MISSING BOY IS FOUND.

While relatives and friends were searching for Willie Robinson, eight years old, reported missing from his home, at 411½ G street, Monday afternoon, the little fellow was being cared for at the house of detention. He was given a scrubbing and fed, and, it is stated, seemed perfectly contented with his surroundings.

Willie was found on the street by Mrs. Mina V. Van Winkle, head of the woman's bureau of the police department. He was begging money of persons on the street, it is stated.

PAGEANT POSTPONED.

Three hundred pupils at the Dennison School will present "King Good Health," a play by Miss Alberta Walker, dramatic instructor at Wilson Normal School, at the modern good health crusade pageant at the Central High School tomorrow afternoon. The pageant will be viewed by Charles M. De Forest of New York founder of the modern health crusade, in which more than six million children are enrolled. Surgeon General Ireland of the United States Army will present banners to schools which enrolled the largest percentage of boys and girls in the crusade. Superintendent of Schools Thurston will preside. Music will be furnished by the Marine Band.

This pageant was to have been given this afternoon, but was postponed on account of threatening weather.

CONFEDERATE HOME NOW FREE OF INCUMBRANCE

"Last Dollar of Indebtedness Paid," Is Report Made at Meeting of Veterans.

Announcement that the last dollar of indebtedness had been paid on the Confederate Memorial Home, 1322 Vermont avenue, was made at a meeting of Washington Camp 171, United Confederate Veterans, held at the home Tuesday evening. Col. Fred Beall, commander of the camp, presided, with Col. Lovick Pierce serving as adjutant.

Col. John M. Hickey, chairman of the Confederate home committee, also announced that aside from the clearance of the debt a comfortable sum was still in bank to the credit of the home.

An amendment to the by-laws was adopted, providing that, beginning in October, only one meeting a month would be held, that to be on the first Tuesday of each month, an exception being made only as to the third Tuesday in December, when the annual election of officers will take place.

Condolences for Attorney J. J. Darlington, who has been seriously ill, were passed.

Miss Byrd Mock gave several violin numbers of old southern melodies.

POLICE FIND NO CLUE TO MISSING CHILDREN

Dennis E. McQueary Depressed, But Certain "Tide Will Turn Soon."

Police efforts to locate Catherine, Smith and James McQueary, the missing children of Dennis E. McQueary, who disappeared Tuesday afternoon at the Thomson School, have so far been in vain. Every possible step is being taken, however, to find the lost youngsters. The police department has notified nearby towns and cities to be on the lookout for them. Union station officials are also on the watch in case the children are still in Washington.

Mr. McQueary, when interviewed this morning, still seemed greatly depressed, but stated that "the tide would turn soon" and the children would be brought back to him. He still holds the opinion that the children's mother, from whom he has been divorced, had them. "I used to be somewhat of a lawyer," Mr. McQueary stated, "and if my former wife crosses the District line with them she will be legally guilty of kidnaping."

COMMUTERS TO PROTEST RAISE IN W., B. & A. FARES

Committee Appointed to Oppose Increase at Interstate Commerce Hearing.

Commuters living in Maryland on the lines of the Washington, Baltimore and Annapolis railroad joined in a protest against the higher rates asked by the road in new tariffs filed with the Interstate Commerce Commission, at a meeting last night in Gonzaga Hall.

A committee composed of H. A. Maraden, chairman; E. H. Magruder, O. C. Strong, T. J. Callaway, John R. Riggles, J. J. Crowley, William Hughlett, N. S. Jones and James Wanson was appointed to represent the commuters at a hearing expected to be held by the commission. Commuters living in Maryland along the line have already filed copies of a protest with the commission. At last night's meeting Mr. Riggles asserted that the company is making plenty of money and that the proposed increase is "unfair, unjust and unreasonable to the patrons of the road."

He furnished figures, compiled by the Interstate Commerce Commission, showing that it costs a steam railroad $2.28 a mile to operate and only 33 cents a mile for the Washington, Baltimore and Annapolis to operate.

"The Maryland public service commission has given the Washington, Baltimore and Annapolis until Saturday," Mr. Riggles said, "to state why the increased fare should not be denied, and until that date no public hearing will be announced."

CASH AND BONDS STOLEN.

Apartment 5, 1315 Belmont street, occupied by Elaine Ward and Betty Boswell, was visited by an intruder and robbed. Miss Boswell told police of the taking of a $100 victory bond and two $50 liberty bonds, while a $10 bill belonging to Miss Ward was stolen.

Mrs. Richard M. Winans, registered at a local hotel, has asked the police to investigate the disappearance from her room of a platinum and diamond brooch, valued at $200.

Report was made to police of the first precinct that two young white men last night broke into the hardware store of J. W. Beasley, 200 10th street. A casual examination of the premises failed to disclose the taking of anything.

Theft of a diamond ring and chain, valued at $50, and $20 in cash, was reported by Samuel A. Earley, 711 S street.

Not What You Pay, But What You Get

Once in a while we have a customer who says, "I can't afford to pay that much." He is the very one who needs a Leonard Cleanable Refrigerator far more than the people who don't care how much they pay. To such a customer we send this message:

"You want to save money? Do you stop to think that if you let us sell you a CHEAPER refrigerator you will have to buy another in several years—a new one every few years? A Leonard Cleanable will last you a lifetime. By buying one cheap refrigerator after another you will eventually spend at least three times as much as by buying a Leonard NOW.

"Then there's the saving in ice bills—it's enormous. The ice man is always glad to see a cheap refrigerator—it means big profits for him. Why, your saving on ice bills alone will pay for your Leonard Cleanable in two or three years.

"Ever stop to figure up how much you lose by milk and meat and vegetables that sour or spoil in a cheap refrigerator? They never spoil in a Leonard, for a Leonard has perfect dry air circulation and is germ-proof.

"The saving in food and ice will soon pay for your Leonard—and you'll be mighty glad later when it would have been time to buy another cheap refrigerator.

"Besides that, you run no risk of sickness and doctor's bills resulting from improperly kept food. A Leonard Cleanable is real insurance against sickness, and you'll never be out of milk on Sundays—the Leonard will keep it fresh and sweet.

"You can get a great big one-piece porcelain Leonard, similar to the illustration, for $59.75, a small one at $33.75, and others from $12.00 up.

"Remember, it's not what you pay, but what you get that counts."
