

THE BIG STEEL STRIKE

FRED J. WILLIAMS TALKS OF THE STRUGGLE.

He Believes That the Alabama Men Will Not Be Affected—The I. T. U. Convention Will Meet Monday.

Birmingham, Aug. 7.—(Special.)—Fred J. Williams, Vice-President of District No. 7, of the Amalgamated Association of Iron, Steel and Tin Workers in this state, has returned from Pittsburgh, where he has been in attendance upon the conference of the Executive Board of the Amalgamated Association. Speaking of the general strike order issued by President Shaffer, Mr. Williams said:

"The strike will be the largest in the history of the country. No less than 300,000 men will be involved in a few days, when the Knights of Labor and the Federation of Labor come to the assistance of the Amalgamated Association, as they have promised they will do. One hundred and forty thousand of our men will be out by the end of the week.

"I am pretty certain that the strike will not affect this district. The Republic Iron and Steel Company, which owns 70 per cent of the bar iron mills of the country, has signed the scale of the Association, and their plants will continue to operate. The Alabama mill men will continue to make appropriations to the strikers. An assessment has already been agreed to of one day's pay every two weeks. Something like \$5,000 per month will be sent to the strikers. This is a pretty good assist, and this will be a battle royal.

"We do not fear any importation of labor into the striking districts from the South. There is very little skilled colored labor to be found throughout Alabama, and it takes a pretty good colored laborer to work the mills of the big corporations in the North. President Shaffer is in absolute control of the strike. Reports to the contrary notwithstanding, the entire Executive Board places the utmost confidence in him. When the Morgan offer was made to the Board the younger members, who were reported as not being on the friendliest terms with President Shaffer, were among the first to back him up in the rejection of the offer.

"Mr. Morgan, from my observation, is a man of much determination, but I saw that in this matter Schwab was the dictator. Schwab is in absolute control of the affairs of the big corporation as far as the management goes. The argument used against us was that the Amalgamated Association was getting too strong, and that the company would have to hold the balance of power by sustaining non-union mills. It is a fight against our union. Schwab has given the various superintendents and foremen to understand that our organization is getting too strong. In the face of this, however, we are organizing more and more every day. I cannot tell how long the fight will last. There is nothing for me to do in this district except to watch the interests of the organization and be ready to respond to any call that may come from headquarters.

Mr. Williams will make a personal canvass of the various lodges of the Amalgamated Association in this district and acquaint them with the facts of the strike and look after the assessment in behalf of the strikers.

The I. T. U. Convention.

James M. Lynch, President, and J. W. Bramwood, Secretary and Treasurer of the International Typographical Union, reached here this afternoon accompanied by their clerical forces, and established headquarters in the Morris Hotel, preparatory to the meeting of the international body here Monday next. The local Typographical Union

also opened headquarters at the Morris Hotel today in order to be ready to welcome the visiting printers and show them every attention. The following program of entertainment has been provided for the Typographical Union and Ladies' Auxiliary: Monday afternoon an excursion will be given on a special train around the mineral district. The train will leave the Union Depot at 2 p. m. A refreshment car will be attached and a band of music will accompany the party. Tuesday afternoon a barbecue and negro cake walk at North Birmingham Park, beginning at 5 o'clock. Wednesday evening the delegates will be entertained at Ensley. Thursday night the Ladies' Auxiliary will give a ball at East Lake. In addition there will be several other features introduced. T. T. Nock, President of the local union, will deliver the address of welcome Monday on behalf of the local printers. Mayor Dreenen will welcome the visitors on behalf of the city. The response to these addresses will be delivered by President Lynch, who is a native of Syracuse, N. Y. The Laws Committee of the International Union will meet tomorrow and will be in session during the remainder of the week. It will have some important recommendations to make to the convention.

One Furnace Starts, Another Stops.
The Sloss-Sheffield Steel and Iron Company has started up furnace No. 3 of its North Birmingham plant which has been undergoing repairs for some time. Furnace No. 4 of the same plant has been blown out for repairs.

Shooting Tournament.
Alabama State Shooting Tournament which began at North Birmingham yesterday under the auspices of the Birmingham Gun Club, was continued today. Over eight entries were made in the various events and so great was the rush yesterday that it was impossible to complete the events scheduled for the day. Up to last night Dr. F. C. Wilson of Savannah, Ga., led the shooting and Colonel Thomas Martin of Bluffton, S. C. was next. E. L. Brown of Birmingham was also among the leaders. On a whole a fine record was made by the marksmen.

A Boy Drowned.
Edwin Curry, the 5-year-old son of George Curry of Pratt City, was drowned in Village Creek near that place yesterday afternoon. The boy and several companions were wading in the creek when the young student stepped into a place where the water was over his head. As none of the party could swim his companions were powerless to help him and he was drowned. The body was recovered and the funeral took place this afternoon.

Injuries Proved Fatal.
Peter Cannon, a stone mason, died at St. Vincent's Hospital last night as the result of an injury sustained by falling down the steps of the O'Brien house on First Avenue and Eighteenth Street and fracturing his skull by coming in contact with the stone sidewalk. The deceased was 60 years old and came here from Atlanta three years ago. He was an old Confederate soldier.

Treasurer Eustis Resigns.
George Eustis, City Treasurer and Tax Collector of Birmingham, a position which he has held since 1895, has resigned to take effect in October. Mr. Eustis has been a hard worker and will take a trip to Europe and will re-engage before returning and entering active business. It is understood that he will on his return from abroad connect himself with a prominent banking house.

Death of Gen. J. S. Negley.
New York, Aug. 7.—(Special.)—General James S. Negley died suddenly at Plainfield, N. J., today. General Negley was a veteran of the Mexican and Civil Wars and was prominent in military circles.

DEATH OF T. DRISCOLL

ONE OF THE BEST CITIZENS OF DALLAS.

Served the Confederacy Throughout the Civil War and Killed a Federal Soldier in a Duel in Selma.

Advertiser Bureau.

Seima, August 7. Mr. Thomas J. Driscoll, one of the most prominent citizens of Dallas County, died at his home at Plantersville yesterday and was buried in Live Oak Cemetery from the First Presbyterian Church of this city this morning at 10:45 on the arrival of the train from Birmingham, which brought the remains to the city.

Mr. Driscoll was a gallant Confederate soldier. He entered the army as a mere youth, but the Southland never had a more gallant defender. He was in this city when William's raiders captured it and had a duel with a Federal soldier on Broad Street, and after several shots had been exchanged Mr. Driscoll shot his antagonist through the heart and he fell a corpse on the sidewalk in front of where Live Oak Bros. stores are now located. This was only one of the many acts of bravery that he performed while serving his country.

He married a Miss Watson, the daughter of Mr. Mont Watson, turned to the city. Tom Driscoll, as he was familiarly called, was a man of splendid physique, the gray hair and beard on his youthful face giving him a distinguished appearance. He had a pleasant face and a kind, genial disposition and was loved not only by his old comrades in arms, but by all who came in contact with him.

Will Serve Refreshments.
The ladies of the Christian Church have secured the privilege of serving refreshments at the pavilion this week, while the moving picture show is being given. Immense crowds go out each night and the ladies will, no doubt, realize a handsome sum from the ice cream and cake that they will sell.

Will Go to Missouri.
Captain A. P. Agee of Anniston, is in the city today on a visit to his brothers. Captain Agee was, for a number of years, Captain of the Woodstock Guards of Anniston, and is well and favorably known to all the military men of the State. He was solicitor of the Anniston City Court for one term and made a fine record. He leaves a fine practice in Anniston and goes to Kansas City because he thinks it is a better field for the practice of his profession, the law.

Captain Beers Improved.
News reached the city this morning that Captain Ben Beers, who has been so dangerously ill, was out of danger, which will be most gratifying news to his hosts of friends.

P. A. DUNN'S ACCOUNTS.

Part of the Shortage Will Be Paid to the State.

Prattville, Aug. 7.—(Special.)—The State Examiner's report upon the books and accounts of Perry A. Dunn, deceased, former Tax Collector of this county, does the dead Tax Collector an injustice, perhaps, in that he places all the money not turned in by the dead Tax Collector as being that of the State, in a sense this is true, but the fact, as the writer understands it, is that while there is more than \$2,000 due the State, a part of this has been collected in the regular course of business for the month of June, but was turned in by Mr. Dunn before he died on the 6th of July. That the money, or at least a greater part of it, is safe and will be turned over to the proper officers in good time.

The cotton crop in this part of the country has very greatly improved during the past few days and the prospects are bright for a fairly good yield. Corn is not so good in comparison.

The citizens of Prattville held a primary last Monday night in the Court House. The meeting was harmonious throughout and the best of feeling prevailed at all times. Dr. J. W. Hagler was named for Mayor, and G. Cooke Spigener, M. A. Graham, Joseph B. Bell and Dr. J. E. Wilkinson were named for the office of Councilmen. This is as good a ticket as has been nominated in many years, and it is complimented on all sides.

WATERSPOUTS AT MOBILE.

Two Immense Ones Seen in the Bay.

Mobile, Aug. 7.—(Special.)—Considerable excitement was caused along the river front here about noon by the appearance of two immense waterspouts in the waters of the bay about two or three miles east of the city and traveling in the direction of the city.

Although many waterspouts have been witnessed in the lower bay, it is said these are the first ever seen so close to the city, and those experienced say they were the largest ever seen. They continued for about twenty minutes and great numbers of people several blocks away from the river front when the spouts first appeared had time to get right off them from the river. The spouts were about a mile and a half east of the city when they broke. Those who witnessed the sight said it was a grand one.

MAXWELL HAS PRELIMINARY

Negro Preacher's Bond is Fixed at \$300.

Clayton, Aug. 7.—(Special.)—M. C. Maxwell, the colored preacher who shot and instantly killed John Hendrix, colored, in a church conference here last Monday night, while attempting to kill Tom Helms, was given a preliminary trial before Justice James Winn here today. The evidence showed that Helms was being tried by the conference on a charge of threatening the pastor's life, and that as the church trial progressed the excitement became intense, and resulted as above stated. Justice Winn required bond of three hundred dollars for Maxwell's appearance at Circuit Court, which he failed to make and the prisoner was remanded to jail.

State Money in Defunct Bank.

Austin, Tex., Aug. 7.—The Texas legislature today adopted a resolution and appointed a committee of five, with Representative Kennedy of Limestone County as chairman, to investigate and ascertain how much money the State of Texas had on deposit in the First National Bank of this city and likewise inquire into and ascertain the reason as to why this money was kept on deposit in the bank.

Plant Ordered Closed.

Greensburg, Pa., Aug. 7.—The United States Steel Corporation, owning and controlling the big coal and coal plant operated in the name of the American Sheet Steel Company at Cokeville, in this county, has ordered a complete shut-down of the entire works, mines and all to take effect Saturday of this week. The steel strike, it is said, does not figure in the matter. The order dispatched to General Manager J. M. Gallagher, to "put out the ovens" is considered to mean a last resort and the plant consists of 230 ovens and 2,000 employees to about 600 men, including the miners. The plant is the sole industry of the little town on the Conemaugh and its permanent shut-down means practically a deserted village.

strued to mean a last resort and the plant consists of 230 ovens and 2,000 employees to about 600 men, including the miners. The plant is the sole industry of the little town on the Conemaugh and its permanent shut-down means practically a deserted village.

SOME MORE BAD SERVICE.

Took Until 2 A. M. for Cars to Go: Crowds to City.

Some of the ladies and gentlemen who went to Highland Park last night to attend the entertainment given for the benefit of the Montgomery Infirmary, did not get to town until 2 o'clock this morning.

They would have returned to the city earlier, but they could not do so. The Montgomery Street Railroad Company does not do business that way. There were a great number of people at the park and it was too good an opportunity for the street Railroad Company to give an exhibition of its inadequacy to handle a big crowd.

Some time ago The Advertiser advised persons who desire to get a speed, return to the city from the park to avoid themselves with handcars or automobiles. No doubt some of the helpless persons at the park last night thought that this advice was good. But the cars run as late as 2 o'clock this morning. That's metropolitan.

ENTERTAINMENT AT PARK.

Successful Benefit Affair for Montgomery Infirmary.

The entertainment at Highland Park last night for the benefit of the Montgomery Infirmary was a financial as well as artistic success.

As usual complaints were made about the inadequacy of the street car service and many people stayed away from the entertainment on this account. A large crowd attended the vaudeville performance and the children in the afternoon the children had a big time with the flying jennies.

The following is the program of the entertainment last night:

1. Overture—Fuller's Band.
2. Cake walk—Misses Sykes and Leobman.
3. Dialect Reading—Mrs. Fraser.
4. Coon Song—Mr. A. Reynolds.
5. Farce Rifle Shooting—Mr. Hunt Taylor.
6. Song (selected)—Mr. Archie Arrington.
7. Mandolin and Guitar—Messrs. Beers and Jones.
8. Dialect Reading—Mrs. Fraser.
9. Knockabout Act—Messrs. Christian and Reynolds.
10. "There Are No Eyes Like Thine"—Mr. Minderhout.

TELEGRAPHIC BREVITIES

BERLIN, Aug. 7.—The Berliner Tageblatt announces that Wilhelm Meyerbach, its correspondent with the Boers, has been arrested by the British on a charge of espionage.

LONDON, Aug. 8.—It was officially announced today that the Duke of Devon and Duchess of Cornwall and York will not be curtailed.

WASHINGTON, Aug. 7.—President McKinley has commuted the sentence of Private Frederick Morris, Company K, 4th Infantry, who was sentenced to life imprisonment for being convicted of murder by a court martial at Tuguegarao, Luzon, and sentenced to death.

LONDON, Aug. 8.—The Gazette announces that the Court of St. James will assume full mourning for the Dowager Empress of Germany Aug. 8.

LONDON, Aug. 7.—The Exchange Telegraph Company says that Andrew Carnegie in a sense of the word has been invited to become Lord Rector of the University of Aberdeen in succession to Lord Strathcona and Mount Royal.

CAMBRIDGE, Mass., Aug. 7.—A telegram has been received at the Harvard College Observatory from Professor H. C. Wilson at Northfield, stating that he observed Enck's comet Aug. 5.

INDIANAPOLIS, Aug. 7.—The National Convention of Window Trimmers lost its work tonight, after selecting Milwaukee for the next convention. C. M. Morton, Sacramento, Cal., was elected president.

MANILA, Aug. 7.—The United States cruiser Brooklyn, flying the flag of Rear Admiral Remey, has arrived here from Australia, where she took part in the celebrations attending the opening of the first Australian Parliament.

COLORADO SPRINGS, Colo., Aug. 7.—The Western Negro Press Association today adopted resolutions condemning Senator Tillman of South Carolina for his recent utterance on the race question and denounces white people who have burned negroes at the stake.

MEMPHIS, Aug. 7.—The disturbed conditions at the plant of the Southern Car and Foundry Company at Birmingham, where 400 men walked out yesterday, is about settled. A great number returned to work and it is understood that the men will resume operations tomorrow. The others were dissatisfied with changes in pay-day.

MEMPHIS, Aug. 7.—A trolley car belonging to the Memphis Street Railway Company was derailed while crossing a bridge over a bayou at Second and Hill Streets just before 2 o'clock today and five persons were injured, more or less seriously. The injured will recover.

YAN BUREN, Ark., Aug. 7.—The largest mortgage in the State was here today filed with Circuit Clerk Suddler today, being for \$5,000,000. It was given by the St. Louis and San Francisco Railroad Company in favor of the Morton Trust Company of New York City. The mortgage is payable in gold in 1981 and bears interest at the rate of 4 per cent. War revenue stamps in the sum of \$5,000 were attached.

WASHINGTON, Aug. 7.—There are evidences in case the negotiations for the resumption of the Joint High Commission prove successful, the British Government may consider the advisability of naming Lord Pauncefote to succeed the late Lord Hertsford as head of the delegation representing British and Canadian interests.

COBURN, Va., Aug. 7.—John Fugate, colored, the condemned man under sentence to hang on the 22nd inst., and who escaped with two other prisoners from the county jail at Wise Monday, was caught last night by the Sheriff near Wise. He was in the woods and thought he had crossed the line into Kentucky.

RICHMOND, Va., Aug. 7.—At the session of the Virginia Bar Association at White Sulphur Springs today Mr. Masie read a paper on the Torrens system of recording real estate transfers, which was discussed favorably by several members. Officers were elected and a committee was appointed to appear before the Constitutional Convention and present the merits of the Torrens system.

BERLIN, Aug. 7.—Emperor William, re-occupying the recent conquest of the Sultan of Morocco, he presented to Abdul Aziz a Bengal tiger, leopards, bears, stags and Indian and Chinese animals, all purchased through a German dealer.

BOSTON, Aug. 7.—The eighty-fifth annual report of the Congregational Education Society, made public today, states that greater sums have been raised in the past year than in any previous year. The society has given considerably more to academies and missions than last year, has paid a long-standing claim, is clear of debt and has a small working balance.

"PE-RU-NA A HOUSEHOLD NECESSITY,"

[SAYS PROF. TALFOURD SMITH, OF GEORGIA.]

PROF. TALFOURD SMITH.

Professor Talfourd Smith, Principal Siloam High School, Siloam, Ga., writes: "With much pleasure I recommend Peruna to all who may be suffering with any trouble of the respiratory organs. I have been using it in my family for the past five or six years and find it to be almost a household necessity. Peruna is truly a grand catarrh remedy and general tonic and will do all that is claimed for it by the manufacturers."

—Prof. Talfourd Smith.

Catarrh is inflammation of the mucous membrane. It may be in the mucous membrane lining the eyes or the pelvic organs, throat, stomach, liver, bowels or kidneys.

Catarrh is catarrh wherever located. Peruna cures catarrh wherever located. Peruna is an internal remedy; not a local application.

Catarrh is a systemic disease, not a local disease. If Peruna will cure catarrh in one place it will cure it in any other.

place, because Peruna is a systemic remedy. It reaches the disease through the circulation in each organ. It eradicates the disease by eradicating it from the system.

Peruna eradicates catarrh from the system in the same way that the practical farmer eradicates weeds from his fields. The sensible farmer does not think of cutting off the top of the weeds to kill them. He pulls them up by the roots.

Dr. Hartman, the originator of Peruna, has used this remedy for the last forty years with great success as a specific for catarrh.

A free book written by him will be sent to any address. It contains the results of his forty years' experience with Peruna, and will be found of great interest to those afflicted with catarrh of any organ of the body.

Mr. F. E. Brackett, Medford, Mass., writes:

"I have a bottle of Peruna and Manlin in use in my house two-thirds of the time. If I take it when feeling a little indisposed it braces me right up, and keeps me in such fine condition that I don't catch cold, and that is life and happiness to one of my business. I am a teamster, and when the membrane of my nose is swollen at night after driving in our east winds and fogs, I take a dose of Peruna on going to bed at night and get up all right in the morning. It also makes the blood circulate, and is sure death to rheumatism."—Mr. F. E. Brackett.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
