction, and demanded a jury. To convict a man of contempt for working to support his family was regarded as an impossibility before a Kansas jury. The court sustained the law and refused to issue a special venire for an immediate trial by a jury, though he knew McCarger would continue to violate his order.

Severe Storm at Winona.
Winona, Minn., Oct. 29.—This city and vicinity was visited yesterday by the worst storm in many years at this season of the year. Lightning did considerable damage in the city, and the railroads suffered considerable loss on account of washouts and high water. The Chicago and Northwestern had 1,000 feet of track washed out near Rockland, Wis., and 1,000 feet near West Salem, Wis. The Chicago, Milwaukee and St. Paul road had two washouts. All passenger trains on the river division of the Milwaukee are abandoned.

New Position for Cleveland.

Norfolk, Va., Oct. 29.—The trustees of Washington and Lee university have decided to offer former President Grover Cleveland the presidency of the institution, which was made vacant by the death of William L. Wilson. This report comes from Winchester, near which place the university is located, and is considered reliable. Since the death of Mr. Wilson it is known the trustees have been considering the names of several prominent men, among them Mr. Cleveland.

Yukon Navigation Closed.

Seattle, Oct. 29.—The steamer Dolphin arrived from Skagway with 130 passengers and \$200,000 in gold from the Klondike. The Klondikers came up the river on the Zealandia, leaving Dawson Oct. 14. The river was then full of floating ice for 100 miles and the weather was bitterly cold. Two small steamers left two days later and are now wind-bound on Lake Labarge. River navigation is over for the season.

Reporter Occupies Pulpit.

Milwaukee, Oct. 29.—George F. Grassie, a reporter on one of the Milwaukee daily newspapers, occupied the pulpit of Plymouth Congregational church, in which he discussed "The Ethical Side of the Newspaper Business, or the Philosophy of the Press." Mr. Grassie's sermon was in reply to one delivered by the pastor of the church, Rev. Judson Tittsworth.
