

CHURCHES ARE NOW COMBINED

Hungarian Reformed Affiliated With Episcopal at Kreischerville

TOTTENVILLE, Jan. 31.—Suffragan Bishop Lloyd, representing Manning of the diocese of New York, came to Kreischerville on Sunday and received in addition with the Episcopal church the Hungarian Reformed church at that place. The agreement entered into a year ago at Princeton for taking the denominations into the church, Dean Scholde of the Hungarian Reformed, Mr. Kreischerville, as also was Rev. V. Northey Jones, of St. Peter's Episcopal church, Perth Amboy, and Rev. Louis Nansay, of the Hungarian church of Perth Amboy. Bishop Lloyd, Rev. Mr. Jones and Dean Scholde each took part in the ceremonies which were followed by a dinner served at the church. The church is situated in the former St. Peter's Evangelical church at that place which was purchased by the Hungarian Reformed congregation in 1914. Rev. Kalmes Foth is the pastor of the affiliated church, which has a large membership in that community. There will be a Sunday school session each Sunday morning and the church services will be held in the afternoon, according to the announcement made.

BOROUGH EMPLOYEES TO HAVE BANQUET MONDAY

TOTTENVILLE, Jan. 31.—The twenty-fifth anniversary banquet of the employees of the borough of Richmond will be held at the Elks club in Stapleton next Monday night. This affair is being held by those employed who have been in the service of the borough for twenty-five years since consolidation. Borough President John A. Lynch, Commissioner David R. T. Assistant Commissioner John J. O'Rourke and Park Commissioner Thomas McGinley have been invited as honored guests. There are about seventy such employees in the borough who have served twenty-five years in various departments. Jacob Herrel and P. C. Dilg, of Tottenville, are two from this end of the island in that class.

HELP OF CHRISTIANS AUXILIARY IS STARTED

TOTTENVILLE, Jan. 31.—A number of women of the Church of Our Lady Help of Christians met at the parochial school hall Monday afternoon and organized the Help of Christians Ladies Auxiliary. Mrs. Thomas Marshall was named the president; Mrs. John Lang vice president; Mrs. William Hennessey, secretary, and Mrs. Edward J. Wagner, treasurer. The new organization starts out with a membership of nineteen and has been started for the purpose of assisting the church in various ways. This is the first organization of its kind ever established for the church of Rev. James P. Mallow, s. the pastor. Meetings will be held at the parochial school hall each week and all of the women of the parish are asked to join.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headache, a listless, no-good feeling, all out of sorts, inactive bowels, you take one Dr. Edwards' Olive Tablets nightly at bedtime and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the substitute for calomel—now and keep them fit. 15c and 30c.

SCHOOLS GET \$1,500,000 COMPTROLLER REPORTS

TRENTON, Jan. 30.—If the amount of \$2,735,438, declared by the trustees of the fund to be needed this year by the teachers' pension and annuity fund, is deducted from the state railroad tax for 1923, it will leave but \$1,534,403.38 to be apportioned for school purposes to the municipalities of the state, according to a communication sent by State Comptroller Newton A. Bugbee to the governor and the presiding officers of both houses of the legislature. The comptroller said the amount so far in excess of the amount asked in 1922, that he thought the matter should be referred to the attention of the legislature. The amount which the fund received in 1922 was \$1,049,000.

The state railroad tax is levied on first-class railroad property exclusively for school purposes. Some weeks ago there was some sharp debate in the State Board of Education meeting to the effect that the money derived from the railroad tax was being frittered away for objects not solely educational and that more of the fund should go to the municipalities for school purposes, as was originally intended.

"Continued in these figures of \$2,735,438," said Mr. Bugbee, "is the sum of \$1,896,822, which I am informed is for a reserve fund occasioned by the prior service of the present entrants in the fund. In other words, it is setting up a reserve against the service of the teachers for services rendered before the act of 1919 became a law." It was said the amount of railroad tax collected for the year 1922, and which will be expended this year, was \$3,235,438. It was also stated that the amount to be deducted amount to \$4,686,804.79, leaving a balance in the fund of \$4,319,841.38, which will shrink to \$1,534,403.38, which is the sum reaching the municipalities of the state if the sum asked by the trustees of the teachers' fund is certified.

WOODBIDGE ASSURED OF TWO ARMY CANNONS

BY GEORGE H. MANNING
Washington Correspondent of The Perth Amboy Evening News

WASHINGTON, Jan. 31.—Woodbridge, Middlesex county, N. J., will enjoy the distinction of being one of the very few places in the country to which the United States government has turned over two cannons for ornamental purposes. The chief of the ordnance division of the army has advised Representative T. Frank Appleby that orders have been given to the commanding officer of the Aberdeen Proving Ground, Md., to turn over to the township of Woodbridge one seven-inch Howitzer, mounted on a pedestal mount; and to the commanding officer of the Watervliet Arsenal to turn over one cast iron, M. L. cannon.

The pieces are to be used on the grounds of the new town hall at Woodbridge. An effort was made to secure one of the captured German cannons, but as this could only be accomplished by special congressional action, which could be obtained only after considerable delay, it was decided to accept one of the obsolete pieces of the war department. Accordingly, through Representative Appleby and State Senator Larson application was made, and the two pieces granted.

MATAWAN MARSHAL IS RECOVERING FROM WOUND

MATAWAN, Jan. 31.—Marshal John Mulsoff is slowly regaining the use of his hand, which was made useless when a shot pierced his arm while attempting to capture a robber in the Hopla & Altemar coal office at the Matawan station of the New York & Long Branch Railroad last summer. The shot went through the upper part of Mr. Mulsoff's arm and severed a nerve. It was some time before the marshal was able to use the arm and the hand remained without feeling and could not be moved. A series of treatments to the injured member have been received from a specialist in New York city, and the hand has at last begun to show signs of improvement. The feeling is slowly returning and Mr. Mulsoff is now able to move the finger to a considerable extent. Three trips are made to the specialist each week. During the period the hand was without feeling, Mr. Mulsoff burned it severely and it was some weeks before it healed.

South Amboy Teachers Pay To Be Discussed

SOUTH AMBOY, Jan. 31.—What action will be taken by the Board of Education with reference to the budget which does not include provisions for a sliding rate of pay for teachers this year? This question is being asked all over the city. Different sides have been taken on the matter and the arguments advanced by the contending factors are worthy of the deepest consideration. Several months ago it will be remembered that the Board of Education at one of its regular meetings adopted a sliding rate of pay for the teachers. With a minimum salary stipulated, the rate of increase to each teacher was a matter of 375 cents. The adjusted rate was fixed by the service in the local schools the teachers had given. There was no maximum salary fixed and for this reason Richard U. Rue, a member of the board, is dissatisfied.

Mr. Rue is considered one of the most active members of the board of Education. He is chairman of the buildings and grounds committee and is familiar with all the workings of the schools. Mr. Rue seems anxious to have a maximum salary fixed and a number of persons that have thus far interested themselves in the proposition feel about the same way. Mr. Rue, the superintendent, was in the school recently, and at the last meeting of the education board, that the teaching staff was composed of the best material that could be secured. He seemed to be of the opinion that the teachers were a satisfied group and that much could be expected where harmony prevailed. The establishment of the wage scale in the schools, however, was considered a good move, and it seemed to meet with the approval of the Teachers Association, an active body composed of teachers in this city. It was through their efforts that the rate was fixed. But, now the superintendent, together with Principal James H. Dawson, seem to favor a rupture, if the rate is not raised.

The superintendent takes pride in declaring that he has some of the best teachers that could be procured. Instances where the teachers of the local schools have been commended for their efforts.

WORKMAN IS INJURED

Thomas Kath, forty-six years old, of 292 Fulton street, Woodbridge, is at the Perth Amboy City Hospital with a compound fracture of the right leg that he received about 9:45 o'clock last night while at work on a cutting machine at the American Smelting and Refining Company's plant. His condition is fairly good at the hospital this morning.

Charge He Shot Man

NEW BRUNSWICK, Jan. 31.—Red Price, colored, of Bethlehem, Pa., arrested as a suspicious character by the Perth Amboy police last night, was returned here this morning by Detective John Murray to face a charge of shooting on November 8, Thomas Spencer of New Brunswick. Spencer had been confined to the hospital for several weeks and has since recovered from wounds inflicted on him.

Pennock Traded

Herb Pennock, Boston Red Sox outfielder, traded to the New York Yankees in a trade for Murray, a pitcher; McMillan and Skinner, outfielders.

Rebekah Lodge Grows

Sixteen new members joined Violet Rebekah Lodge, No. 56, Odd Fellows, at a special meeting of the lodge at Odd Fellows hall last night. Besides many members of the lodge, there were visitors present from Elizabeth and Carteret. Noble Grand Mrs. Anna Farber was in the chair and conducted the degree work. District Deputy President Mrs. Anna Seiber was present and took part in the ceremonies. These new members were taken in at this time so they could take part in the celebration when the traveling gavel arrives here next Wednesday night, February 1. The gavel, which has been going the rounds of the lodges of the state, will be brought here by Waverly Lodge of Passaic. Announcement was made last night that they would come down sixty strong by special car from Passaic. State President Mrs. Selma Server will also be here as the guest of honor. Preparations will be made for a reception for the visitors. After the meeting and initiation last night refreshments were served.

JANUARY SHOOT REPORT MADE

Five Matches Were Shot by Rifle Club Members During January

Report of five matches shot during the past month by members of the Perth Amboy Rifle Club is made by J. M. Sorenson. The matches were shot on the indoor range of the organization, at a 75 foot range the bull's-eye being one-half inch in diameter. Five shots were fired in each of the following positions, prone, sitting, kneeling and off hand. The scores follow:

Match	Matches
L. Hansen	176
J. M. Sorenson	182
G. Peterson	181
T. Samoe	170
C. Omerle	180
H. Rider	157
C. Miller	168
R. Peterson	150
N. Alexander	135
F. Cannon	124

The last three men on the list are new in the shooting game and considering their scores in the above matches are very good.

A regular meeting of the Rifle Club is scheduled for Friday night of this week and the applications of a number of prospective members will be passed on at this time.

HOUSEWORK IS NO BURDEN NOW

Arlington Lady Declares Tanlac Ended Nervous Indigestion Restoring Full Strength and Vitality

"I am so thankful to be able to eat and enjoy my meals once more that I feel like telling everybody about Tanlac," said Mrs. Albert Wingrove, of 373 Hickory St., Arlington, N. J., recently. "In the past year, nervous indigestion has caused me much suffering and I scarcely had any appetite at all. Nearly everything I ate distressed me and brought on sourness, eruptions and gas. I just felt run-down and worn-out and my housework was getting more difficult every day. "But I had not finished my first bottle of Tanlac when my appetite and stomach began to improve. I have taken four bottles of the medicine now and I no longer feel a touch of indigestion. I'm eating heartily, and just everything agrees with me. That run-down, tired-out feeling has gone away, too, and I really enjoy doing my housework now. Tanlac is certainly the right medicine for such troubles as I had." Tanlac is sold by all good druggists. Over 35-million bottles sold.—adv.
