NINETEENTH YEAR

BEATRICE NEBRASKA TUESDAY EVENING AUGUST 12 1902

NUMBER 183

JUSTICE GRAY RESIGNS

Hon. Oliver Wendell Holmes
Named to Succeed Him.

AGED JURIST WILL SEEK REST.

Ill-Health Induces Former to Give Up
Position He Has Held for Twenty-
one Years—Appointee Son of the
Late Dr. Holmes.

Oyster Bay, N. Y., Aug. 12.—Pres-
ident Roosevelt late yesterday after-
noon announced that he had appointed
Hon. Oliver Wendell Holmes, chief
justice of the supreme court of Mas-
sachusetts, to be an associate justice
of the supreme court of the United
States, vice Justice Gray, resigned.

The resignation of Justice Gray was
due to ill health. Several months
ago he suffered a stroke of apoplexy,
which some time later was followed
by another. He has not appeared on
the bench since he was stricken the
first time. His advanced age—seventy-
four years—told against his recovery
with serious force. Realizing that
he probably never would be able
again to assume the place which he
so long had filled with ability and
honor, he decided a short time ago to
tender his resignation to the president.
With the exception of Justice Harlan,
he served on the bench of the United
States supreme court longer than
any of his present colleagues. He was
appointed an associate justice by
President Arthur on Dec. 19, 1881,
his service extending therefore
through a period of nearly twenty-one
years.

Justice Gray has been at Nahant,
Mass., his summer home, for some
time. During his long career on the
bench of the supreme court Justice
Gray delivered a number of important
opinions. His specialty was will cases,
although he participated in the de-
cision of many important cases before
the court. Justice Gray was with
the majority of the court in the de-
cisions in the income tax case and the
insular cases. Justice Gray was al-
ways an ardent Republican. His suc-
cessor, it is said, will not take his
place on the bench until after his con-
firmation by the senate. This is the
unwritten practice in the case of ap-
pointments to the supreme court.

Judge Holmes, whom the president
has selected as Mr. Justice Gray's
successor, is one of the most distin-
guished lawyers and jurists of Mas-
sachusetts. His career on the bench,
particularly as chief justice of the
Massachusetts supreme court, has at-
tracted wide attention. Like Justice
Gray, he is a native of Massachusetts.
He is a son and namesake of the late
J. Holmes, the poet and essayist.

EXPLANATION SATISFACTORY.

Colonel Groesbeck Does Not Deny
Statements in Recent Interview.

Washington, Aug. 12.—The war de-
partment will not make public the let-
ter of Col. Mel Groesbeck, judge advo-
cate, regarding an interview pub-
lished with him when he arrived at
San Francisco from the Philippines,
but will refer the matter to Secretary
Root when he returns from abroad.
Colonel Groesbeck does not deny the
statements in the interview, but
says that if he had thought that his
remarks were to be published the
statements would have been in a differ-
ent form.

It appears that there was a gen-
eral conversation, and although the col-
onel knew that a newspaper man was
present, he did not take it as consid-
eration the fact that what he might say
would appear in the press. His explanation
is considered very straightforward
and calls for no further action by the
department.

Street Car Strikers Averted.

Chicago, Aug. 12.—Danger of an im-
mediate strike of the street car men
of the city has been averted. When
the men met last night they were
surprised to receive from General Man-
ager McCullough of the Chicago City
Railway company an offer to submit
the difference between the men and
the company to arbitration. This took
the ground out from under the feet
of the radical element, which has been
urging a strike, and it was decided
to postpone action until later in the
week, when the officials of the Inter-
national Association of Street Car
Men will be in the city.

Strikers Foraging on Farmers.

Shenandoah, Pa., Aug. 12.—Com-
plaint was made to brigade head-
quarters that strikers are foraging in the
rich agricultural district of the Cata-
wissa valley, north of here. The life
of one farmer has been threatened be-
cause he attempted to protect his
property, and the raids have reached
such serious proportions that the
farmers are preparing to take some
concerted action to stop further dep-
redations. It is not unlikely that cav-
alry will be sent into the district to-
day to stop the raids.

Meat Cutters Meet.

St. Louis, Aug. 12.—The fourth an-
nual convention of the International
Meat Cutters and Butcher Workmen
of North America met at the city hall
in East St. Louis yesterday. The
meeting was called to order by Pres-
ident M. Donnelly of Chicago. Every
packing house district in the United
States is well represented.

Strikers and Deputies Exchange Shots.

Scranton, Pa., Aug. 12.—A battle oc-
curred last night between deputies
and strikers at Throop, an isolated
mining village six miles north of here.
Scores of shots were exchanged, but
so far as known no one was hit.

PYTHIANS OW

Gold Laced Knights of the

Possession of the

San Francisco, Aug. 12.—San Fran-
cisco was turned over to the Knights
of Pythias today, and gold lace and
uniforms have taken possession of the
city. Fully 6,000 visitors and 1,000
Knights of the Uniformed Rank
reached the Golden Gate yesterday,
many of them having traveled over
3,000 miles.

General Carnahan stated that, con-
sidering the distance most of the
Pythians must cover to reach the
western camp and the time consumed,
the present convocation would be the
most remarkable in Pythian annals.

In a large vacant lot at Twelfth and
Market streets 600 tents have been
pitched and a model military camp
established by the Uniformed Rank.

The first formal exercises in con-
nection with the convocation were held
yesterday afternoon, when an exhibit
of the products of the various counties
of California was opened in the Union
Ferry building. Mayor Schmitz ex-
tended the hospitality of the city to
the visitors. A felicitous response
was made by Major General J. R. Car-
nahan of the Pythian order.

At 5 p. m. the military camp was
formally turned over to Supreme
Chancellor Ogden H. Fethers, who at
once placed General Carnahan in com-
mand. The American flag was then
unfurled and the duties of camp life
began. Early in the evening the com-
manding officers of brigades and reg-
iments assembled at the headquarters
of Major General Carnahan, at the
pavilion, to receive orders and in-
structions for the general parade.

Later there was a reception in the
pavilion, which was attended by thou-
sands of knights and citizens. When
darkness had fairly settled over the
city the elaborate electric decorations
were revealed for the first time in
their full beauty. Never before has
San Francisco presented so gorgeous
a spectacle and words failed to ex-
press the admiration of the city's
guests. Today the grand lodge will
begin its sessions in an elaborate
council chamber, which has been ar-
ranged for the occasion at the Palace
hotel.

ELKS IN SESSION AT SALT LAKE.

Grand Lodge Convenes With At-
tendance of Twelve Thousand.

Salt Lake, Aug. 12.—The first meet-
ing of the annual session of the grand
lodge of Elks opened in the Taber-
nacle this morning, with 12,000 mem-
bers of the fraternity on hand.

A drizzling rain, something almost
unprecedented in Salt Lake at this
time of year, fell occasionally yester-
day, but not with sufficient volume
to injure the decorations or interfere
with the sightseeing. The business
district is one mass of flags and bun-
tins, the national colors and the royal
purple of the Elks being intertwined
on nearly every business block in
town, while hundreds of residences
are also draped. The electric effects
on Main and other business streets
are beautiful in the extreme. The
business district last night was ablaze
with thousands of incandescent lights
in white and purple, draped across
and along the sides of the streets and
hanging in festoons and gathered in
immense swags at various corners.

Special trains by the dozens
jammed with Elks from every section
of the country arrived yesterday. The
time was taken up by the visiting
Elks with trips to Saltair and other
resorts. Among the arrivals were
special trains from Omaha, Sioux
Falls, Kansas City, Baltimore and
other eastern points.

No News of Boyaca.

Col. Colombia, Aug. 12.—Nothing
has been heard of the government
gunboat Boyaca, which has been miss-
ing since July 29, when she left Pan-
ama with 300 men on board to rein-
force General Beltrán at Agua Dulce.

No definite news has been received
of the battle between the government
troops and revolutionists. General
Dulce, but it is said that he still
holds a strong position at Agua
Dulce and has been able to break
through weak points of General Her-
rera's line for the purpose of obtaining
cattle.

Governor Charged With Libel.

San Francisco, Aug. 12.—John D.
Speckles, proprietor of the Morning
Call, has sworn to a warrant in the
police court here charging Governor
Gage with libel. The alleged libel
is contained in a statement published
Friday, in which the governor said
that charges against him recently
published in the Call were made for
the express purpose of attempting to
defeat his nomination. Judge Con-
nelley signed the warrant, which was
placed in the hands of a detective for
service on the governor.

Miraculous Escape of Passengers.

Harrisburg, Pa., Aug. 12.—The first
section of the express train on the
Pennsylvania railroad which left
shortly before midnight ran into the
side of an eastbound freight train
near Dock street tower in this city.
Seven freight cars were broken and
burned, but the Pullman sleepers com-
posing the train were unbroken. No
passengers were hurt. The fireman
and engineer escaped. Most of the
wrecked cars were boxcars, loaded
with grain, and burned readily.

Five Hurt in Stage Wreck.

Georgetown, Colo., Aug. 12.—The
Grand Lakes stage was wrecked near
Coulter and five persons hurt, one fa-
tally. The injured are: Louis Lafty,
driver, internally injured, may die;
Mrs. J. Throckmorton, ship build-
ing, wrist broken and knee dislocated;
Miss Allie T. Tabb, St. Louis, left leg
broken; Mrs. L. Bradley, Kansas City,
three ribs broken.

CONDITION OF THE CROPS

Nebraska Shows Greatest Im-
provement in Corn.

ALSO LEADS IN WINTER WHEAT.

Estimated Average Yield for State is
Twenty-two Bushels to the Acre.

South Dakota Heads the List in
Spring Crop.

Washington, Aug. 12.—The monthly
report of the statistician of the de-
partment of agriculture shows the
condition of corn on Aug. 1 to have
been 86.5, as compared with 87.5 on
July 1, and a ten year average of 84.
There has been an improvement dur-
ing the month of 10 points in Penn-
sylvania, 7 in Indiana and Wisconsin,
4 in Ohio, Illinois and Kansas, 3 in
Iowa and 11 in Nebraska. This sub-
stantial improvement in the most im-
portant crop states would undoubtedly
have resulted in a marked improve-
ment in the average for the entire
country but for the fact that fourteen
southern states show an average
decline during July of 10.7 points.
The statistician estimates the winter
wheat crop at about 380,000,000 bush-
els, or an average of 13.8 bushels per
acre. The estimated average yield
per acre in the principal states is as
follows, the states being arranged in
order of acreage: Kansas, 8.7; Mis-
souri, 18.2; California, 15; Indiana,
15; Ohio, 16; Illinois, 16.8; Nebraska,
22; Pennsylvania, 15; Oklahoma, 11.6;
Michigan, 17.4. The average condi-
tion of spring wheat on Aug. 1 was
89.7, as compared with 92.4 last
month. There was a decline during
July of 2 points in Minnesota, 3 in
North Dakota, 9 in Nebraska and 12
in Iowa. On the other hand the crop
of South Dakota is reported at 1 point
higher than even the high figure, 94,
reported last month, and the condition
in Minnesota, North Dakota and Ne-
braska, notwithstanding the decline
above mentioned, is still considerably
above the ten year average. The
average condition of oats was 89.4,
against 92.1 last month.

TO ABANDON MISSOURI RIVER.

Government Will Give Up Effort to
Make Channel Navigable.

St. Louis, Aug. 12.—Beaten in his
effort to control the treacherous
stream the United States is about to
abandon the Missouri river to its fate
and give it up as a means of trans-
portation. Railroads have grabbed
the freight, and steamboat business
has dwindled until it is evident con-
gress thinks the expense of dredging
shifting sandbars, pulling snags, and
trying to hold the restless river in a
fixed channel is not justified by the
volume of business and will surrender.
Captain Chittenden, chief of United
States engineers for the Missouri
river, who replaced the Missouri river
commission, believes the career of the
Missouri as a means of transportation
is at an end. The abandonment of
the Missouri is foreshadowed in his
annual report. In it he says:
"The discontinuance of the Missouri
river commission and the greatly re-
duced appropriations, as compared
with former years, for both upper and
lower rivers indicate an intention of
the part of congress to abandon the
river altogether in the near future.
Before the rendition of the annual
report for 1902 the officer in charge
will be prepared to submit a compre-
hensive statement of the conditions
of the entire river and the advisability
or nonadvisability of further work
upon it."

Cattlemen Resist Arrest.

Guthrie, Okla., Aug. 12.—Deputy
United States Marshal Gundy re-
turned to Guthrie last night with one
cattleman prisoner, Thomas Tyson,
who is under \$1,500 bond for partici-
pating in the cattle war on homestead-
ers in western Oklahoma. He is one
of eight for whom federal warrants
were issued. An armed posse of cat-
tlemen prevented the deputy from
serving more than two warrants and
he returned here for advice and help.
Frank and Edward Spears, brothers
of a prominent cattleman, resisted ar-
rest, the deputy reports.

What is Australia.

Victoria, B. C., Aug. 12.—Advises re-
ceived by the steamer Mowla from
colony of the terrible drought in
Australia tell of a sad condition,
which has devastated the south-
western part of that section. Sheep
ranches of that section have been
devastated. Millions of sheep have
died, and men formerly employed
wealthy have been compelled to seek
employment. Samuel McCaughey,
sheep king of Australia, lost over
a million sheep of his herd of a million
and a quarter and other large herders
have been equally unfortunate.

Frost Damages Iowa Corn.

Des Moines, Aug. 12.—A severe
frost is reported in the northwestern
part of Iowa. Messages received from
Clermont state that the section about
Sibley was visited by a heavy frost
and that the damage to corn has been
considerable.

Ship Building Plant Sold.

Wilmington, Del., Aug. 12.—The
Harland & Hollingsworth ship build-
ing plant, located here, was last night
transferred to the United States Ship
Building company. The price is said
to be \$1,500,000.

Ex-Governor Cook Dead.

Winneton, Conn., Aug. 12.—Former
Governor Cook died early this morn-
ing. The cause of death was given as
a shock received from an operation
performed on Sunday for intestinal
trouble.

NO CLUE YET TO BARTHOLOMEW.

Latest Developments in the Chicago
Murder Mystery.

Chicago, Aug. 12.—Late develop-
ments indicate that William Bartholme
made a careful survey of the field
where Minnie Mitchell's body and
clothing were found. William Wal-
drop told the police that on Wednes-
day, July 30, he met William Bar-
tholme at Seventy-fourth and State
streets, within a few feet of the spot
where the dead body of the young
man's fiancée was found. It is sup-
posed that the murder of Minnie
Mitchell took place the same night.
Bartholme's presence at the field where
the body was found later gives color
to the theory that the murder was
planned in cold blood.

The police are using all their in-
genity to force Oscar Thompson, Mrs.
Bartholme's principal roomer, to give
additional information about the
crimes committed in the Calumet ave-
nue death house. They have been
working on the theory that the Mitch-
ell girl may have been killed there and
taken in Thompson's laundry wagon
to the lonely field. A test is to be
made to prove this theory. The horse
is to be started, south and left to its
own instinct, in hopes that it will stop
at Seventy-fourth and State streets.
Residents in the neighborhood of
Forty-third street and Calumet avenue
yesterday filed a protest with the po-
lice department, stating that the
crowds of curiosity hunters and the
rubbish occasioned by ransacking the
Bartholme house were becoming a nu-
isance.

HAYTIAN TOWN IN RUINS.

Petit Goave is Destroyed by Revolu-
tionists.

Port au Prince, Hayti, Aug. 12.—The
correspondent of the Associated
Press visited Petit Goave yesterday
and found that the town had been com-
pletely destroyed, there being nothing
left but a pile of ruins.

About 4,000 persons are homeless
and are greatly in need of assistance.
The greater number of them have
sought shelter in the Simmonds fac-
tories, near the town. The French
cruiser Du Assas arrived at Petit
Goave with provisions for the suf-
ferers and returned to Port au Prince
with 200 women and children and
fifteen wounded men. The authorities
refused to permit the firm to leave,
fearing they would go to other
points and take up arms again.

Each party accuses the other of hav-
ing set fire to Petit Goave, but the
general belief is that General Chicoye,
the firmist commander, resolved to
destroy the town when he saw that he
could not hold it against the Fouchard-
ists.

Earthquake in Alaska.

Skagway, Alaska, Aug. 12.—Yester-
day a severe earthquake was felt here
about noon. The first shock was fifty
seconds long. Several large plate
glass windows were broken and chim-
neys in the northern part of the city
tumbled down. The water in Lynn
canal rose five feet very suddenly,
then subsided as quickly. A report
from Juneau says that the little fleet
there was pitched around and sev-
eral boats capsized. The first long
shock was followed by a lighter one.

General Smith Welcomed Home.

Portsmouth, O., Aug. 12.—General
Jacob H. Smith was given a royal re-
ception at his home here last night,
fully 5,000 people being at the depot
to meet him, accompanied by a band
and drum corps. The mother of Gen-
eral Smith was among those at the
station. A crowd, including several
companies of the Ohio National guard,
escorted the general to his residence.
General Smith absolutely refused to
discuss the order retiring him.

Robbers Make Rich Haul.

Valparaiso, Ind., Aug. 12.—Three
robbers broke into the home of Dr. A.
A. Stoneburner yesterday and after
overpowering, binding and gagging
the servant, secured money, jewelry
and negotiable securities to the value
of \$20,000. They escaped without leav-
ing a clue. Dr. and Mrs. Stoneburner
had gone for a drive, leaving the ser-
vant in charge of the house. The girl
was unconscious when they returned.

Gemmito Suicide.

Soldier, Aug. 12.—Walter S.
Leavenworth, in company B, engi-
neers, privates, died at Fort
Leavenworth from a self-inflicted
gunshot wound. He had all his efforts
out of the service, a Norwegian rifle
falling, placed a Kraus-Jorgensen rifle
to his throat and pulled the trigger.
The bullet tore away his tongue and
bleached its way through his head.

Price of Sugar Advancing.

New York, Aug. 12.—The American
Sugar Refining company, at V. B. H.
Mowell, Son & Co., yesterday in-
creased the price of soft sugar ten
points and that of confectioners' su-
gar five points.

WORK OF PEORIA FIREBUG

Applies Torch to Five Buildings
in One Day.

SUSPECT IS UNDER ARREST.

Flames at One Time Threatened Busi-
ness Section of City—Livery Stable
and Nineteen Horses Are Burned
—Firemen Kept Busy.

Peoria, Aug. 12.—The police and fire
departments of Peoria were kept on
the jump yesterday by the operations
of an incendiary. The torch was ap-
plied to five buildings during the day
and through the actual fire loss will
not exceed \$25,000, with an insurance
of about \$12,000, the flames at one
time threatened to sweep a large sec-
tion of the city.

The police arrested Edward Flana-
gan, twenty years of age, on the
charge of arson. They claim to have
direct evidence against him. Shortly
after his arrest the mutterings of the
crowd made it necessary to remove
the prisoner to the county jail for
safe keeping.

The first fire was started in the
store house of the Val Blatz Brewing
company, at the foot of Harrison
street. It was extinguished before se-
rious damage had been done. Fire
was next seen in Dooley Bros. coal
sheds, but the damage there was nom-
inal. Shortly after noon fire was dis-
covered in Neumiller's livery barn.
The flames spread with such rapidity
that the nineteen horses occupying
the basement floor and all the rigs
were destroyed. The flames spread to
the undertaking establishment owned
by C. W. O'Leary, adjoining the livery
barn. A general alarm was sounded
and every piece of fire fighting appar-
atus in the city was called out.
Then came an alarm from the flouring
mills of Horace Clark & Sons. Part
of the department was rushed to the
mill, but the flames had gained such
headway that damage amounting to
\$8,000 was caused before the flames
could be checked. While the depart-
ment was fighting the Clark mills
fire an alarm came in from the resi-
dence of Mrs. Reggy, in Warner ave-
nue, where damage of \$400 was caused.

The incendiary began his work in
Peoria about April 1 and so vigorously
did he apply the torch during the
month of April that the city council
held a special session and offered a
reward of \$500 for his capture and
conviction. The fire underwriters' as-
sociation offered an additional reward
of \$500. Notwithstanding the fact
that the reward had been doubled, he
continued his work. Up to date he
has succeeded in suffocating and burn-
ing fifty-five horses and causing fire
damages aggregating many thousands
of dollars. When the Clark fire broke
out Flanagan was seen to throw some-
thing into the building and walk hur-
riedly around the block. He was
watching the fire when the police ar-
rested him.

TRY TO TAKE WYOMING TOWN.

Citizens of Battle Rout Raiders Who
Sought to Avenged Sheep Slaughter.

Battle, Wyo., Aug. 12.—A crowd of
Mexican sheep herders attempted to
take the town of Battle, with the re-
sult that two of them were killed.
Several made their escape into the
woods, one man being shot in the leg.
One citizen was hit on the heel and
Miss Estelle Sanders, a resident, was
severely cut in the face by a window
pane broken by a stray shot. Every
man in town is armed, fearing the
Mexicans will swoop down on the
town, as there are scores of them
in this vicinity.

The attack was in retaliation for the
slaughter of 5,000 sheep by the towns-
people, who had ordered the sheep-
men to keep away, as this territory
is reserved for the cattle men.

Business Portion Wiped Out.

Fresno, Cal., Aug. 12.—Fire de-
stroyed the business part of the little
town of Reedley. The loss is es-
timated at \$75,000. The flames broke
out in Goshline Bros. store and fanned
by a brisk northwest wind, spread
rapidly to adjoining buildings, the
only available means to combat them
being a bucket brigade. A man named
Webster, who was arrested some time
ago for burglary and discharged for
lack of evidence, and who is said to
have threatened revenge upon his
prosecutor, a tenant of the Goshline
building, has been arrested, charged
with arson.

Escapes Death by a Miracle.

Coffeen, Ill., Aug. 12.—During a
thunderstorm here lightning struck
Mrs. Frank Neiler of St. Louis, melted
a gold watch chain which was about
her neck and also four gold rings on
her left hand. The rings ran together
into one piece. In her hand was an
umbrella, with a steel rod, and the
rod was twisted out of shape. Her
left shoe was torn off. She was ren-
dered unconscious for an hour, but
has fully recovered.

Allentown Wind Swept.

Allentown, Pa., Aug. 12.—During a
violent windstorm yesterday, the
three-story brick store and residence
of Frank J. Schroth was levelled to
the ground and Mr. Schroth, who was
at work on the roof, was thrown to
the ground and instantly killed.

Forest Fires in Oregon.

Portland, Ore., Aug. 12.—Forest
fires raging in the Cascade mountains
along the Columbia river are destroy-
ing millions of feet of valuable timber.
Clouds of smoke hang over the city.
Most of the fires are started by
campers.
