Try to Domesticate Northern Caribou

With the intention of making an extensive survey of the reindeer herds of Alaska and study means of propagating the fur-bearing animals of the territory, Edward W. Nelson, chief of the United States biological survey of the department of agriculture, will reach Seattle next week and will sail for St. Michael in July on the steamer Victoria. He will be accompanied by a party of government experts interested in the development of Alaska caribou. Dr. Nelson will direct the expenditure of \$25,000 in reindeer work and \$15,000 in the interests of land fur-bearing animals. The amounts will be taken from the \$40,000 appropriated by congress a few months ago to the department of agriculture to spend in reindeer and fur animal propagation in Alaska. The work has formerly been vested in the interior department and the department of commerce. The biological chief will also investigate the possibilities of domesticating the vast caribou herds of the territory and carrying them with the 150,000 reindeer now handled by the natives.

Teachers Who Wed Will Get Rebate

School teachers quitting their positions to get married may recover money paid by them for the teachers' annuity fund, according to an opinion prepared Tuesday by Deputy Prosecutor Charles E. Claypool, upon request of S. E. Fleming, secretary of School District No. 1.

FUNERAL SERVICES for Frank E. Crews, 46, night manager of the Chauncey Wright restaurant at 1209 Second ave., who died in city hospital Tuesday afternoon after a stroke of apoplexy, are being arranged by Bonney Watson. He is survived by his wife, Mrs. Laura Crews. They came here from Denver three weeks ago. He was an Elk.

SEVERAL IN HIS FAMILY HELPED, SAYS FOREMAN

Wife Strong and Happy as a Girl Since Taking Tanlac—Others Also Benefited

"The change in my wife's condition since she began taking Tanlac is nothing less than wonderful," said Ivan Hansen, of North 1414 Lincoln st., Spokane, Wash., foreman in the N. P. freight depot. Mr. Hansen has lived in Spokane for twenty years and is highly respected by all who know him.

"My wife is now in the best of health, after being practically an invalid for years, and she is also fifteen pounds heavier than when she began taking Tanlac. Before she took this medicine she could hardly eat anything and what little she did manage to eat fermented and soured on her stomach and then gas formed and pressed around her head and lungs so that sometimes it was all she could do to get a full breath. She suffered from a sluggish liver, headaches, and spells of dizziness, so that at times she either had to sit down or catch hold of something to keep from falling. She had pains in her back and limbs, and in fact her whole body ached. She lost weight and became so weak that her housework was a burden to her. She was also very nervous and low-spirited and would lie awake all hours of the night, unable to sleep.

"So many friends recommended Tanlac to her that she started taking it. Her appetite picked up at once and now she can eat anything she wants and never feels any bad effects. Her liver also is in fine shape and her headaches and nervousness have disappeared. She is now so strong and well that she goes about the house like a girl, doing her housework with ease. Her nervousness has left her and at night she sleeps like a child. Other members of my family, too, have been benefited by Tanlac and we all say that it is the medicine for us. We recommend it every chance we get."

Tanlac is sold in Seattle by Bartell Drug Stores under the personal direction of a special Tanlac representative.

Bartell Drug Stores Say

Drug Store Man Had Booze, Charge

J. N. Harby, proprietor of the Howell street pharmacy, 1007 Howell st., is at liberty Wednesday under \$300 bond, as a result of his arrest Tuesday by deputy sheriffs. The complaint charged Harby kept moonshine whisky in his pharmacy.

The "Letters to the Editor," published daily in The Star, are genuine critiques received from its readers who "break into print" to give their honest opinions on subjects of interest to them. As such they are not only interesting, but enlightening, and are well worth reading.

STOP PYORRHEA RAVAGES

Mr. Edwin B. Garretson of Excelsior Springs, Mo., writes: "Beg to advise that I have succeeded, through the efforts of a druggist here, in procuring a bottle of PYROS, and have one-half of same used as directed. The results have proven so marvelous that I cannot refrain from imparting the good news to encourage you in its use. I have had an X-ray photo taken of my teeth and have been examined by fifteen dentists, all of whom have told me that there was no possible way of stopping the ravages of my pyorrhea or saving any of my teeth. If the results of further use of PYROS are as favorable as my first tests, I feel duty bound to spread the good news to the four corners of the earth." Bartell Drug Co.
