

ANTI-SEDITION LAW CENSORS THE PRESS

Glass Points Out Faults and Urges
Publishers to Wire Pro-
tests to Capital

(Associated Press)
NEW YORK, Jan. 20.—Editors and
publishers throughout the country who
believe that legislation proposed in the
Graham anti-sedition bill, is unwise,
were urged tonight by Frank P. Glass,
president of the American Newspaper
Publishers' Association, to telegraph
by Wednesday night a brief statement
of their views to Representative Philip
Campbell, chairman of the rules com-
mittee of the House.

Particular attention is directed to
section 6 of the proposed bill in a state-
ment issued by Mr. Glass. He declares
this section apparently confers upon
Federal officials or postmasters gen-
eral power "to refuse mailing privi-
leges to a newspaper without a hearing
and without notice, provided the offi-
cial finds some letter, statement, argu-
ment or picture, which, in his opinion,
is objectionable and falls within the
statute. No review by any magistrate
or court is required."

The request to editors to register
protest by wire is necessitated, the
statement said, because of the sudden
call by the rules committee for a hear-
ing Thursday on the bill "defining sed-
ition and gravely affecting the freedom
of the press."

"Owing to the shortness of the notice
it is obviously impossible for the Amer-
ican press to be adequately repre-
sented," Mr. Glass said.

TO SELL SIX SHIPS

Former German Cargo Vessels
Will Be Sold

(Associated Press)
WASHINGTON, Jan. 20.—Sale of six
former German cargo vessels approx-
imating 50,000 dead weight tons at a
price to be fixed after an appraisal by
a committee of shipping board offi-
cials and independent shipping men
was agreed today by the Board.
The Franco-American Line, Inc.,
to take three of the vessels, Moore and
McCormick Company, two and the
Foreign Transport and Mercantile
Corporation one.

Bids for the sale of the thirty ex-
German passenger ships closed at mid-
night tonight. About a dozen bids had
been received and were in the hands
of various members of the board, it
was said today, but it is not thought
that any action will be taken until
the latter part of the week.

BILL STILL UP

Kenyon Americanization Measure
Debated

(Associated Press)
WASHINGTON, Jan. 20.—Considera-
tion of the Kenyon Americanization
bill continued in the Senate today but
final action was deferred until an
agreement could be reached on the
appropriation, which the bill would
carry. As now drafted, the bill would
appropriate \$45,000 for the educa-
tion of aliens and illiterates until the
end of the fiscal year in 1923 but this
amount is considered excessive by Sen-
ator Kenyon and others.
Resuming his speech begun yester-
day in opposition to the bill, Senator
King, Democrat, Utah, took up vir-
tually the entire day. He questioned
Congress' authority to enact such a bill
declaring it was an interference with
the powers of states.

Children Like It

"You know it is not an easy matter to
get children to take medicine, and forcing
it on them does no good. Most mothers
know that a cough medicine, while palatable, should contain no
drug injurious to the child.
The great popularity of Chamberlain's Cough Remedy is ex-
plained by the fact that it contains no opium or narcotic of any
kind, and at the same time is so pleasant and agreeable to the
taste that children like

Chamberlain's Cough Remedy

For this reason alone it is a favorite with the mothers of young
children."

LEOPARD CANNOT CHANGE SPOTS

Mr. Dodson, the "Liver Tone"
Man, Tells the Treachery
of Calomel

Calomel loses you a day! You know
what calomel is. It's mercury; quick-
silver. Calomel is dangerous. It
crashes into your bile like dynamite,
cramping and sickening you. Calomel
attacks the bones and should never be
put into the system.
When you feel bilious, sluggish,
constipated and all knocked out and
believe you need a dose of dangerous
calomel just remember that your
druggist sells for a few cents a large
bottle of Dodson's Liver Tone, which
is entirely vegetable and pleasant to
take and is a perfect substitute for
calomel. It is guaranteed to start
your liver without stirring you up in-
side, and can not sallowate.

Don't take calomel! It can not be
trusted any more than a leopard or a
wild-cat. Take Dodson's Liver Tone
which staghtens, you right up and
makes you feel fine. Give it to the
children because it is perfectly harm-
less and doesn't gripe.

CONGRESSIONAL CLERK TOO BUSY LIFTING WAGES

Blanton Wants Former Repre-
sentative Keating Fired
From Job

(Associated Press)
WASHINGTON, Jan. 20.—A concur-
rent resolution proposing that congress
remove Edward Keating, a former rep-
resentative from Colorado, as secre-
tary of the Congressional Commission
for reclassification of salaries of gov-
ernment employees, was introduced to-
day by Representative Blanton, Demo-
crat, Texas, and referred for consid-
eration to the House committee on re-
form in the civil service.

In the resolution Mr. Blanton accused
Keating of unwarranted promises of
salary increases to the government
workers, and of denouncing members
of congress because of their opposition
to the Plumb plan for tri-partite con-
trol of the railroad.

in 1920. Cochran said he had paid
\$25,000 to Desmazes for the French tit-
le holder's services this year. The
message read:

Will not do so until released by you."
Cochran, who calls home next Satur-
day, intimated he would hold the bout
in England if he can sign up Jack
Demsey.

**Whatever You Do Don't Neglect
Your Eyes, Says Dr. Lewis, Who
Tells How to Strengthen Eyesight 50 Per Cent in One Week's Time in Many
Instances**

A Free Prescription You Can Have Filled and
Use at Home
Philadelphia, Pa.—Do you wear glasses?
Are you a victim of eye strain or other eye
weakness? If so, you will be glad to know
that according to Dr. Lewis there is real
hope for you. He says neglect causes more
eye troubles and poor sight than any other
thing. Many whose eyes were failing
say they had their eyes restored through
the principle of this wonderful free pre-
scription. One man says after trying it: "I
was almost blind; could not see to read at
all. Now I can read everything without
any glasses and my eyes do not water any
more. At night they would pain dread-
fully; now they feel fine all the time. It
was like a miracle to me." A lady who used
it says: "The atmosphere seemed hazy with
clouds of specks, but after using this pre-
scription for fifteen days everything
seems clear. I can even read fine print
without glasses." It is believed that thou-
sands who wear glasses can now discard them
in a reasonable time and multitude more
will be able to strengthen their eyes so as
to be spared the trouble and expense of ever
getting glasses. Eye troubles of many de-
scriptions may be wonderfully benefited by

ing to Miss Freda Rose, young people's
division superintendent of the Ala-
bama Sunday School Association, who
has recently spent some days in Shel-
by county.
Prof. Carter will attend several meet-
ings that are being arranged by the
Alabama Sunday School Association, and
will help organize Shelby county
for the evangelistic campaign.

ACTION BY PROBATE JUDGE IS NOT FINAL

Refusal to Admit Second Will of
Chicago Millionaire Goes
to High Court

CHICAGO, ILL., Jan. 20.—An appeal
from the order of Probate Judge Henry
Horner, refusing to admit to probate
the so-called "second will" of James C.
King, millionaire Chicagoan, was filed
in the circuit court today by coun-
sel representing Mrs. Mary O. Melvin,
a sister of the late Mrs. Maude A. King,
Mr. King's widow.
Under the original will, which stands
as his last, Mr. King left the bulk of
his \$3,000,000 estate to erect and main-
tain the James C. King Home for Old
Men.
If the second will had been admitted
to probate, Mrs. Melvin, through the
death of her sister, would have re-
ceived the greater portion of her
brother-in-law's estate.

FILIPINOS ON LARGE SUGAR RANCHES QUIT

11,800 Workers Called Out; 1,500
Strike at Honolulu; Japs
Will Strike, Too

(Associated Press)
HONOLULU, T. H., Jan. 20.—Fifteen
hundred Philippine sugar plantation
workers here have struck for higher
wages, and it is declared by R. D.

Mead, secretary of the planters' as-
sociation, that 85 per cent of the Filipino
workers on five out of seven planta-
tions on the island of Oahu have walk-
ed out.

Twenty six hundred Filipino sugar
plantation workers are employed on the
island of Oahu, Mead said.
It is reported that strike orders have
been sent to all workers on the islands,
affecting 11,800 Filipinos. The Federation
of Japanese laborers is reported to
be considering a strike also, and if
a general walk-out occurs 24,300
workers would be affected.
All sugar plantation work has been
stopped for ten days owing to rains.

Be Young for Your Years

You were taught at school
that your body undergoes a
complete change of structure
every seven years.

This tearing down and build-
ing up process of body tissue
continues without a moment's
pause throughout life.

And when a man gets into a
physical condition that the tis-
sues keep breaking down and
wasting away faster than Na-
ture can replace them, right
then he begins to grow "old."

This doesn't necessarily
mean, however, that he has
reached an advanced age.
Thousands upon thousands of
people begin to break down,
their vital organs giving evi-
dence of fast approaching de-
cay, long before they reach
middle age simply because
they fail to give Nature, at
the proper time, the needed
help to rebuild.

If you are beginning to show
the slightest sign of a physical
"let-down"—if you are losing
your old time "pop" vim and
vigor—if high tension energy
and nervous strain are begin-
ning to tell on you—it's a sure
sign that you are growing "old."
—too old for your years—
reached that stage when your
vital forces need re-
building. Don't make the serious mistake

of postponing until too late the assistance
Nature requires; commence today to take
