Absolutely Clean

In the Schlitz brewery cleanliness is carried to extremes. We do more than is necessary to be certain of doing enough.

The caldrons in which the beer is brewed are kept scrupulously clean and covered. The air in which the beer is cooled is filtered.

The barrels in which it is stored are cleaned with steam and soda, then glazed with rosin on the inside, then cleaned again. The bottles are cleaned with utmost precaution.

Still we filter the beer, then sterilize every bottle, for the slightest uncleanliness taints the whole product. It is in these ways that Schlitz beer has gained its reputation for purity, and made Milwaukee famous.

SCHLITZ

WOUNDED FOUR MEN.

Bush Austin Was an Expert With a Revolver.

Ozark, July 23.—(Special.)—Ozark was treated to a sensational shooting in colored circles Saturday night. The negroes were having a party in a vacant house near town. When the jollity was at its height a dispute arose among the "cullud gen'men." One Bush Austin had gone out seeking trouble. He was involved in the difficulty and proceeded to whip out his revolver for the purpose of settling with the other swains. He shot John Pelham, Aaron Dowling, Aaron Smith and Ve Gibson. While his revolver was making this music, the colored damsels present were screaming and running out of the house. The wounded were gotten together and carried to residences in the community. Several of them were seriously wounded, but none fatally, so far as is known. Bush Austin is a country negro, who works for Judge Dowling. He left for parts unknown immediately after the shooting. The officers are in pursuit and will leave no effort unmade to apprehend the criminal. The negroes are greatly stirred up over the shooting.

SELMIANS RAISE KICK

THEY OBJECT TO THE RAISE IN RENTS.

Claims Made there Has Been Nothing to Justify the Increase—No New Industries in Sight.

Advertiser Bureau,
Selma, July 23.

A big howl is still going up in this city on account of the tremendous raise in rents. Business property has advanced from 10 to 33 1-3 per cent., while residence property has gone up fully as much. A dozen four and five room cottages could find ready renters if some enterprising man would build them between now and October. There is nothing to justify this raise in rents except anticipation of the future. Not a single new industry has been located here as yet, and unless capitalists get together and do something to back up what Colonel Abbott and his associates have done, there is bound to be a collapse, sooner or later. Running rents out of sight will benefit the landlord, but will not help the great mass of renters, but will impoverish them. The renters say that if new industries, increased pay rolls, etc., were here to justify this raise, they would gladly pay the increase, but as it is, they are paying under protest.

The citizens of Orrville, the metropolis of West Dallas, are greatly elated over the fact that the Birmingham, Selma and New Orleans Railroad will straighten its line so as to run through that town. The depot, at present, is a mile and a half from the village, compelling the merchants to haul their freight that distance. By running the track through Orrville, the road will not be over 1,800 feet longer than it is at present, and a very steep grade beyond the Cahaba will be avoided. The road will cross the Cahaba River about 1,000 feet south of where it now crosses that stream. The material has been ordered to build a new iron bridge and the present wooden structure will be done away with. Orrville will get on quite a boom when the road runs through its streets and those people there are already talking of establishing a newspaper and putting on city airs.

Misses Nellie and Grace Baker left yesterday for a months' stay at Sewanee, Tenn.

The railroad agents say that the travel out of Selma this summer is heavier than it has ever been.

Isaiah Bell, an old and faithful servant of Mr. R. D. Shruptrine, died yesterday at his home here in Selma, and was buried today.

Sunday morning at the First Baptist Church Miss Page Nelson, one of Selma's most gifted singers, rendered a solo, "Oh, Shining Light," by Adams. Miss Nelson has the reputation of being one of the best singers in Alabama.

Mr. and Mrs. Jake Liepold have gone to New York to see their daughter, Miss Natilee.

Miss Hanly and Miss Berry, who have been visiting in the city will leave for their home in Birmingham Friday morning.

Miss Minnie Lardent, who has been threatened with typhoid fever, is considerably improved this morning.

Mr. W. R. Walker and family have returned from Shelby Springs.

Judge J. W. Mabry and family, left today for Asheville, N. C. The Judge has greatly improved.

TO APPEAL THE CASE

COTTON MILLS WILL FIGHT AGAINST TAXATION.

Claimed That the Homes of the Operatives are Included in the Exemption Law. Death of Mrs. Reilly.

Birmingham, July 23.—(Special)—Notice of appeal has been filed by the Avondale Mills Company in the case in which the County Board of Reviews sitting as a Board of Equalization held that houses occupied by mill operatives are subject to taxation. The total amount of taxes was fixed at $10,000 and the mill owners contend that the houses should not be taxed because they are exempt under that act of the Legislature which exempts cotton mills from taxation. The case now goes to the Circuit Court and from that tribunal will no doubt go to the Supreme Court.

Miners Return to Work.

The differences between the operators and the miners at the mines of the Birmingham Water Works Company located near the pumping station on the south side of Red Mountain, have been settled and the miners have returned to work. A difference at the Dolomite mines has also been adjusted and the drivers at that place will get more wages. President Flynn of the United Mine Workers has gone to Tuscaloosa for the purpose of making a contract for the miners at the Tidewater mines.

Picnic Declared Off.

A big negro picnic and barbecue, which was to have been held at Avondale Park on Saturday next, has been indefinitely postponed. The citizens of Avondale take much pride in their beautiful park and when they learned of the proposed negro picnic they bitterly resented the idea. The Park Commissioners were consulted, but said they were powerless as the park was a public place dedicated to the people. A mass meeting was held last night to act upon the matter. It was largely attended and some vigorous speeches were made. It was finally decided that the best thing to do was to call upon the negroes who were interested in getting up the picnic and suggest to them the advisability of declaring it off. The meeting then dispersed resolving itself into a walking delegation. The crowd called upon all the leaders in the picnic movement and advised them not to hold a picnic. The advice was taken and the affair was declared off.

Huey Was Nominated.

As the result of a white primary election held at Bessemer yesterday, Thomas T. Huey, Mayor of that city, was nominated again for the mayoralty. Seven hundred and seventy-two votes were polled and Mayor Huey's plurality was 420. R. F. Mims was nominated for city warden, Edgar L. Mitchell for clerk, and auditor, T. B. Wallace, for chief of police, B. F. Thompson, for sanitary inspector, W. E. Sorrell, street foreman, and the following for aldermen: W. S. Withers, W. A. Simmons, Rush Randle and James K. Hill. These nominations are equivalent to an election.

Transportation Was Lacking.

A large crowd of negro laborers congregated at the Union Depot last night preparatory to leaving for Chicago where they had been promised position with the Latrobe Steel and Coupler Company, taking the place of Italian workmen. They did not get away, however, because the labor agent who had them in charge was unable to provide transportation. Many of the negroes were still at the depot this morning ready to leave but as the transportation was not forthcoming the crowd dispersed later in the day. Another effort will be made to get them away tonight but it is not believed that half of those who originally intended going will now go.

Accused of Horse Stealing.

Policemen Byars and Cunningham today arrested H. Ward, white, and J. L. Phillips, colored, on a charge of larceny of four horses. It is alleged that the horses were stolen from farmers residing on the southside of Red Mountain. One of the horses has been recovered. Phillips is just back from the Philippine Islands where he was in the army.

Charges Unusual Cruelty.

Unusual cruelty is charged against former Chief of Police T. R. Dickinson of Pratt City, in a suit filed in the Circuit Court by James Lyle. The plaintiff alleges that while serving a term as a municipal prisoner at Pratt City he was worked for fifty days with unusually heavy and close-fitting irons on his feet, and that he was not provided with sufficient food. He also alleges that he was kept in a filthy place, exposed to vermin, and that he was not provided with means by which to clean his clothing or himself. He claims that his health was impaired and he wants $2,000 damages.

Death of Mrs. A. J. Reilly.

Mrs. Reilly, wife of Hon. A. J. Reilly of Pratt City, member of the Legislature from this county, died at St. Vincent's Hospital this afternoon from pneumonia. She had been ill for several weeks. Thes body will be shipped to Philadelphia tomorrow morning for burial.

Waterspout in Texas.

Dallas, Texas, July 23.—A special to The News from Cisco reports a water spout twenty miles west of there yesterday afternoon. Reports yet are meagre. Ten miles of the Texas Central Railroad between Leuders and Albany and between Albany and Moran was washed away. An engine went through a bridge and the engineer, Thomas Beene, was killed.

Here's a Hurried Goodbye to Odd Lots

This radical clean-up sale is the safety valve of this very particular store. July is clean-up time. Daily we look through and cull out the odd pieces as well as odd lots and put them on sale at clearance prices, thus assuring fresh stocks and complete assortments. That's why the present loss pays *us*.

It pays *you* because you get wanted things that are seasonable and of a high character at a third to a half under price.

Embroidered Handkerchiefs.

We had 1,200 of this special lot yesterday morning; but you changed those figures in short order, still we probably have plenty for all who will come to-day. They are fine, neatly made, absolutely pure linen, embroidered and hemstitched and should have sold for 35 to 50 cents. Choose while they last for 23c. each.

More of The Belts.

Just one or two of a kind, but there were so many sorts the collection amounts to over a hundred leather, silk and satin belts; they sold from 40c to a $1 each. Choose to-day at 10c. each.

WASHABLE SILKS.

The pretty corded silks that sold all the season at 45c a yard—they aren't worth any less now but for the fact that it is clean-up time and they must suffer because tempus fugit. Today 27c. a yard.

All Our Finest Imported Swisses.

This movement concerns the dressy dress materials. Many of them were exclusively ours. All were of the most refined character, and each will add much beauty to the summer wardrobe of its purchaser. The old prices were 75c and $1. The new price today is 43c a yard.

Liberty Satin Ribbons.

We have been very particular in buying the ribbons we sell. Just now the prevailing need is for the soft, thin Liberty Satin and that is what we want to tell you about particularly to-day. 3½ inch wide, pure silk, d[illegible] soft Liberty Satin Ribbon in every wante[illegible]c. a yard.

Fischer's Nashville aggregation, with Hill's great box-work yesterday have a commanding lead for first place in the race for the penant, while Robb took a fall out of iLttle Rock, seriously crippling them for second place. Shreveport's win and Chattanooga's defeat tie the Louisiana town and Lew Whistler's crowd for fifth place with Selma only 2 points behind them both.

Selma seems to have at last been pulled out of the slump they were in, and yesterday was the third straight victory for them. After today's game with Birmingham eSlma takes the road again, playing twelve games with Shreveport, New Orleans, Memphis and Little Rock in the order named.

CRIBBINS HAD GOOD CONTROL.

While Bases on Balls Ruined Brandt and Chances of Birmingham Team

Selma, July 23.—(Special.)—The Constitutional Convention is not the only crowd of Summer sweaters who have the free pass question to solve. There are others, and one Brandt by name started it in the game at Riverside Park this afternoon by giving Selma eight free passes to first and as a result the Birmingham delegates could not solve the question how to win. With those passes in the hands of the Selmians the people did not object to them, while the locals pushed them hard and strong by putting nine good hits behind them, three of which were two-baggers, and won the game hands down by a score of 9 to 6. The visitors went into the game at the beginning as if they were going to eat things up, punching Cribbens for four hits and three runs in the first inning, but Selma followed with exactly the same dose in her half and one better. Selma then took the lead in the second by one. Birmingham then went one ahead in the third, getting one more in the fifth. But Brandt kept on issuing free passes, having already given the locals several, and as a result the fifth and sixth innings gave Selma four runs, three to the good, enough to win. The visitors hit Cribbens for a total of thirteen hits and would perhaps have won out for that terrible free pass business which put them in the throes of defeat.

The score is as follows:

Pelicans' Winning Streak Stopped.

New Orleans, July 23—Shreveport played a fine up-hill game today and New Orleans met her first defeat since returning home. TESTIMONY TAKEN DOWN.

Prisoners Waived Examination, But the Evidence Was Recorded.

Athens, July 23.—(Special.)—The time of the County Court was taken up the past two days in the preliminary examinations of the negroes charged with the murder of Bob Taylor. They all waived examination, but the State wanted to take the testimony of the State witnesses and have it properly attested while the facts were fresh in the minds of the witnesses. This is a new practice here but it was allowed and the time was spent in making a rigid examination of all the State witnesses and having the official stenographer take it down. The dying declaration of the wounded negro was taken by Messrs. Ed Garrett and Mack Hill, two prominent farmers living in his neighborhood to whom he sent for that purpose. The negroes all seem careless, and seem to have no horror of the fate that stares them in the face.

The County Tax Assessor has just completed his tax book for the year 1901, and it is now in the hands of the Probate Judge. Aside from being a most beautiful piece of work, it contains a number of interesting facts. The tax books show that the increase in taxable values for this county during the past year runs up the neat sum of $126,887. This seems a pretty good increase in one year. The total valuation of property in this county for assessment is $3,631,788; of this sum the realty is valued at $1,989,441 and the personal property at $1,642,347. The net increase in taxes for the county over last year is $1,557.43. A great deal of this increase is due to the efforts of the Tax Commissioner.

ANOTHER NEW BUILDING.

Three-Story Brick on Perry Street and Madison Avenue.

The building boom moves on and every day new buildings are projected. The latest is a permit for a splendid store and office building to be constructed at the corner of Perry and Madison Avenue. It is to be a three story brick structure on the block from which the one-story frame dwelling has just been removed to the rear, facing on Madison Avenue. The new building is to be erected by Smith, Zirkle & Moore and is to be modern and up-to-date in every respect. There is said to be a demand for business and office room in this locality and it is to meet that demand that the building is to be erected.
