WORRYING THE TRUSTS.

The trust magnates don't like the new department of commerce; neither do they like the character of the gentlemen who will be in charge of it, for it is well known that Cortelyou and Garfield cannot be cajoled or bullied from the path of duty; and they don't like the powers and privileges which are possessed by the new department.

In fact the magnates are worried and have their representatives in Washington making eager inquiries as to the probable program of the department; and they have their lawyers studying the act establishing it, with a view to finding loopholes, in case of trouble.

The trusts are practically at the mercy of the department of commerce, which can command a confession of the sacred secrets thereof, examine the books of the corporations, and place the plutocrats themselves on the rack, if such a course is desired; and so it is not strange that the plutocrats are perspiring freely, and wondering when something will drop.

The agitation of the magnates shows how much they dread publicity, so it is evident that President Roosevelt hit the nail on the head when he recommended publicity as the best weapon to curb the trusts. The signs indicate that there may be some very interesting developments when the new department gets fairly to work.

PEOPLE who have been abusing and ridiculing J. Pierpont Morgan for buying up most of the art treasures of Europe should take in their signs. It seems that when Mr. Morgan gets all his treasures together he intends to build a roof over them, and present the entire shooting gallery to the United States. Let us be duly grateful, although it must be admitted that there are many people who would rather have a few bushels of coal on a winter day, than a complimentary ticket to an art gallery.

A PATHETIC tale is told of Mr. Bryan. A few days ago he traded a Poland China hog for one of the Berkshire breed, the other party to the transaction being a republican farmer near Lincoln. After the trade was made, Mr. Bryan said, with his enchanting smile: "I hope it won't make you sick of your bargain, but the name of that hog is Sixteen to One." "It's name doesn't worry me," said the Honest Old Farmer, "the one you got of me is called Mark Hanna."

ANDREW CARNEGIE doesn't desire to have the libraries donated by him to various towns known as Carnegie Libraries. In Beatrice people have fallen into the habit of calling the new establishment "the Carnegie Library." Better give it the name of the town.

SIR HECTOR MCDONALD committed suicide immediately after seeing a newspaper picture of himself. It is true that the work of newspaper artists is sometimes atrocious, but a man should not take it to heart like that.

ANOTHER joint smasqing episode occurred at Topeka a couple of days ago; also one at Wichita. It will be remembered that the sale of liquor down in that country is prohibited.

THE republican candidates for the school board are representative business men, who have been in Beatrice many years. Vote for them, and you will never regret it.

YOU surely know by this time whether you favor high license or the other thing.

VOTE for the republican candidates for councilmen, and thus stand up for the town and good government.

THE fact that the farmers are plowing and sowing oats is the kind of a harbinger of spring that really does some harbing.

THERE is no better investment than Gage county land. Farms never go to Canada or Mexico, and you always know where to find them.

IT is a question whether Mr. Bryan loves Mr. Cleveland as well as he loves Mark Hanna. Some questions will probably never be answered properly.

TOO LATE TO CLASSIFY

Maud Muller, on a nice spring day,
Sowed turnip seed and prairie hay,
Tobacco tags and orange seeds,
And all the different kinds of weeds,
And said: "Methinks 'twill come to pass,
That I'll have lots of garden sass."

‡

It seems strange that no automobile is owned in Beatrice, where the people have plenty of money, and folks are fond of riding. A committee should wait upon some of the plutocrats and induce them to purchase autos, if only for the reputation of the town.

‡

People are beginning to wonder why John Terhune is always sailing around town in a covered buggy, with his fried shirt and purple raiment on, when he ought to be painting fences and papering barns. It is to be hoped that Mr. Terhune will publish a card in THE EXPRESS explaining his position.

‡

The new library building is beginning to look like something, and people often pause in their mad rush down Fifth street to congratulate Uncle Jake Rutherford, and wish him many happy returns of the day.

‡

Judge Hardy is naturally indignant because a third candidate for police judge has pushed himself into the race. "Two are company," says the Judge, quoting from the compiled statutes of Nebraska, "three are none." The judge and Uncle Jake had arranged to have a nice quiet neighborly campaign, but their plans have been upset by the appearance of another candidate.

Have you noticed how the grass is growing since the weather warmed up? It will soon be time to get out that trusty old lawn mower and file an edge on it.

‡

The Globe Oil Company has its machinery about ready for shipment, and work will be under way in the course of a couple of weeks. The officers and stockholders are enthusiastic over the prospects. They can scarcely fail to get oil, and when once a paying well has been established, the people who got in on the ground floor will feel very comfortable This is a Beatrice enterprise, with Beatrice money back of it, and we hope to see it a four time winner.

OPERATOR MAKES A MISTAKE.

Displays the Wrong Signal and a Bad Wreck Follows.

Akron, O., March 31.—A double-headed freight crashed into the caboose of another freight on the Erie in a cut near Ashland, derailing fifteen cars and killing F. L. Seif and W. H. Winie of Galion, while Nilfer Evans and Albert Wells, engineers of the rear train, were hurt, but not seriously.

The men killed were firemen on the rear train. They, with the engineers, jumped, but both of the firemen fell under the train and were run over.

The wreck was caused by an operator displaying a wrong signal.

Glass Workers on Strike.

Dubois, Pa., March 31.—All of the employes of the Mayler Glass factory at this place and the Fitzpatrick plant at Falls Creek are on strike. The men refused to accept a cut of 12½ per cent in wages. It is probable that the factories at Reynoldsville, Brookville and New Bethlehem and perhaps others among the independent concerns in this field will be compelled to close for the same reason as the ones here and at Falls Creek.

Beautiful Thoughts

The sweet, pure breath of the babe is suggestive of innocence and health.

A mother's yearning for children is inseparable from a love of the beautiful, and it behooves every woman to bring the sweetest and best influence to bear on the subject of her maternity.

To relieve pain and make easy that period when life is born again,

Mother's Friend

is popularly used. It is a liniment easily administered and for external use only.

Pregnant women should try this remedy, it being undeniably a friend to her during nature's term of suspense and anticipation.

Mother's Friend, if used throughout gestation, will soften the breasts, thereby preventing cracked and sore nipples. All muscles straining with the burden will relax, become supple and elastic from its continued application.

All fibres in the abdominal region will respond readily to the expanding cover containing the embryo if Mother's Friend is applied externally during pregnancy. Of all reliable druggists $1.00 per bottle. Write for free book on "Motherhood."

LOSING GROUND

Dominion Revolt Has Been Nearly Crushed — Seize Ship And Several Chiefs.

New York, March 31.—The following dispatch was received by the consul of San Domingo at this port from Governor Caseres, at Santiago, in that republic: "General Vasquez captured the cruiser Independencia in Marcorias. All the chiefs of revolution on board captured and are imprisoned. Revolution is confined to San Domingo city, where they are besieged by government troops. Rest of country is with government."

Cape Haytien, Hayti, March 31.—A serious engagement took piace between the Dominican government troops and the revolutionary forces at Juan Calvo. The losses on the government side were twenty-seven killed and forty-three wounded, while the revolutionaries lost five killed and eleven wounded. The telegraph line is interrupted beyond Cotui. It is rumored here that the government troops have surrounded the capital, Santo Domingo, and that a battle is imminent.

GALE DRIVES SHIPS ASHORE.

Storm Works Havoc Ashore and Afloat at Newport News.

Newport News, Va., March 31.—Heavy damage ashore and afloat was wrought by wind and water during the storm which has raged in the past twenty-four hours. The storm culminated in a violent gale. The tide reached a danger point within two feet of the level of the floors of the piers. Many seafaring men stayed on shore rather than risk their lives on the waves. The schooner William B. Hall, bound up the James river to Norfolk, with 35,000 brick, sank at her anchorage. The captain and crew of two men were exposed to the storm in a small open boat for hours and were rescued by the tug Alice, almost frozen. Two other deaths have been reported. The coal schooner Charles L. Davenport went ashore headon at Old Point Comfort. She will be a total loss.

Pennell Inquest Postponed.

Buffalo, N. Y., March 31.—Justice Murphy is to announce his findings in the Burdick inquest in police court today. No arrests will be made, no warrants will be issued. The court's findings will be interesting as a closing commentary on the famous case. The inquest was closed formally by Judge Murphy after hearing the testimony of Quinn and King, the former bartender and cashier of the Hotel Roland in New York, about Pennell's alleged statement to them of his willingness to kill one man, even if he went to the gallows for it. No other witnesses were called. The Pennell inquest was postponed indefinitely. The reason announced was the absence of witnesses from the city.

Mrs. Roosevelt Stormbound.

Washington, March 31.—Mrs. Roosevelt and her children, who are aboard the president's yacht Mayflower, en route to the Atlantic ocean, are stormbound at Riverside, about fifty miles down the Potomac river, where the vessel will remain until the weather clears. News to this effect was brought to Washington by steamer. The weather is quite heavy and considerable rain is falling, so the captain of the Mayflower decided that it would be more comfortable for those aboard to remain at Riverside than to venture at present into the wider waters of the river and bay.

Indiana Syndicate to Build Canal.

Indianapolis, March 31.—It is announced that a contract has been signed between the Indiana syndicate and the trunk lines running through Hammond, Ind., for Chicago, by which a canal will be built at once from Indianapolis three and one-half miles south to the Calumet river, the canal to be twenty-one feet deep, 300 feet wide at the mouth and 250 feet wide elsewhere. It will cost $700,000. The railroads will construct swing bridges.

Negro Firebug Lynched.

Lewisville, Ark., March 31.—Meager news has reached here of a lynching at Bradly, near the Louisiana line. Frank Robertson, the negro lynched, was in jail charged with arson. He had confessed to firing a store. A party of twenty-five men, supposed to be from across the Louisiana line, rode into Bradly, overpowered the jailer, took possession of the negro and rode away with him. The body has not been found.

Kills Daughter and Self.

Durango, Colo., March 31.—At Bayfield, Colo., P. Patterson, a ranchman, visited his divorced wife to see his six-year-old daughter, and while the child was sitting in his lap, drew a revolver and shot her through the heart and then killed himself. Patterson and his wife were both members of prominent families.

"FORCE"
MAKES GOOD LIVING EASY

Miss Alice Bailey, of Atlanta, Ga., tells how she was permanently cured of inflammation of the ovaries, and escaped the surgeon's knife, by the use of **Lydia E. Pinkham's Vegetable Compound.**

The universal indications of the approach of woman's great enemy, inflammation and disease of the ovaries, are a dull throbbing pain, accompanied by a sense of tenderness and heat low down in the side, with occasional shooting pains. On examination it may be found that the region of pain will show some swelling. This is the first stage of inflammation of the ovaries.

"DEAR MRS. PINKHAM:—I wish to express my gratitude for the restored health and happiness **Lydia E. Pinkham's Vegetable Compound** has brought into my life.

"I had suffered for three years with terrible pains at the time of menstruation, and did not know what the trouble was until the doctor pronounced it **inflammation of the ovaries,** and proposed an operation.

"I felt so weak and sick that I felt sure that I could not survive the ordeal, and so I told him that I would not undergo it. The following week I read an advertisement in the paper of your Vegetable Compound in such an emergency, and so I decided to try it. Great was my joy to find that I actually improved after taking two bottles, so I kept taking it for ten weeks, and at the end of that time I was cured. I had gained eighteen pounds and was in excellent health, and am now.

"You surely deserve great success, and you have my very best wishes."—MISS ALICE BAILEY, 50 North Boulevard, Atlanta, Ga.

Another woman saved from a surgical operation by Lydia E. Pinkham's Vegetable Compound. Read what she says:—

"DEAR MRS. PINKHAM:—I cannot thank you enough for what your Vegetable Compound has done for me. If it had not been for your medicine, I think I would have died.

"I will tell you how I suffered. I could hardly walk, was unable to sleep or eat. Menstruation was irregular. At last I had to stay in my bed, and flowed so badly that they sent for a doctor, who said I had **inflammation of the ovaries,** and must go through an operation, as no medicine could help me, but I could not do that.

"I received a little book of yours, and after reading it, I concluded to try **Lydia E. Pinkham's Vegetable Compound,** and I am now a well woman. I shall praise your medicine as long as I live, and also recommend the same to anyone suffering as I was."—MRS. MINNIE OTTOSON, Otho, Iowa.

All sick women would be wise if they would take Lydia E. Pinkham's Vegetable Compound and be well.

LOWELL IS NOW A QUIET TOWN.

Great Bells on Cotton Mills Are Silent For First Time in Years.

Lowell, Mass., March 31.—Organized textile labor showed its strength in the shutdown of the seven largest cotton mills here and, not content with this, the textile council, the delegate body of the local unions, considered the advisability of compelling an even wider application of the shutdown order by bringing about a strike in the Lawrence hosiery mill. The council did not find the proposition well received and the outlook is not favorable for a strike of the knitters.

This incident was the chief one of the first day of the unprecedented shutdown of the big cotton mills in Lowell. The operatives wore their best clothes and promenaded the sidewalks, no smoke came from the tall mill chimneys and there was an absence of the hum of industry which marks a rushing, bustling New England mill city. No trouble of any kind occurred at the mill gates, through which some operatives passed at different times, and nothing occurred on the streets or at the meeting places of the strikers to bring forth criticism.

The persons at work in the mills were chiefly those in the finishing rooms and the offices, and President Conroy said that the council did not object to this. The council claims that the strike order is intended to stop manufacturing in all its stages and all reports show that nothing was done except at the hosiery mill.

Lake Vesselmen to Strike.

Cleveland, March 31.—Because no settlement was reached with the Lake Carriers' association the members of the firemen, oilers and water tenders' associations of lake vesselmen will go on strike for $50 per month from the opening to the closing of the season.

AN ORDINANCE providing for the issuing of bonds of the City of Beatrice, Nebraska, in the sum of Four Thousand Seven hundred and fifty ($4,750.00) Dollars for the purpose of funding an outstanding bonded indebtedness of said city in that amount.

Whereas there are outstanding the following bonds of the City of Beatrice, to-wit: Curbing and guttering bonds, numbered 8, 9 and 10 of the denomination of One Thousand ($1,000) Dollars each, bonds numbered 8, 9 and 10 of the denomination of Three hundred ($300) Dollars each, of paving district No. 1. Curbing and guttering bond No. 10, of paving district No. 2, in the amount of Two hundred and fifty ($250) Dollars; and curbing and guttering bonds numbered 9 and 10, paving district No. 3, in the amount of Three hundred ($300) Dollars each, all of said bonds issued May 1, 1889; which said bonded indebtedness was legally created and is a valid, existing and binding obligation of said city, bearing interest at a higher rate than three (3) per cent per annum, and whereas said indebtedness can be refunded at a reduced rate of interest, therefore

Be it ordained by the Mayor and Council of the City of Beatrice:

Sec 1. That, for the purpose of funding said bonded indebtedness of said City of Beatrice, Nebraska, in the sum of Four Thousand Seven hundred fifty ($4,750) Dollars and reducing the rate of interest thereon, there be issued the bonds of said city in the said sum of Four Thousand Seven hundred fifty ($4,750) Dollars as hereinbefore provided, to be known and designated as Series F.

Sec. 2. Three of said bonds shall be of the denomination of One Thousand ($1,000) Dollars each; five of said bonds shall be of the denomination of Three hundred ($300) Dollars each, and one of said bonds shall be of the denomination of Two hundred fifty ($250) Dollars and shall be numbered consecutively from No. 1 to Nine (9) inclusive, shall bear date April 1st, 1903, shall become due and payable ten years after their date, but shall be redeemable at the option of said City of Beatrice at any time after five (5) years from their date, shall bear interest at the rate of Three (3) per cent per annum, payable annually on the first day of April in each year until the principal thereof shall be paid, and the several installments of interest shall be evidenced by coupons attached to said bonds and both principal and interest shall be payable as they become due, at the Fiscal Agency of the State of Nebraska in the City of New York.

Sec. 3. Said bonds shall be executed in form and contain the recitals following, to-wit:

UNITED STATES OF AMERICA,
STATE OF NEBRASKA.
CITY OF BEATRICE FUNDING BOND.
SERIES F.

KNOW ALL MEN BY THESE PRESENTS: That the City of Beatrice, in Gage County, State of Nebraska, a city of the first class having more than 5,000 and less than 25,000 in habitants, duly organized under the laws of the State of Nebraska, hereby acknowleges itself to be indebted and promises to pay to the holder of this bond on the 1st day of April, A. D. 1913, the sum of $———dollars lawful money of the United States of America, with interest at the rate of three (3) per cent per annum payable annually, on the first day of April of each and every year after the date hereof (until this bond shall be paid or redeemed), upon the presentation and surrender of the annexed interest coupons as they severally mature at the place of payment herein designated.

Both the principal of this bond and the annually accruing interest thereon, are payable at the Fiscal Agency of the State of Nebraska in the City of New York. This bond is redeemable at the option of the city of Beatrice, the obligator, at any time after five (5) years from date hereof; and the said city is hereby held and firmly bound and its faith and credit and all real and personal property of said city, are hereby pledged for the payment of the principal and interest hereof at maturity.

This bond is one of a series of bonds of like date, tenor and effect, issued for the purpose of funding and paying off certain valid bonded indebtedness of said city of Beatrice heretofore legally created.

This bond is issued and executed under and by authority of, and in accordance with the general laws of the State of Nebraska and an ordinance duly and legally passed by the Mayor and Council of said City of Beatrice on the 24th day of March, A. D. 1903.

And, it is hereby certified, recited and declared that all acts, conditions and things required by the constitution and laws of Nebraska to be done and performed, or to exist, precedent to, and in the issuing of said bonds have been properly done, happened and performed in regular and due form, as required by law, and that the indebtedness which is funded by the issuing of these bonds is a constitutional, subsisting and legal obligation of said city, and the total indebtedness of said city, including this issue of bonds, does not exceed the constitutional and statutory limitations.

IN WITNESS WHEREOF, said city, by the Mayor and Council, has caused this bond to be signed by the Mayor and attested by the Clerk of said city, with the seal of said city attached, the 1st day of April, A. D. 1903.

.....
Mayor of the City of Beatrice, Neb.
Attest:
.....
City Clerk.
(Seal)

The interest coupons attached to said bonds shall be substantially in the following form, to-wit:

No..... $.....

.....19..... The City of Beatrice, Nebraska, will pay the bearer Thirty Dollars, lawful money of the United States of America, at the Fiscal agency of the State of Nebraska, in the City of New York, being one year's interest due on its funding bond No..... Series F and dated April 1st, 1903.

.....
City Clerk.

Sec. 4. Said bonds shall be signed by the Mayor and attested by the Clerk of said City, and have affixed thereto the seal of the said City, and said interest coupons shall be signed by said Clerk; providing that the signature of the said Clerk may be lithographed upon said coupons.

Sec. 5. The Mayor and Clerk are hereby authorized and directed without unnecessary delay, to prepare and execute said bonds and coupons and when so executed they shall be exchanged, dollar for dollar, for the bonded indebtedness to be hereby refunded.

Sec. 6. There shall be levied and collected each year, taxes on all the taxable property in the city, in addition to other taxes, sufficient to pay the interest as it shall accrue, and to pay at maturity the principal of said bonds, which taxes shall be payable in money only, and the taxes so levied and collected shall be used and applied solely to the payment of the principal and interest of said bonds until the same shall be fully paid.

Sec. 7. This ordinance shall take effect and be in force from, and after its passage, approval and publication according to law.

Passed March 24, 1903.
Approved March 25, 1903.
