

BELATED DISPATCH

RECEIVED BY THE GOVERNMENT FROM MINISTER CONGER.

FIGHTING SINCE THE 10TH BY AGREEMENT.

REPORT OF THE SUICIDE OF LI HUNG CHANG DISCREDITED.

Washington, Aug. 6.—A belated dispatch from Minister Conger was received Sunday at the state department. It came through Consul Goodnow, at Shanghai, who transmitted messages received by Mr. Ragsdale, United States consul at Tien Tsin, from Mr. Conger and Mr. Squiers, secretary of the United States legation at Peking. In effect the advice is the same as those received a day or two ago by the state department from Consul Fowler, at Chefoo. Mr. Goodnow's message was transmitted to President McKinley at Canton, and Mr. Adey, acting secretary of state, later in the day, issued the following statement concerning it:

"Consul-General Goodnow, in a cablegram dated Shanghai, August 5, which was received at the department of state at 4 o'clock this (Sunday) morning, reports the receipt by Consul Ragsdale, at Tien Tsin, of messages from Minister Conger and the secretary of the legation, Mr. Squiers, dated July 21, to the following effect: 'All well; no fighting since the 10th by agreement. Enough provisions. Hope for speedy relief.'

"Mr. Goodnow adds that the director of posts, Sheng, had, on the 5th, communicated to him an imperial edict, dated July 30, ordering Jung Lu to provide an escort for the ministers to Tien Tsin when the ministers fix the date. The edict says the ministers can receive messages not in cipher; but notwithstanding this, plain messages were returned to some consuls on August 4."

Chinese Suspensions.

The inhibition of cipher dispatches to the ministers, while a serious breach of diplomatic usage, is not regarded here with apprehension. The Chinese government it is pointed out, is suspicious of the actions and intent of the powers, and probably has adopted this precaution to prevent communication to the ministers of details of the military movements. It is evident from the adoption of this measure that the imperial government regards itself as antagonistic to, if not actually at war with, the powers. Thus far, no inhibition has been placed on cipher dispatches passing between the various governments and their consular representatives in China, outside of Peking. The state department has taken the grounds that the dispatch from the tsung-li-yamen, delivered at the department Saturday by Minister Wu, is not an answer to the dispatch of Secretary Hay, sent on August 1. In that dispatch Secretary Hay finally and decisively insisted that free and uninterrupted communication between the ministers must be established before any steps would be taken by this government toward a peaceful solution of the present trouble. That dispatch was sent to Consul-General Goodnow, to be by him, transmitted to Li Hung Chang. The message delivered by Minister Wu to the state department Saturday relative to the inhibition of cipher dispatches, was sent by the tsung-li-yamen on July 30. As of that date it already had been communicated to the department by Consul Fowler. Obviously, therefore, it could not be a reply to the dispatch sent to Mr. Goodnow by Secretary Hay on August 1.

Chang's Suicide Discredited.

The report of the suicide of Li Hung Chang is wholly discredited in official circles and no information had been received regarding it Sunday night, either by our government or at the Chinese legation. At the latter there seems to be no reason known to the officials why the great Chinese diplomat should take his own life, which in their minds, would be a most deplorable event. His death they would regard as a severe loss to China in the present troubled condition of affairs existing there. One of the officials suggested the possibility that he has suffered an attack of apoplexy or other sudden illness incident to old age, but confidence was expressed that the report of his suicide was untrue.

There is good reason to believe that the imperial edict referred to in Consul-General Goodnow's cable to the state department has reached Minister Wu, who is spending Sunday with his family at Cape May. If so, it will probably be delivered to the acting secretary of state when the minister returns to Washington to-day. At the Chinese legation here, however, there is no information as to its receipt.

Chinese Fortifying.

London, Aug. 6.—According to trustworthy reports received at Shanghai the Chinese are fortifying the Yangtze river. At a fort near Nankin two six-inch quick-firing guns were disabled at the first trial. Chinese officials affirm that the guns were mounted as a precaution against "Boxers" advancing southward. Admiral Seymour telegraphed to the admiralty to-day that he had seen the victory of Nankin Aug. 2; that the victory was very friendly and seemed anxious to maintain peace in the Yangtze valley, and had agreed to the landing of a force of 3,000 British troops for the defense of Shanghai. The victory returned the admiral's visit and renewed his assurances of friendship. An agreement was arrived at for maintaining order in the Yangtze valley.

CONGER CIPHER MESSAGE.

The Genuineness of the Telegram Is Established.

Washington, Aug. 4.—The state department Friday morning issued the following: The state department has received a dispatch from Mr. Fowler, consul at Chefoo, dated at night on the 2d of August, stating that when he learned from the Shanghai papers that doubts were entertained of the genuineness of the Conger cipher telegram, he wired on the 25th to the governor of Shan-Tung to send him the original by courier. The governor at once complied with his request, sending a special postman who, by traveling night and day for five days, made the journey which in ordinary times would have required twelve days. He delivered to Mr. Fowler the original of the Conger cipher dispatch. It is signed by Mr. Conger and dated the 17th of July. It is precisely the same as the message received at the state department, with several words modified which came in an unintelligible form to the Chinese legation here. The dispatch in its complete form says that the members of the legation had been besieged for a month in the British legation. Mr. Fowler has no doubt of the genuineness of the dispatch.

Some interesting facts in connection with the original cipher message have been brought to light by Mr. Fowler's report. It appears that when Minister Wu received the cipher message on the 21st ultimo, he found that it contained a cipher within a cipher. The governor of Shan-Tung, Yuen, transmitted with the message a message from the tsung li-yamen, which in turn transmitted Mr. Conger's message. The latter was in the state department cipher; the former in the Chinese official cipher. When Mr. Wu, in deciphering the message, reached the end of the tsung li-yamen's message of transmittal, he was unaware of that fact, and thought that the several groups of figures following were a portion of the tsung li-yamen's message. As a matter of fact, they were the initial words of Mr. Conger's message and they were undecipherable by Mr. Wu because they were in the state department cipher. Instead of beginning: "In British legation," etc., Mr. Conger's message really began: "We have been for a month in the British legation," etc.

Another fact developed is that the message was signed "E. H. Conger, July 17th." Many persons had supposed that while the message was genuine it was one written by Mr. Conger long before and that it had been fraudulently dated by the Chinese officials. Now it appears that the tsung li-yamen, or Yuen, did date it the 18th. It is thought that this date was accurate, and that while Mr. Conger actually wrote his dispatch on the 17th and put it in cipher ready for transmission at the first opportunity, the message did not leave Peking until the following day. These developments have done much to rehabilitate the Chinese officials in the estimation of some officials who have heretofore been very scornful as to their integrity in connection with the transmission of these official messages.

BUBONIC PLAGUE IN LONDON.

Surgeon Thomas Reports Four Cases and Two Deaths.

Washington, Aug. 4.—The marine hospital service has received the following telegram from Past Assistant Surgeon Thomas, announcing the outbreak of the bubonic plague in London: "There have been four cases of plague and two deaths from plague in London. Diagnosis confirmed by bacteriological examination. Do not think there will be further spread."

The dispatch from Surgeon Thomas gives no details as to the origin of the cases nor whether they were on shipboard or within the city itself. The marine hospital service authorities say the instructions already given to quarantine officers are ample and they express confidence that the disease is not likely to reach this country. At the same time, the possibility of danger is not overlooked, and quarantine officers will be especially watchful in the enforcement of the regulations.

To Be Near Him.

Benton Harbor, Mich., August 4.—"I'm going, too; I swore I'd stick by him when I married him, and I intend to. I've borrowed the money for railroad fare and I'll follow my husband to prison," declared Mrs. Steinberry, the wife of the former who was sentenced to two years' confinement in prison. True to her declaration, she was one of the small party that started for the prison Friday morning. It is Mrs. Steinberry's intention to secure work either in the prison or in the town and to be with her husband whenever both are at leisure. She will take care of her three-year-old daughter.
