...LMER SPEAKS AT ASCENSION CHURCH

...ace of Religious Education in Christian Religion Program, Is Subject

"The Place of Religious Education in the program of the Christian Religion" was the subject of a brief address at the Church of the Ascension Sunday morning by Leon C. Palmer, General Superintendent of the Alabama Sunday School Association.

"We have heard much of making the world safe for democracy; we must now face the task of making democracy safe for 'he world," said the speaker, "and democracy will never be safe for the world unless it is founded upon popular intelligence and popular character.

"It is the task of the public school, supported by the state, to guarantee the intelligence of our citizenship. It is the task of the Sunday school, supported by the church, to develop the character of our citizens.

"The chief activity of Jesus on earth was teaching religion. Above all else in his earthly career, he was a teacher; and he has left to his church the heritage of teaching as the chief agency in the perpetuation and propaganda tion of his religion.

"William Jennings Bryan once said, 'The most important thing in a man's life is his religon, and the time is enthrone religion in a life is during the years of childhood and youth.'

"George Washington said, 'We shall preserve our liberties as a free people only by the religious education of our youth.'

"Dr. Wm. T. Harris, for many years United States Commissioner of Education, said, 'Religious education in the broad sense lies at the very basis of all the institutions of civilization.'

"And not only does religious education hold a central place in the program of the Christian religion, but the Sunday school as the teaching service of the church, holds the leading place today as our chief agency for the religious education of our citizenship. The Sunday school holds a responsibility for the moral and religious character of our citizenship equal to the responsibility of the public school for the intelligence of our citizenship.

"There are three great institutions, touching the life of the mass of the people, through which religious education must be given if given at all. These are the home, the public school, and the church. But the American home today is not giving adequate and systematic religious instruction; the public school, under our system of the separation of church and state, cannot do so, and therefore it is left to the church to give this religious education. This is the function of the Sunday school, as the educational department of the church.

"Dr. E. Y. Mullins, president of the Southern Baptist Theological Seminary and vice president of the International Sunday School Association, says that in his judgment the greatest work of the pastor is to be done through the Sunday school.

"President Woodrow Wilson has said: 'There is no study more important than the study of the Bible and of the truths which it contains; and there is no agency for such study more effective than the Sunday School.'

"Our Sunday schools need a larger vision of their scope and importance, and a clearer understanding of their fundamental purpose. The scope of the Sunday school is the whole of human life, from the cradle to the grave. The purpose of the Sunday school is not to serve as a substitute for the church; nor, on the other hand, is it merely to prepare for church membership and make good churchmen. The purpose of the Sunday school is to build character, and everything about the Sunday school is to be determined from this standpoint.

"We must enlarge our plans and attempt greater things in the field of religious education. We must take to heart the warning uttered by Governor Brumbaugh of Pennsylvania, who recently said: 'Any community that fails to give the training religiously that it does mentally is on the way to ruin.'

"The task of makink a democracy safe for the world can only be accomplished through a spiritually awakened church; the adequate awakening of the church for this task can only come through religious education; and religious education today must largely come through the Sunday school. The Sunday school in large measure, holds the key to the future of our nation."

Birmingham Audience Hears Portrayal of Senator's Views on Cummins Bill

(Special to The Advertiser)

BIRMINGHAM, ALA., Jan. 4.—All through the city and throughout the district, comment is heard on the strong address delivered last night in the ball room of the Tutwiler hotel by United States Senator Oscar W. Underwood, under the auspices of the Chamber of Commerce, on the subject of the labor provisions of the Cummins railroad bill. The Senator made a most emphatic hit with the speech and a large number of railroad men in the audience gave the strictest attention to the arguments presented by the Senator, in which he took the position that neither the capitalists nor the labor organizations should be considered but the public welfare looked at squarely in the face. The address which was of more than two hours delivery, will be food for discussion in Birmingham and Jefferson county, the center of labor organizations, for some time to come. The address was characterized today by men in all walks as being one of the most remarkable ever given here, no politics being played, but a plain statement of the Senator's views on the subject.

PRAISES MRS. CALLIE RICHARDSON HUGHES

Funeral Services For Beloved Woman Held From Residence Sunday Afternoon

Funeral services for Mrs. Callie Richardson Hughes were held from the residence, 202 South Lawrence street, Sunday afternon at 3:30 o'clock. Dr. Charles A. Stakely, of the First Baptist church, officiated. A large number of her devoted friends and friends of the family were present to pay their last respects to the devoted woman, and many words of unselfish praise revealing deep love were spoken. The pallbearers were L. Lightfoot, Harry Danziger, Walter Shepherd, Paul Sayre C. A. Case and F. A. Bailey. Interment was at Greenwood.

Following the funeral of Mrs. Hughes one of her life long friends said:

"There are few people who have died in Montgomery who left more real friends to mourn them than Mrs. Callie Richardson Hughes. All those who knew her felt the influence of her beautiful spirit—a spirit of courage in fighting a losing fight with the disease under whose stroke she fell; a spirit of cheerfulness which made others bright when she herself was suffering; a spirit of self sacrifice which made her eager to do her part in the world's work; a spirit of gentleness and quietness which endeared her to all who knew her.

"Her large circle of close friends saw in her all that goes to make a beautiful character. She had every quality of perfect motherhood and a host of friends sorrow today for the young daughter just entering maidenhood whose loss is so great. The entire family mourns for her as their best beloved.

"Mrs. Hughes was born in Eufaula but her parents moved to Montgomery when she was a small child. As a young woman she has always been known as one of the most beautiful in a family of beautiful women; as one of rare charm of personality received through many generations of gentle ancestors. Her grand father was Captain R. F. Kolb, who for a quarter of a century was one of the most prominent citizens, not only in the state, but in the south. Her great, great grand father was General Shorter, and her great, great grand uncle was Governor Shorter—both were among Alabama's most illustrious sons.

"Mrs. Hughes is survived by her daughter, Mary Frances Hughes; her mother, Mrs. L. J. Richardson; her sisters, Mrs. J. P. Burton, Mrs. Sidney M. Smith, Mrs. Gaynor Turner, Mrs. W. H. Hackney and Mrs. C. G. Hume; and her brother, John B. Richardson.

The family and friends feel that:

"What we trust unto the dust
Is but the garb she wore,
And will live on forevermore."

MRS. ANNIE JANE SWEATT.

Funeral services for Mrs. Annie Jane Sweatt, who died at an early hour Saturday morning, were held from the residence, 621 South Hull street, Sunday afternoon at 3:30 o'clock. Rev. W. R. Bickerstaff, pastor of the Dexter Avenue Methodist church, officiated and interment was in Oakwood.

The following acted as pall-bearers: Matt E. Barganier, J. T. Mapes, E. W. Stay, Douglas Goode, R. E. Barnett, M. R. Barnes.

FUNERAL SERVICES HELD FOR T. PULLIAM

Well Known Citizen Accorded Funeral Honors by Woodmen of World

Funeral services for Thomas Pulliam were held from the residence, No. 3 Mobile street, Sunday afternoon at 2:30 o'clock. Rev. M. D. Pearson, of the Clayton Street Methodist church, and Rev. W. R. Bickerstaff, of the Dexter Avenue church, conducted the services. Harry A. Cook, H. C. Roton, A. B. Roton, A. H. Liston, N. J. Tracey and J. B. Walker acted as pall-bearers. Woodmen services were conducted at the grave. Interment was at Oakwood.

Mr. Pulliam was forty-three years of age. He was well known in Montgomery and the state as an active worker in labor organizations and other fraternal bodies. He was a devoted member of the Woodmen of the World. He was active in the organization of the Central Labor Union and up until his death he was one of the influential members of that organization.

Throughout his many years as a member and leader of labor organizations, Mr. Pulliam held the love and esteem of both his employers and his fellow members. His policy in leading labor was conservative. He was willing to demand the rights of his fellow members but at all times he considered the rights of all concerned and his record is looked upon as one worthy of being taken as an example by members of unions or leaders who wish to accomplish the maximum amount of good.

Mr. Pulliam was a devoted member of the Dexter Avenue Methodist church for many years and only a few years ago removed his membership to Clayton Street church. Members of both these organizations held him high in esteem and many were present for the last rites Sunday.

Mr. Pulliam had been in declining health for several months. A few weeks ago he was forced to give up his work and retire for a rest which was thought might restore him to health. Following this he was taken to a hospital for a while, but was later removed to his home upon his own request. Here the end came with friends and loved ones ministering to his every need in a vain endeavor to stay the tide of death.

Surviving relatives of Mr. Pulliam are his wife and three children and a sister, Mrs. Sallie Thomas, of Montgomery, and a brother, Drury Pulliam, of Atlanta.
