The Daily Express guarantees advertisers the largest circulation of any daily newspaper in Nebraska outside of Omaha and Lincoln. In Beatrice, on rural routes of the county and in the small towns, no other daily paper has so many paid subscribers.

The Semi-Weekly Express has more subscribers in Gage county than any other newspaper. Most of them are paid in advance, too.

When you advertise, get the best circulation. Our lists are superior in quality as well as quantity.

AN IMPORTANT CAMPAIGN.

The campaign of 1903 is but the preliminary skirmish to the battle of 1904. The great parties are beginning to marshal their battalions and map out the plan of battle. In order that the republican ranks may show no break where an enemy may enter in the day of battle, it is necessary that each man maintain his place in the ranks this year. For three years the state of Nebraska has held true to the republican party by the election of its candidates. Next year the republican voters of Nebraska will swing into line behind our great leader, President Roosevelt and march on to victory. He is the people's choice. No president since the death of Abraham Lincoln has been so close to the hearts of the people as he is. The enemy may vilify him as they did Lincoln and McKinley; great corporations that have been compelled to obey the law may scoff at him and certain subsidized newspapers may sneer at him and use all the arts known to the enemy to hurt him in the eyes of the people, but the people love him. The heart of the great west goes out to him. He knows our people. He has lived on the western plains and knows the needs of the men who have carved out of the Great American Desert, this garden of the world. We can depend upon him. When the time comes to vote, Theodore Roosevelt will sweep Nebraska like a prairie fire.

The republican ticket is an excellent one. Judge Barnes, the candidate for Supreme Judge, is at the present time a member of the Supreme Court Commission, where he has shown how well qualified he is for the position. The candidates for regents are prominent men in the state, one a prosperous farmer and the other a lawyer. Do your part to see that Nebraska goes republican this year. This is no year for bolters. The man who steps out of the lines this year to vent some personal spite is assisting the enemy in next year's battle. Vote the republican ticket and let us show the state that Gage county is still the banner republican county in the state.

The man who is careless about voting is not an ideal citizen, especially when a great deal is at stake, as in the present campaign. And in order to vote you must register, and in order to register you must go to the city clerk's office; and if you don't attend to the matter promptly it will be too late. Be sure to register, and then vote the republican ticket.

The county has never had a more satisfactory treasurer than W. W. Wright, who holds to the old fashioned belief that a man occupying a public office should devote his time and energy to its

affairs. Mr. Wright is always attending to business.

It is just about time for final appeals to the voters.

With Reavis and Babcock on the bench, this district will have two of the ablest and best judges in the west.

VOTE for J. R. Plasters for county clerk, and show your appreciation of a very faithful and capable official.

The man who puts off registering until the last moment, is apt to be so busy then that he can't attend to it.

The people want no man for district judge who is not a friend of the public schools—and they will therefore vote for Babcock and Reavis.

When the campaign is ended, and the smoke of battle has cleared away, you won't have a clear conscience unless you vote for the straight republican ticket.

The great majority of the teachers are women, and women take a deeper interest in educational matters than do men. Vote for Miss Day for county superintendent, and the schools will be looked after properly.

Mr. KEAVIS has appeared before a good many audiences recently, and has won new friends in every instance. To see him and hear him speak is more convincing than any quantity of argument, and when he comes to Beatrice every voter who can get into the hall should be on hand.

The Commoner has in its last issue an article with a scare head, treating of preparing for the great battle of 1904. The plan recommended is simple, and will be very gratifying to the publisher of that paper, if generally adopted. It is to secure a number of subscription blanks, and go out among your friends, urging them to vote for the Commoner. The democratic leaders now know what to do in order to make victory certain, and we trust that they will lose no time in securing the subscription blanks.

PRESIDENT ROOSEVELT has just celebrated his 45th birthday, and is apparently as young as he was twenty years ago. The fact that he is not an old man is responsible for some of the opposition to him. There are many Americans who are unreasonably jealous of young men. They hold that a man should be a patriarch before being intrusted with public office. But the majority have outgrown that belief. Public life in this country is strenuous, and the work connected with an important office is exhausting, and a young man can stand up under the burden better than an old one. Some of the critics of Mr. Reavis insist that he is too young; but his youth has not prevented him from distinguishing himself at the bar, and winning a very enviable reputation.

TOO LATE TO CLASSIFY

You may hear the voters say: "We shall vote for Anna Day, and consider it a pleasure, do ye mind!" And the fusion candidate, He is very slow and late; He must be some forty million miles behind.

A reasonable amount of fatigue is a good thing, but to get so tired that you can't hold up your head without a bracket is a bad thing. Don't let any of the maxims of the ancient or modern philosophers beguile you into working too hard.

The lifting jack invented by G. H. Johnson, to which we have referred so many times, is really the smoothest thing of the kind ever published. A man can lift a house off its foundation with it, and it comes in handy in so many different ways that the owner pauses every once in a while to call down blessings upon the head of the inventor.

A few days ago a Beatrice man who has an abundance of rich whiskers, of a sort of bleached yellow color, had an old mule that doesn't always have enough health food to keep its works going properly. A neighbor says that the man set up against the house in the sun last Sabbath, and went to sleep, and the mule took a large mouthful of his whiskers and wouldn't let go until they were ruined. Perhaps the man who told us the story exaggerates; but a man who starves a good faithful mule deserves such a rebuke.

The worst thing about farming is that you are always getting your hands full of thorns and briars and cockle burrs. One day in a corn field is enough to spoil the hands of an ordinary man.

The people who wildly insist that the corn crop would be a howling failure should trot into some of the cornfields near Beatrice, and see the large fat ears which make the stalks lop-sided. Gage county has any quantity of the finest kind of corn; some farmers, who have been in the business for a life-time, say that they never had a better crop.

The Genuine vs. Counterfeits. The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve. Sold by ones Red Cross Pharmacy.

APPEALS TO THEM

Joseph Chamberlain Addresses Conservative Association—Laborers Stand by Proposals.

Liverpool, Oct. 28.—Joseph Chamberlain addressed another monster meeting in the Hippodrome here last night. The meeting was held under the auspices of the Workingmen's Conservative association, and the 5,000 persons present gave the former colonial secretary a tremendous reception. It was organized as an offset to the recent action of representatives of labor unions in various places in denouncing Mr. Chamberlain's tariff and preferential proposals.

Mr. Chamberlain devoted the first portion of his speech to the "dumping" of the manufacturers of the United States and Germany in this country, which he said must result in depression after the present prosperity. With regard to the cry of "dearer food," he pledged himself that his proposals would not add anything to the cost of living; on the contrary, they would decrease the cost of living to the poorest families in the country.

The speaker devoted the greater part of his speech to a powerful argument addressed to the working classes of the United Kingdom, to whom he appealed against their leaders. Emphasizing the statement that it was impossible to reconcile free trade with trades unionism, Mr. Chamberlain pointed out the inconsistency of supporting a policy which admitted the product of the cheapest kind of labor without taxation.

The meeting adopted a resolution endorsing Mr. Chamberlain's services, endorsing the government's fiscal policy and declaring the advisability of binding the empire more closely together.

MARTIAL LAW IN BILBAO.

All Trades Have Joined Strike and Forty Thousand Are Idle.

Bilbao, Spain, Oct. 28.—Martial law has been proclaimed here. All the trades have joined the strike and 40,000 men are affected. Railroad and street car traffic has been suspended. Cavalry is protecting the gas works. Efforts to prevent men from working have led to some rioting. The rioters stoned carriages that appeared in the streets, shouting "Death to the bourgeoisie." The mob was charged by the police and shots were fired from both sides and several persons were wounded.

Factories in Bilbao belonging to foreigners now fly their respective national flags. Business on the bourse is suspended and the strikers have prevented the loading of vessels in the harbor. The shops are closed and no newspapers are being published. Reinforcements of troops are arriving.

TRY TO CREMATE JOINTIST.

Mob at Dodson, Mo., in Name of Law and Order Commits Arson.

Kansas City, Oct. 28.—A mob composed of persons supposed to be members of a law and order league, burned to the ground a joint at Dodson, Mo., about fifteen miles south of this city, early this morning. The joint was occupied by F. F. McReynolds and the mob believed that he was in the building. Its members surrounded the place armed with rifles, shotguns and pistols. They poured kerosene liberally on the frame structure and applied a torch to it, and it was soon totally destroyed. The burning of the building follows a bitter fight that has been made on the joints of that district. McReynolds was not in the building, having been warned of approaching danger. He had fled to Kansas City. Several joints in the township have been closed and their keepers arrested.

MURDER VICTIM FOR MONEY.

Robbers Use Chloroform and the Fumes Prove Fatal.

Lead, S. D., Oct. 28.—J. A. Marcoux, head carpenter for the Hidden Fortune Gold Mining company, was murdered at his home in Lead. Chloroform was used by the murderers. Mrs. Marcoux was aroused with a choking sensation, which was gradually forced off, and she arose and went into the kitchen. After fully reviving she returned to her bed room, where she found her husband dead, with the pillow and bed quilt over his mouth. A handkerchief saturated with chloroform lay on the floor and the window of the room showed plainly how the crime had been committed. It had been forced up and on the outside an empty two-ounce vial lay. Robbery was the motive.

Dowie Is Well Pleased.

New York, Oct. 28.—At the early morning service in Madison Square Garden Dowie gave a brief address on "Covetousness," and also spoke about the work done by his followers here, saying that a great many converts had been made and about 400,000 homes visited. He announced that a public baptism would take place in the garden this week, but that he had not decided when it should occur.

Not in Favor of Labor Unions.

Grand Rapids, Mich., Oct. 28.—The general conference of the Wesleyan Methodist church of America, in session here, passed resolutions today stating that the church was not in favor of labor unions because they were secret societies. The resolutions also state the church is against the use of the boycott and the calling out of men by unions when they are working on contract.

Airbrake Failed to Work.

Salida, Colo., Oct. 28.—By the airbrake failing to work on the second section of a freight train on the Denver and Rio Grande on a steep grade, the train ran into the rear of the first section. Three men were killed outright and one frightfully injured. The dead: Engineer Samuel Brown and brakemen Henry Simons and John Mulhaly. Henry Fitzsimmons is probably fatally injured.

—Take THE SEMI-WEEKLY.

FIRES FIVE SHOTS AT DIAZ.

President of Mexican Republic Target for Bad Man, Who is Arrested.

Guanajuato, Mex., Oct. 28.—Great excitement was caused here by what looked like an attempt on the life of President Diaz, who was a guest of the state government during the festivities here. The president, his staff and guests were passing by the Oantgar garden on a street car when a man of the lower class named Elias Toscano approached the car, shouting, and fired five shots from a revolver at the car, fortunately doing no harm. Paklo Escandon of the president's staff rushed out of the car and caught the man, wrenching the revolver from his grasp. The police took Toscano to the station. Toscano is a man with a bad reputation. The matter will be investigated. One theory is that Toscano was drunk, and another that he deliberately planned to shoot the chief magistrate.

The president remained cool and was acclaimed by the crowd, showing their joy at his escape. Toscano's evil record makes the theory of a deliberate attempt at assassination appear probable. The president has received the felicitation of the citizens and diplomatic corps here.

Contractor Kills Carpenter.

Kansas City, Oct. 28.—Edward Grogger, a building contractor, shot and killed John Nash, a carpenter, firing from behind, in a quarrel in the southern limits of the city. Relatives and neighbors of Nash made an attempt to mob Grogger, and the latter was only saved from violence by the police driving him furiously from the scene. Both men have families.

Seven Section Men Killed.

Sacramento, Oct. 28.—Word reached this city that the second section of train No. 6 had run into a work train at Palisade Station on the Central Pacific, in the state of Nevada, and that seven section men were killed. Several passengers were injured, as were the engineer and fireman of the passenger train.

Wealthy Stockman Indicted.

Basin City, Wyo., Oct. 28.—The grand jury investigating the lynching of Gorman and Walters returned an indictment against George Sabin, former partner of Colonel J. L. Torrey. Sabin was arrested. It is understood that indictments have been found against other wealthy stock men.

Rebels Capture Another Town.

Cape Haytien, Oct. 28.—The town of Las Vegas has been captured by insurgents under General Roca. It is said here that General Jimenez may arrive at any moment at Monte Cristi, where he will be received by the people with enthusiasm.

Judge Estee is Dying.

Honolulu, Oct. 28.—United States District Judge M. M. Estee is dying as the result of an operation performed two days ago for kidney trouble.

Peak and Chasm.

In whatever direction the Colorado tourist may choose by rail, if he go to the mountains his journey is a succession of glorious scenery, varying in the characteristics of placid beauty, grotesque ruggedness, and awe-inspiring grandeur.

Up the canons are stupendous walls rising perpendicularly, or gradually sloping back to ward greater hills, or, yet again, leaning forward above the chasm, as if threatening to come tumbling down—projecting great rocks that hang suspended over the train as it glides smoothly by—a panorama of wonder and grandeur such as belong only to the Rocky Mountains.

To enable people to reach Colorado without unnecessary expenditure of time or money, the Union Pacific has put in effect very low rates and splendid train service from Missouri to Denver. Accommodations provided for all classes of passengers.

MISS FAY LEE,

President of the Shakespearean Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you', but there is much more in my heart for you."

nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 608 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she resumed health by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

If you need advice write The Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn., describing all your symptoms freely, and a letter of advice will be sent you. Secure a \$1.00 bottle of Wine of Cardui from your druggist to-day.

THEY ALL FIGHT

A Riot in The Doukheber Colony Results in Four Fatalities—A Minister Caused Trouble.

Winnipeg, Man., Oct. 28.—Word has been received here of a riot in the Doukheber colony to the north of Swan lake, in which three persons were killed and another fatally injured. Peter Veregine, the so-called Christ of the sect went on a visit to the Yorktown colony. Before he went he called his followers before him, and while they lay prostrate before him he told them to follow out his doctrine during his absence and to pay no heed to so-called missionaries who might visit them. For a time all went well until a Methodist minister named Perkins arrived at the settlement and tried to preach to them.

The community divided itself, and one faction of the women stripped themselves of clothing, as they have done on several previous occasions, and started to look for Peter Veregine, their leader. The men interfered and a pitched battle ensued.

ENGLISH BANKER ARRESTED.

Placed in Custody After a Chase of Fourteen Months.

Chicago, Oct. 28.—After a chase lasting fourteen months, and in which two continents were traversed with a detective in pursuit, John Morrison, assistant cashier of the Northwestern bank of London, charged with embezzling more than \$60,000, has been arrested in Chicago.

Burnett Granted New Trial.

Springfield, Ill., Oct. 28.—In the case of Orville Burnett, a Chicago dentist, who was convicted of murdering Charlotte S. Nichols, and sentenced to fifteen years in the Joliet penitentiary, the judgment of the trial court was reversed by the supreme court and a new trial is ordered. Burnett and Mrs. Nichols were together in a Chicago hotel on the night of Oct. 20, 1901. Mrs. Nichols was downhearted and she and Burnett agreed to commit suicide. They purchased poison and after retiring the woman swallowed a sufficient quantity to cause death.

Moulton Re-elected Commander.

St. Louis, Oct. 28.—The second annual national encampment of the active service men of the Spanish war adjourned. The delegates took action favorable to the proposed plan of consolidating into one organization all the principal societies of soldiers who served in the Spanish-American and Philippine wars. If the co-operation of the different organizations is effected the new order will meet in St. Louis next year for its first encampment and formal organization. General George M. Moulton of Chicago was re-elected commander-in-chief.

Elect Delegates to Lincoln Meeting.

Cincinnati, Oct. 28.—At a meeting of the Freedmen's Aid society of the Southern Methodist Episcopal church twenty delegates were elected to represent the society at Lincoln, Neb., Nov. 8 and 9. An appropriation of \$100,000 for the forty schools in the south was recommended. It was shown that the schools are in a flourishing condition, having about 11,000 pupils.
