

SELMA SEEK COUNT OF ALL THE "NOSES"

Chamber of Commerce Making Effort to Secure Careful Census Report

Selma Bureau Of The Advertiser Phone 17

Fear that the census now being taken by twelve enumerators in Selma is not giving inclusive enough and that many persons will be omitted in the final count, therefore, the Selma city chamber of commerce is making every effort to hold fourth place among the cities of the state, has been expressed here by persons who have received complaints from several citizens who claim the enumerators have not called, although the district in which they live has been canvassed. A report to this effect was wired yesterday by the Chamber of Commerce to W. J. McLeod, census enumerator of this district, at Sylacauga, and in answer Secretary Richards received assurance that everything will be done to give to this city a correct census.

The Chamber of Commerce is anxious to have every person in Selma counted in the census and all persons who have not yet been approached by the enumerators are asked to call the Chamber of Commerce, it is known that enumerators often call at a house where no one is at home, and that some times several visits have to be made to one house, to receive the necessary information.

Estimates of the population which this city will be able to show in the 1920 census are 26,000, and it is the desire of the Chamber of Commerce that every person be counted, and that more than this number may be reported.

One wary Selma man, on learning where the fire was, refused to go within a block of the store, remembering vividly the time, some months ago, when the Red Cross took advantage of a similar crowd, gathered by a clear ruse of fire, making every person seeking exit from the ropes thrown across the street, pay a small sum.

Death Of Small Child Death claimed Thomas Alvin Hunter, two months old son of Mr. and Mrs. Thomas Hunter of Burnsville at an early hour this morning. They were arrested by deputies from the sheriff's office and are in the county jail.

Plumb Plan Discussed Owing to the failure of Congressman Dill of Spokane to reach the South on his contemplated speaking tour in behalf of "The Plumb Plan" Mr. P. D. Thompson, a prominent newspaper man and industrial leader of Chicago, filled the engagement at the Court House Wednesday night. Mr. E. H. Hobbs, prominent young attorney, introduced Mr. Thompson who made an excellent impression on his audience which numbered about 200. Mr. Thompson went into a careful elucidation of "The Plumb Plan", reciting its provisions from the text.

He said the rail road men of the country and all others who favored the plan intended to try to "convert" a majority of the American people to their views and the agitation this and in view the present agitation and discussion had been launched. Mr. Thompson took occasion to criticize Senator Underwood for his vote on the anti-strike clause of the Cummins bill. At the close of the meeting all those who favored the Plumb Plan were asked to join the "Plumb Plan League." Quite a number joined.

ANNOUNCES ACTIVITY IN LAW OPERATION

Dr. Owen Says Carriers and Employers Seem to Be Co-operating

Dr. Thomas M. Owen announces much activity throughout the State in putting in operation the workmen's compensation law. All insurance carriers and employers, so far as he can ascertain are cheerfully uniting in an effort to operate under the law, and to carry out its provisions, both in letter and spirit. Of course, as is well known, the workmen's compensation law in Alabama contains details not to be found in other similar legislation, and in so far its operation is experimental here.

Forms And Blanks Dr. Owen has been busy meeting the demands for blanks and forms. He announces that employers should be careful to comply with sections 19 and 20 of the law, which specifically require all injured employees, or their representatives, "within five days after the occurrence of an accident to give or cause to be given to the employer written notice of the accident." Attention is called to the fact that "written notice" is required, and section 20 stipulates the form.

IDAHO STOCK RAISER SAYS TANLAC WORTH ITS WEIGHT IN GOLD

Howard Gains Fourteen Pounds Taking Tanlac and Lays Cane Aside

"I've gained fourteen pounds in six weeks taking Tanlac and now I'm a well man," said Henry R. Howard, a well-known farmer and stock raiser of King Hill, Idaho.

"I had suffered from rheumatism and indigestion twelve years," he continued, "and could hardly eat a thing because everything I ate would come up and I had no appetite. Every joint in me was swollen with rheumatism and hurt so I could hardly bear to be touched. I was in such a bad fix I couldn't work and had to use a walking stick to get along. The first bottle of Tanlac made a great change in my feelings, my rheumatism soon left me and I threw my stick aside, for now I can walk as well as anybody."

"And said—why, I just can't get enough and I feel like I could do as much work as I ever could. Tanlac is worth its weight in gold, and it has convinced me that there's at least one medicine that will do what they say it will and I want to do my part in letting everybody know about it."

Tanlac is sold in Montgomery exclusively by E. G. Fowler.

OAK PARK CITIZENS PROTEST CAR CHANGE

Meet With City Commission and Protest Removal Proposed In Petition

Residents of Oak Park district met at the City Hall with the City Commission and Ray Rushton, receiver of the Montgomery Light and Traction Company Thursday afternoon and protested the granting of a petition to the Traction Company permitting the concern to remove car tracks along High Street and Highland Avenue.

The protesters declared they are satisfied with the present system and schedule and do not wish to have the line cancelled. They objected to the necessity of taking a different route through the city and stated they were forced to stand up on the detoured cars and delayed in reaching their destinations.

Mayor W. A. Gunter, Jr., counseled the protesters that if the changes were contemplated in the street the system would be calculated to be for the best, and had been advised by street car experts brought here.

Mr. Rushton, in defense of his project, declared that the Traction Company intended the changes to enable the concern to continue operation by curtailing expense and cutting down as much mileage as possible. He stated that fares could not be raised to ten cents because the project would meet with a storm of protest.

Several residents who objected to the proposed changes declared they would rather pay the increase in fare to ten cents than suffer the inconvenience of a rerouting of the cars.

FULLER WITHDRAWS FROM COUNTY RACE

In an interview with a reporter of the Advertiser, Paul B. Fuller stated that he desired to express his sincere thanks to his numerous friends who have tendered their support to him in case he should run for Tax Assessor. However, "after maturely considering this matter," Mr. Fuller continued, "I have decided not to offer as a candidate on account of the fact that John J. Flowers is a candidate for the office. Mr. Flowers and I have been intimate friends for years, having been associated together in the banking business here in Montgomery, and for this reason I have decided not to enter the race against him."

POSTAL EMPLOYEES' VACATION RULES ARE AGAIN MENTIONED

Vacations for clerks, city carriers and other postoffice employees, as mentioned in the department's circular letter of May 1, 1919, is again mentioned in a bulletin received at the local postoffice Thursday. The bulletin contains a caution from First Assistant Postmaster General J. C. Koons calling attention to the fact that vacations for postal employees are always given for the fiscal year in which taken. Thus, according to this ruling, postal employees who take their vacation and then leave the service before the fiscal year expires will be entitled to only 1 and 1/4 days for each full month in service during the fiscal year, and will be required to refund the amount paid during the vacation above the time to which they are entitled.

PLAN CONSIDERED TO ASSIST POLAND

America May Furnish War Material in Fight Against Bolshevik Army

(Associated Press) WASHINGTON, Jan. 15.—Definite plans for furnishing Poland with war materials and food to aid in checking the westward spread of Bolshevism are being considered by the United States and by allied governments. Secretary Baker said today before the House ways and means committee, supplementing the declaration of General Tasker H. Bliss, that Poland was "the only bulwark against Bolshevism."

The committee has before it the proposal of Secretary Glass to authorize \$150,000,000 in credits to European countries for the purchase of American food. Supporting that project General Bliss speaking from his experience as American representative on the Supreme Military Council during the war and as a member of the American peace delegation to Paris, declared that if Poland were over-run, General revival of the war might follow.

The military aspects of the food situation in Europe are "purely speculative," as to details but not as to results, General Bliss said. It was the "growing opinion of military experts," he said, "that Russian soviet armies would turn toward the west where they would outnumber the Polish forces, their only barrier."

General Bliss said that in granting loans the United States should demand of the allies that they provide the Poles with military supplies. It was at this point Secretary Baker told the committee that the allies and the United States were planning to furnish arms to the Poles. Such action was favored by the United States government, he said, and to furnish food relief in Poland would be "protecting civilization" rather than following out a "humanitarian impulse."

The attitude of the Poles, now beyond the eastern frontier tentatively fixed for Poland at Paris, also was cited by General Bliss as a possible cause for the western movement by the Russians. Starvation at home, he added might lead to revolt in Poland and other countries.

Galli-Curci the famous soprano is coming

To hear Galli-Curci is a privilege and an opportunity which every music-lover will want to embrace. It presents the unique opportunity of a direct personal observation of her wonderful voice for comparative consideration with her historic Victor Records.

Attend the concert and hear this new coloratura soprano, being particularly careful to observe the individual characteristics that so plainly identify the Galli-Curci voice.

Then come in and hear the Victor Records by Galli-Curci. You will be instantly convinced that on the Victrola her art and personality are brought to you with unerring truth.

It is this absolute fidelity that emphasizes the supremacy of the Victrola, so firmly established on a basis of great things actually accomplished; a supremacy readily recognized and acknowledged by the world's greatest artists who make records exclusively for the Victor.

There are Victors and Victorolas in great variety of styles. We'll gladly demonstrate them at any time, and tell you about our easy terms.
