

CENTREVILLE NEGRO HELD

John Truxon Arrested Upon
Statements of 14-year-old
White Girl

CITIZENS OF TOWN ARE AROUSED

CENTREVILLE, Md., June 23.—Charged with statutory assault upon Ruby Johnson, the 14-year-old daughter of Mrs. Harry Johnson near Ingleside, this county, but believed by local officers to be guilty of forcible assault upon her, John Truxon, a 23-year-old Negro, is in Centreville jail. He was placed in the death cell, after rumors reached here that a group of angry citizens were liable to make some attempt to take him out and administer summary justice.

Admitting to officers that Truxon had upon three occasions been familiar with her, the little Ingleside girl told the circumstances of her intimacy with the Negro. While she states he did not force his attentions upon her, county officials are of the opinion that she is telling this story through fear of the Negro. They believe that he assaulted her and then continued to compel her to permit his attentions, probably under the threat of death.

The three crimes are alleged to have been committed last October. Soon afterward Truxon had a disagreement with Harry Johnson, the girl's stepfather. A fight followed, in which Johnson was badly beaten. Truxon was arrested and sent to jail. He completed his term and was liberated only 24 days ago. He went back to the same neighborhood and several weeks ago was seen with the girl along a lonely road. For several weeks rumors have been current in the Ingleside neighborhood that the Negro either had been or was familiar with the girl, and finally the story reached the ears of the mother.

Truxon denies all the allegations. He avers that the charges were trumped up by the girl's stepfather because of the trouble he received last year at Truxon's hands.

DAUGHTER WANTS DEED SET ASIDE

Special to The Evening Journal.
DOVER, June 23.—There was a hearing before Chancellor Curtis yesterday in the case of a bill of equity for the setting aside of a deed made by Wesley Marker, aged 73 years, who died about a year ago. The deed conveyed property to Frank Kelly, a neighbor.

The property involved is a farm of 85 to 40 acres, located near Willow Grove. The case was brought by a daughter of Marker, and the grounds for asking that the deed be set aside was the alleged incompetency of Marker to make a deed.

Hutton and Frame represented the daughter of Marker, and James H. Hughes and John D. Hawkins represented Kelly, to whom the land was deeded.

A number of witnesses were heard yesterday, but because of the illness of material witnesses for the complainant, the case was continued till such time as the witnesses can appear.

Why hens go on a strike!

The feed elements that make whites of eggs are entirely different from those that make yolks. When hens aren't fed both the white and yolk making elements, they can't lay.

Missouri Experiment Station tests prove that 100 lbs. of wheat, corn, oats, barley and kafir corn make (above bodily maintenance) an average of 224 yolks to 154 whites. Based on data from the same experiments, Purina formulas produce, (above bodily maintenance), as follows:

Purina Scratch Feed	247.49 yolks	142.11 whites
Purina Chicken Chowder	182.05 yolks	282.55 whites
Combined Ration	429.54 yolks	424.66 whites

These Purina feeds not only make a practically equal number of whites and yolks but more of both than ordinary feeds.

Note that Purina Chicken Chowder contains the necessary white-forming elements to balance up the yolk-making grain ration. That's why it makes hens lay so heavily. Instead of the yolks being absorbed by the hen's system, Purina Chicken Chowder makes the whites to complete the eggs and they are laid. Thus we can absolutely guarantee

more eggs or
money back

on Purina Chicken Chowder if fed with Purina Scratch Feed as directed. You take no risk.

Special to The Evening Journal.

DOVER, June 23.—Another link in the chain of circumstantial evidence against Lev Rias, the Negro, charged with the murder of "Billy" Brooks, Negro, was added yesterday, when a pocketbook was found at the home of Rias and identified by Brooks' former employer, Walter Peterson, a Dover blacksmith, as one owned by Brooks.
