

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take
Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

Lincoln County
Arranges to Pay
Insane Account Fees

Lincoln, April 26.—The last of a score of counties owing originally \$96,000 on old insane care fees has been accounted for, with the agreement made between State Auditor W. H. Smith and the county commissioners of Lincoln county.

This county, holding out on its debt of \$5,698.92 after all the other counties had fallen in line, was brought to an agreement when Attorney General Reed was instructed to bring suit.

State Auditor Smith brought test suits against Stanton and Gage counties. He won them, getting judgment and interest for almost thirty years back. The supreme court later modified the judgment remitting the interest.

All owing counties have remitted something on their account except Box Butte, which has agreed to do so as soon as a levy is available.

The collection of these accounts was started by State Auditor Howard who collected \$28,000. Auditor Smith started two years ago with the accounts reaching \$78,982 and up until last November has reduced the debt to \$46,785.

The Lincoln county commissioners who called Wednesday, were E. W. Herlinghausen, E. H. Springer and S. J. Koch. They will hold a meeting and send in a quarter of their account as the first installment next week.

Omaha Plumber
Charged With
Being Firebug

Omaha, Neb., April 26.—Joe Franklin, plumber, giving Omaha and Ely, Neb., as his address, was taken to Falls City last night by Sheriff D. B. Rakekin.

Franklin was arrested late yesterday afternoon from a train at the Union depot on receipt of a telegram from police of Falls City. He is accused of starting a fire in Verdon, Neb., which destroyed four business buildings and which threatened to wipe out the town.

According to Sheriff Rakekin and John Morrison, fire chief of Falls City, who accompanied him to Omaha, circumstantial evidence is strong against Franklin.

Franklin was arrested in Verdon the day before the fire, but was released. In his suitcase then was found a quart jar of oil. Five minutes after Franklin left town, Sheriff Rakekin said flames broke out in the hotel where Franklin spent the night. The jar of oil was not in the suitcase when the prisoner was arrested here. He could not account for the oil being in his possession at any time unless someone had switched the jar for a bottle of whisky, he said.

Pastor of Cortland
Church Enlists
For Training

The Lincoln Evening News states that Rev. F. W. Burleigh of Cortland Gage county, Neb., pastor and soldier, is one of the first Nebraskans to qualify for attendance at the Fort Snelling officers' training camp. Rev. Burleigh passed the physical examinations and was accepted Wednesday.

"I was in the army for four years, in both the coast artillery and infantry," said the pastor. "This is a time when the country needs its men who have had military training."

Mr. Burleigh is pastor of the First

Congregational church at Cortland, which may grant him a leave of absence during his service. He will enter either the infantry or coast artillery, having served in both. He completed his term in the army before he was twenty-one years old and attended Wesleyan academy, University Place, later. He has a wife and three children. He is twenty-nine years old.

Five Hundred Blanks Out

More than 500 application blanks have been given out by Captain Samuel M. Parker, secretary of the Nebraska branch in charge of enlistment for the camp. Many of these were mailed out, but a large majority of applicants are students at the University of Nebraska.

If the 2,500 men to be trained at Fort Snelling are drawn from states on a basis of population, Nebraska will furnish approximately 416 men. Iowa 832; Minnesota 832; North and South Dakota 208 men each. Population of the five states of the division as listed in 1910 was: Nebraska 1,102,214; Iowa, 2,224,771; Minnesota 2,075,702; North Dakota 511,056; South Dakota 583,888.

Laboring Men
Plan Establishing
Co-Operative Store

Plans for establishing a co-operative store in Beatrice were discussed at a meeting of about eighty laboring men of this city held at Firemen's hall last evening. It is planned to handle groceries, meats, clothing and fuel and all of the men present pledged their support to the movement.

Louie Scharrer was chosen chairman of the meeting and D. S. Whitcomb secretary, and the following were named as a committee on permanent organization: Thomas Hill, Frank Richey, H. H. Wilson, Henry Bremer and Cecil Howard.

The amount of capital stock to be issued by the company, which will be incorporated, has not yet been decided, but it is said that over 200 laboring men of the city, all of whom are heads of families, are ready to purchase the necessary shares. It is planned to have the store in operation early in May and another meeting was called for Tuesday evening, May 1.

Mail Order Purchases

Remarks made by several of those present would indicate that experiences some have encountered with mail order houses this year in purchasing provisions were not all that they are usually pictured to be. One man said he bought 25 pounds of sugar for \$1.35 but was obliged to purchase groceries amounting to \$16 in order to get that price.

Rev. C. F. Stevens, pastor of the First Christian church, was present and was called on for a short talk. He responded in an address which demonstrated that his heart is with the laboringmen and that he fully appreciates the situation confronting them at the present time.

German Newspapers
Now Under a
Strict Censorship

Copenhagen (Via London), April 26.—The protests of a socialist representative in the Reichstag committee yesterday revealed the fact that German newspapers must now submit to censorship before being permitted to leave the country, so as to block the channel through which disagreeable news has reached foreign ears.

Austrian Parliament Convoked

Vienna, April 26.—(Via London)—Official announcement was made here today that the Austrian government had decided to convocate Parliament for May 30 to deal with questions of food supply and with "economic, social and financial problems." The Parliament has not been in session since before the war.

Food Riots in Sweden

Copenhagen (Via London), April 26.—New food demonstrations at Stockholm are reported by the Dagbladet. The military commander issued an order forbidding the soldiers to attend a socialist meeting. Despite this order, however, several hundred soldiers participated in a great meeting.

Beatrice Couple
Are Married at
Lincoln Thursday

Otto E. Nickens and Miss Maggie L. Hubbard, both of Beatrice, were married at Lincoln yesterday. They arrived in this city last evening and will make their home here.

DAILY MARKET LETTER.

Chicago, April 27.—Wheat—Was firm at the opening although prices were not greatly changed from the previous closing. The market soon grew stronger and in a very short time the May made an exceptional advance, almost at once lost a great part of it. The other months also made a very considerable advance but not to the degree the May did, and not to the high levels reached yesterday. In the instance of the May the advance carried the price to greatly above yesterday's high. Later in the day the May again advanced and closed not far below the extreme top price. The July and September ended at a material advance over last night but never the less showed relative hesitation and the offerings in these months today were freer than has been the experience in other days. There was a great deal in the news aside from the cash situation which is the main influence. Cash wheat was reported as selling in the Chicago market at over three dollars a bushel and outside points reported premiums very strong. There was thought to be very little doing in an export way. Clearances for the day were of good volume, approximately close to a million bushels. Crop conditions in the winter wheat country are reported as generally improved while in the northwest warmer weather is desirable and seeding is progressing satisfactorily. We do not believe the present levels for July and September will be maintained and look for some reaction to take place.

Corn—After a higher opening made a further advance and kept a more or less strong tone all day. Although there was a recession from the top however, decided weakness did not develop and the market retained a good part of the day's gain. There was reported to be some foreign inquiry but no announcement was made of any sales. Cash prices continued strong and receipts were about the same as last weeks and slightly less than last years. We look for some setback in values.

Oats—Started slightly higher and later made a good advance. The upturn was not maintained and at the

A Patriotic Farmer Enthusiast.

A Lancaster county farmer, friend of L. W. Garoutte, who went to Lake Charles, Louisiana, two weeks ago writes his wife "Tell Garoutte to reduce my three thousand price on the College View house (It is strictly modern) six hundred dollars, for quick sale and make \$700 or \$800 as first payment and 5 per cent on deferred payments." Says he wants another quarter to add to the 80 acres he has selected of the Payne Inv. Co. land.

He is "tickled to death" he tells her at what he sees and has learned from the many Neb. farmers "busy as bees" there now, plowing and planting their level rich soil first breaking, and will be all through May, June and July, with never a lack of rainfall and never a crop failure.

Take our May 1 train excursion rate. Ask your agent, meet Mr. C. H. Payne at K. C. Union Station restaurant for supper and the 11:15 p. m. train for Lake Charles, or call Payne Investment Co., Omaha, or me at Lincoln. Phone at our expense, but go anyway. Be patriotic and also a 1917 money maker and go next Tuesday and see for yourself what this \$35 land will do for you as well as humanity in its time of need. L. W. Garoutte, Lincoln, Neb. a27tf
