HELLO NUMBER 14,

The Daily Express has the largest circulation of any daily newspaper in Nebraska outside of Omaha and Lincoln.

The Semi-Weekly Express has a larger circulation than any similar paper in the state.

The combined circulation of the Daily Express and the Semi-Weekly Express greatly exceeds that of any other Daily and Weekly in Gage county.

AS TO LABORING MEN.

The apopletic newspaper which was established for the sole purpose of "doing up THE EXPRESS," and which has made a miserable failure of its mission, still continues its hopeless efforts to that end, its chief weapon being misrepresentation.

Thus it informs the working men that THE EXPRESS has offered them a "dirty insult," because it has discussed strikes with candor, and has expressed the same opinions which are held by Mitchell and Gompers and the other great labor leaders. If THE EXPRESS has insulted the labor organizations, so have the chief men of those organizations.

THE EXPRESS, unlike its absurd critics, gives the laboring men credit for intelligence and fairness. To say their claims may not be temperately discussed without offending them is to say that they are neither intelligent or fair. To fly to the defense of the laboring man when he is not attacked is essentially the act of the blatant demagogue who would advertise himself or grind some axe of his own.

THE EXPRESS does not talk in parables; it states its opinions in the plainest English it can command, and there is no excuse save malice for the persistent misrepresentations and misconstructions of its critics.

The fact is that workingmen all over the country are constantly being led into costly and painful blunders by those newspapers which make it a business to stir up feeling against the employers of labor; when it is too late they discover that such newspapers are not their friends. When a man makes a mistake it is better to point out his error than to encourage him to persist in it. That, in a nutshell, is the position of THE EXPRESS with reference to strikes. Believing that the majority of western working men have sound sense, THE EXPRESS will not hesitate to address them candidly whenever occasion seems to make a few words timely.

CHURCH HOWE, who has been absent from Nebraska for a good many years, as United States consul to Sheffield, England, is now visiting his home, and there are stories afloat to the effect that he will be a candidate for United States senator, to succeed Dietrich, and is fixing his fences. Mr. Howe is one of Nebraska's old timers, and he is widely and thoroughly popular. He is about as smooth in politics as the next man, if not smoother, and if he is really a candidate he will give the other fellows a run for their money.

WHEN President Roosevelt was due at Los Angeles, the police hunted up a brother of Czolgosz, the assassin of McKinley, who lives there, and locked him up as a measure of safety. This unfortunate man must always bear a crushing burden of shame, and the action of the police seems unnecessarily brutal, for he is a decent chap, who detests his brother's deed, and will change his name to partially escape notoriety. The sins of human beings are visited upon their brothers and uncles and other relatives, as well as their children.

THE governor of Kansas is a bachelor, and a very attractive one, and the women are so determined in their pursuit of him that it may yet be necessary to furnish the afflicted man with a bodyguard. There is now in circulation a story to the effect that he is engaged to a girl in his home neighborhood. It is probably given out as a measure of self-defense.

THOSE Tennesseans who warned a colored rural mail carrier to quit his job merely because of his complexion will probably have to struggle along without a mail route in their neighborhood. Such unreasoning prejudice as theirs deserves a rebuke.

MR. CLEVELAND has been asked point blank whether he is a presidential candidate, and his evasive answer indicates that he is.

THE weather prophets who insists that we are to have another wet summer have the probabilities on their side. Excessive moisture often causes inconvenience to the farmers, but in the long run it brings them profit.

MOST of the Gage county newspapers which have commented upon the matter of the city treasurer's bond have congratulated THE EXPRESS upon its action. It is a real pleasure to know that there are some editors in the county who are not so blinded by envy and prejudice that they cannot see to write a fair word.

TOO LATE TO CLASSIFY

The rainy day is sad and gray,
And there's a great demand for boats;
Yet who complain about the rain,
When we have rubber boots and coats?

‡

Rev. Cannon, the United Brethren preacher, deserves a great deal of credit for his industry. On Sundays he preaches able and thoughtful sermons which attract much attention; on week days he goes out and works as a carpenter, and is now engaged in building a house. The pastor who is not ashamed to take off his coat and drive nails has the right spirit.

‡

Dr. Browder has that faculty common to great statesmen and diplomats, of arguing all around a subject without touching it. The doctor realizes that words are free, and he is prodigal in their use, yet fails to make his meaning clear. This is in accordance with the saying of a celebrated epigrammatist to the effect that language is for the purpose of concealing our thoughts.

‡

Lincoln is very anxious to secure Prof. Stevens, who is superintendent of the Beatrice schools, and we should make a special effort to give that town a disappointment. Mr. Stevens is so thoroughly satisfactory and popular that we need him every hour, and we should see if we can't keep him.

‡

The last issue of McClure's magazine publishes a story giving the theory of an astronomer as to the probable end of the world, the writer predicting that some sphere will eventually fall into the sun, stirring up such a heat that the earth will be charred beyond recognition Our own private belief is that the earth will be worn away, like a cake of soap, by superfluous rain.

‡

When the campaign opens up this year, a very popular Beatrice lady will appear in the lists as a candidate for county superintendent, She has been for a long time a teacher in the Beatrice schools, and has distinguished herself for unusual ability; she is an enthusiast in school work, and would make an admirable superintendent. We trust that she may get the office, for it is one that could be well conducted by a woman, and we are heartily in favor of giving the ladies a chance.

Traveling is Dangerous.

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much, suffer from kidney disease in some form, Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. E. Hausan, locomotive engineer, Lima, O., writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." For sale by all druggists of Beatrice.

Carpenters Get Together.

New York, May 11.—Announcement was made that a cessation of the war between the Amalgamated Association of Carpenters and the Brotherhood, which caused 6,000 carpenters to stop work, is near. The Brotherhood has decided to make application for membership in the United Board of Building Trades, of which the Amalgamated association is a member. This action is to be taken in order that labor may combine in the fight which is now being waged against the lockout of drivers and teamsters, instituted by the Material Men's association.

HARD ON MOTHERS

Some Beatrice Mothers Know Well How Hard It Is.

A mother's cares are never light and it's no wonder. Backache and other kidney ills increase her daily burden. There is one sure way to make the burden lighter. Let a Beatrice mother show you how.

Mrs. G. O. Swetser of Fourteenth and Elk streets, says: "Our experience with Doan's Kidney Pills proves their value. One of our children was bothered with weakness of the muscles controlling the action of the bladder and any exertion like running or jumping aggravated the difficulty. A physician whom we consulted said he would outgrow it, but instead the difficulty grew more and more severe. Learning about Doan's Kidney Pills I got a box at Hoagland's drug store 509 Court street. They gave him quick and positive relief from the trouble. I gladly recommend Doan's Kidney Pills to mothers having children requiring a remedy to strengthen and tone up the kidneys and bladder."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

OTTAWA'S BIG FIRE

Blaze Believed to Have Been of Incendiary Origin—Two Thousand Are Homeless.

Ottawa, Ont., May 11.—A fire, suspected of being of incendiary origin, destroyed hundreds of houses and millions of feet of lumber in this city. John White, who had just been released from the penitentiary after serving a term of imprisonment for arson, was caught near where the fire was first discovered.

Two hours before the main fire started, two smaller fires were started and quickly extinguished in the lumber yards near the Canadian Pacific railway. When the fire brigade arrived at the third it was found that the water main had been damaged and no water could be obtained. When the brigade did get water the fire was utterly beyond its control. It swept along over the same ground that the Hull fire of 1897 had gone, the only difference being that it was going in the opposite direction. There is a large cliff, which extends from the Ottawa river to the corner of Margaret and Preston streets. The fire area was on the flats below the cliff. At two or three points it came very near getting over the cliff, and had it done so nothing would have saved the city. The fire is under control and was confined to the following area: The Ottawa and Parry Sound railroad on the south, Division street on the east, First avenue on the west and the Richmond railroad on the north. From the Parry Sound road to the Richmond road is about one mile and from First avenue to Division street is about one-quarter of a mile. While the fire was burning fiercely among the lumber piles the whole brigade of the city, which had been summoned, was forced to remain idle.

Fifteen million feet of lumber were destroyed. The loss on the lumber will be about $300,000. The buildings burned were principally dwelling houses and stores. The loss on buildings is estimated at various amounts. Mayor Cook said there were from 500 to 600 families homeless, or about 2,000 individuals. The mayor said the city would oppose any aid being asked from outside Canada and personally he thought that the city should grapple with the situation without any appeal for outside help.

MATCH CAUSES EXPLOSION.

Prominent New Yorker and His Wife Fatally Burned as Result.

Buffalo, May 11.—Herman N. Blasdell of North Collins, after whom the town of Blasdell, N. Y., is named, and his wife were so badly burned in a fire which started from an explosion and which destroyed their home that they died a few hours later. An adopted son, who was the only other occupant of the house at the time of the explosion, was slightly burned. Mrs. Blasdell was conscious for some time before her death and from her it was learned how the explosion occurred. Awakened early in the morning by a strong smell of gas she began an investigation. When she reached the hall she struck a match and instantly there was a terrific explosion. The walls of the house were forced outward and one side of the building dropped. Fire broke out in half a dozen places, and the whole house was soon in flames.

MENACED BY FOREST FIRES.

Men, Women and Children Fight Flames in Pennsylvania.

Johnstown, Pa., May 11.—One of the fiercest and most damaging forest fires in the history of the Allegheny mountains is raging near Dunlo, this county. Much apprehension is felt for the safety of several camps of lumbermen, who were in the great district which had been swept by the flames. Some of them may have perished. They would have to flee from the camps ahead of the fire and as no tidings have been received from them there is much alarm. The flames came toward Dunlo with terrible fury and soon every man, woman and child in Dunlo was out doing everything possible to save the town from destruction. After hours of fighting, the progress of the flames were checked.

Solomon River Out of Its Banks.

Downs, Kan., May 11.—Rain fell here in torrents for more than twelve hours, causing the Solomon river to overflow its banks. Business houses are under water and boatmen are rowing through the streets. The storm has been very heavy north and west. A great many families have left their homes and moved to places of safety. Stock has suffered heavily and planted grain has been washed out of the ground. The water is higher, it is said, than it has been since the country was first inhabited by the whites.

Nine Convicts Escape.

Birmingham, Ala., May 11.—A portion of the kitchen of the state prison at Flat Top mines, twenty-five miles from this city, was burned and nine convicts escaped. Going to the railroad station nearby the convicts robbed the telegraph operator and left him tightly bound. The signal light was turned causing the next train south on the Southern to stop. The operator was found and released. One of the convicts has been captured.

Iowa Central Switchmen Strike.

Oskaloosa, Ia., May 11.—Iowa Central switchmen here have struck because of the discharge of four men who refused to obey orders. Freight traffic is crippled to some extent.

Warships Ordered to Gibraltar.

London, May 11.—The cruisers Drake, Brilliant and Rainbow have suddenly been ordered from Portland to Gibraltar.

Will Cure Consumption.

A. A. Herren, of Finch, Ark., writes, 'Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." For sale by all druggists of Beatrice.

Your grandmother's doctor ordered Ayer's Sarsaparilla for your father. It's the same old Sarsaparilla today. J. C. Ayer Co., Lowell, Mass.

Spring Time

is a bad time for fires. People burn all the trash from their lawns, and many fires occur from this cause. Better have your property insured A nice home, which is the result of years of toil, is about all the earthly possessions of many people. Why should you run the risk of losing it, when we offer you protection in good companies at a very low rate. We represent six of the leading companies.

We also write Tornado insurance The season of cyclones is at hand and you would do well to guard against them.

We also have some good real estate bargains.

SETTLES MOROS

Experiences No Trouble After Battle at Taraca — Take The Oath of Allegiance.

Manila, May 11.—Captain Pershing and his column have returned to Camp Vicars, Mindanao, from the expedition through the country east of Lake Lanao. The column experienced no opposition after the fighting at Taraca. The prisoners captured at Taraca took the oath of allegiance to the United States and were released. Among the Moros killed in the Taraca forts were nine dattos and one sultan. The moral effect of this fight has been far-reaching and it is doubtful if there will be any further hostility in the Lake Lanao country.

Four natives have been found guilty of the murder of three American marines at Olangapo, Subig bay, last September, and have been sentenced to death.

The ladrone situation seems to have been materially improved. In Albay province it is still unsatisfactory, but the other districts which recently have been disturbed are quieter.

Albert Roberts, cashier of the government ice plant here, has been arrested on the charge of embezzlement. His accounts have been found to be $4,000 short.

The quarantining of transports bound for San Francisco has been resumed on account of the cholera. The epidemic is making slight gains in Luzon.

A Revelation.

If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one orm and another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. For sale by all druggists of Beatrice.

Nordica—DeRezke Concert.

The Burlington sells tickets to Lincoln and return from points within 100 miles at fare and one-third.

Tickets on sale May 14—limited to return May 15.

The Specialist

of the city is not necessarily better than the specialist at home. The man who fits your glasses in the city sees you once and if your glasses are not satisfactory you have no recourse. We guarantee our work and we are always available to make our guarantee good.

The following letter from Rev. C. B Smith of Odell, gives something of his experience along this line. He says:

"Dr. Folsom The glasses you fitted for me one year ago have given perfect satisfaction. They are a great improvement over the ones I had fitted in Lincoln. I can truly say that I have been greatly pleased with them"

We examine eyes FREE.

Arte Folsom, M. D.

Residence Phone 131.

Notice to Bidders.

The Board of Public Lands and Buildings will receive sealed bids at the office of the Secretary of State at the Capitol, in Lincoln, up to 12 o'clock noon, on the 12th day of May, 1903, for the construction and putting in place of 156 steel cells, together with gratings, corridors, etc., in the state penitentiary at Lincoln, according to the plans and specifications therefor as prepared by R. W. Grant, architect, and now on file in the office of commissioner of public lands and buildings.

Each bid must be accompanied by a certified check payable to George W. Marsh, secretary of state, in a sum equal to 5 per cent of the total amount bid upon. The check of the successful bidder will be forfeited to the state should such bidder fail within ten days after the awarding of such contract, and give a good and sufficient bond for the faithful performance of such contract in some surety or guarantee company, authorized to do business in Nebraska, to be approved by the board of public lands and buildings. Said board of public lands and buildings reserves the right to contract with the successful bidder for seventy-eight additional cells built according to the same plans and specifications above mentioned at the same pro rate price per cell as shall be contracted to be paid for the 156 cells.

Said board reserves the right to reject any and all bids. GEO. W. MARSH,
Secretary of State.

Dated Lincoln, Nebraska, April 27, 1903.
a28t12

Notice to Creditors.

Notice is hereby given to the creditors of William J. Unangst, deceased, that the County Judge of Gage county, Nebraska, will on the 8th day of June 1903. and on 8th day of October, 1903, at 9 o'clock a. m. of each day, at the County Court Room in said County, examine, adjust and allow claims against said estate. The time for presenting claims has been limited to six months from April 7, 1903. Claims not filed in the County Court of said County within the time limited will beforever barred This notice will be published in the BEATRICE DAILY EXPRESS four weeks successively prior to the 12th day of May, 1903.

F. E. BOURNE,
a9d4w County Judge.
