The Recorder's Court.

In the Recorder's Court yesterday afternoon Porter Pryor, a young mulatto negro, was arraigned on a charge of disorderly conduct. The evidence developed the fact that for a pastime he lighted a match and stuck it to the clothing of Patsy Paley, a negro woman who was standing by. The woman's clothing blazed and it was with difficulty that the fire was extinguished.

The Recorder said that it was a very serious offense and that Pryor ought to be in the penitentiary for it. He was fined \$20 and on his way out Dave Haynes, a negro boy, went into a yard and took the bicycle of Charlie Clint and rode it away. He was charged with Crawford, and told to put the bicycle back, but rode it off. He was caught later with the wheel. He was fined \$100 and costs.

Joe Moore was charged with disorderly conduct and larceny of a pocket book. He snatched the book of Julius Smiley, containing \$50 from his hand and ran away. He was seen by several persons to take the pocket-book, and was held in \$200 bond to answer to the grand jury on the charge of highway robbery. The other case against him was dismissed.

A. D. Fabritis was fined \$2 and costs for disorderly conduct.

Jimmie Williams was fined \$20 and costs for the larceny of a pistol from J. D. Brown.

William Johnson, Jim Johnson and Henry Johnson, of Chilton County, were arraigned before United States Commissioner Elmore yesterday charged with cutting timber off of Government lands. The defendants were discharged.

Mr. W. R. McDade, Clerk in the Probate Office, is off this week spending his vacation.

No Council Meeting.

Last night was the regular time for the meeting of the City Council, had there not been a resolution adopted at the last meeting to hold only one meeting a month in the months of July, August and September. Consequently the semi-monthly meetings will not be held for three months. During these months it is very hard to get a quorum of the Council, many of the Aldermen being out of town and only one meeting a month is held.

Improved Light Service.

The new system of arc lights being put in by the Montgomery Light and

Power Company is a great improvement on the old system and the old lights are being rapidly replaced by the new ones. The new lights are much more even and satisfactory and burn much longer without "replenishing" than those of the old system. With a few additional lights of this new system at Oak Park there will be light enough there to light the whole grounds and give no one cause for complaint.

RECORD OF DEATHS.

Mr. John W. Powell.
Mr. J. W. Powell, a well known citizen, died at 8 o'clock Sunday night at the family residence on Jackson Street after an illness of a week's duration. Mr. Powell was proprietor of a store on Jefferson Street and had a wide circle of friends and acquaintances. He was 35 years of age and unmarried. He is survived by three brothers, Messrs. Joseph Powell, S. B. Powell and Joseph Powell.

The funeral will take place from the residence at 9 o'clock this morning.

Mr. W. R. Bennett.
Mr. W. R. Bennett of Montgomery, a well known railroad contractor, died at Thomaston, Ala., at 4 o'clock Sunday afternoon. Mr. Bennett was engaged at work on the construction of the extension of the Birmingham, Selma and New Orleans railroad near Thomaston. The remains were brought to Montgomery on a 6:20 o'clock train yesterday afternoon. They were taken to the residence of his brother-in-law Mr. J. M. Sullivan, on State Street.

The funeral will take place at 5 o'clock this afternoon. Mr. Bennett is survived by a widow and two children, who have the sympathy of many friends in their sorrow.

Funeral of Mrs. Hausman.

The vast concourse of people present Sunday when the last tributes of affection were paid Mrs. C. J. Hausman at the Jewish Temple told in unmistakable terms how she had impressed herself on this community.

By 9:30 a. m. the beautiful house of worship was filled and representatives of every religious denomination were present. Her associates of the Hebrew Ladies' Benevolent Society attended in full force, each one carrying a bunch of flowers to be laid on her grave. A great many of the members of the Woman's Home Association and of the Memorial Association were also present. The Confederate Veterans turned out in considerable force to evidence their affection for one who had always been their friend.

Rev. Mr. Newfield, the rabbi in Birmingham, conducted the services which were singularly appropriate, beautiful and touching. His tributes to Mrs. Hausman echoed the feelings of all who heard him. His remarks made a deep impression on the audience.

The procession to the cemetery was one of the largest ever seen in Montgomery. The floral tributes were numerous and beautiful.

Montgomery mourns the loss of a genuinely good woman and a noble philanthropist.

FLAGS DISCONTINUED.

Weather Signals Will No Longer Be Displayed from Moses Building or Postoffice.

Mr. Frank P. Chaffee, section director of the Government Weather Bureau, yesterday issued the following self-explanatory notice:

U. S. Department of Agriculture, Weather Bureau.

Montgomery, Ala., July 15, 1901.

To the Public:—By direction of the Chief of the Weather Bureau, the weather flags will not be displayed from the Postoffice Building and the Moses Building in this city as has been the custom for some years past. Hereafter the display of the daily weather flags will be confined to the rural districts and towns of 5,000 or less inhabitants, and will be discontinued in places of greater population, unless the flags be provided without expense to the bureau. This will enable the bureau to more fully meet the needs of the agricultural districts which have not the facilities for obtaining the forecasts afforded the larger towns and cities by the newspapers and other means of dissemination. The display of the cold wave flag will be continued as heretofore.

According to the wide distribution given the daily forecasts by the newspapers and on the weather maps and forecast cards from this office, it is thought that the loss of the flag displays will not be felt to any great extent in this city.

Telephone calls for the forecasts—office (No. 220) from 8 a. m. to 4 p. m., or at residence of the section director (No. 801) after 4 p. m., will be promptly answered.

Frank P. Chaffee, Section Director.

BIG BLACK CLOUD.

But No Rain Came—Much Damage from the Drought.

From the black and threatening clouds which gathered in the southeast yesterday afternoon, hopes were raised that a good soaking rain would fall in this section. But beyond a dust storm and a spatter of rain nothing came of it, except quite a perceptible drop in temperature which was very acceptable.

The temperature gradually worked up as high as 97 degrees yesterday afternoon, this reading occurring about 3 o'clock but after the attempt at a thunderstorm mentioned above, the temperature dropped about 21 degrees, reading as low as 76 degrees about 4:30 p. m.

The drought which has prevailed so long is becoming quite serious in its effects in this locality and, in fact, over the State as a whole, and, unless rain is soon received the corn crop will be practically a failure in many portions. Gardens are badly parched and, in some places, even stock water is becoming scarce.

Rev. Dr. A. J. Lamar, pastor of the Court Street Methodist Church, has been appointed a delegate to the Ecumenical Conference which meets September 4, in London. Dr. Lamar has accepted the appointment and will leave Montgomery about August 14. There are four delegates from Alabama who have been appointed by the Bishops of the Methodist Episcopal Church to represent the church at large. The other delegates are Rev. J. W. Newman of Talladega, Rev. H. S. Frazer of Auburn and Judge P. C. Williams.

OVER MILLIONS

SAID TO HAVE BEEN PAID FOR VOTES.

Rich Pickings for Solons—Bribery Rampant in Pennsylvania Legislature—\$35,000 for One Vote.

Harrisburg (Pa.) telegram to Chicago Tribune.

That over \$1,000,000 was distributed corruptly among a number of the members of the Pennsylvania Legislature during the session which closed last Thursday is charged openly. It was used to influence votes in the selection of the Speaker of the House and to secure the passage of the second class "Ripper Bill," the Philadelphia fifth court bill, the Philadelphia Board of Revision of Taxes, "Ripper" and the Railway Franchise Bill.

This amount does not include the comparatively small amount promised for votes against the Oleomargarine Bill, which have not yet been paid, the cash paid for votes of legislators against the Game Bill or the money paid for the passage or defeat of a number of other bills in amounts of less than \$500 a vote. Neither does it include thousands upon thousands of dollars appropriated to the hospitals and other institutions out of the State treasury in an effort to placate the constituents of Senators and members who might otherwise be disposed to wreak early vengeance upon the men who employed their positions as representatives to fill their pockets with money.

At least \$500,000, it is claimed, was distributed among members of the Senate and House during the session of the so-called "Pittsburgh Ripper Bill." Of this amount not less than \$200,000 was paid to members of the Senate, and half of this sum is generally believed to have gone into the pockets of the vote-buyers. Three of this number, after negotiating for several days with advocates and opponents of the bill, voted aye when the roll was called on its final passage. They had, the charge is, been offered \$30,000 each to vote against the "Ripper." Two of them are supposed to have received \$35,000 each for their votes. How much in excess of \$20,000 the third received has been estimated at from \$25,000 to \$30,000.

The price paid for votes on the Pittsburgh "Ripper" is believed to have exceeded even the figures it is said were dealt in when the struggle for the election of a Speaker of the House was engaged the attention of those who realized that upon its outcome depended the result of the long contest over the election of a United States Senator.

The highest price promised for a single vote for Speaker of which any statement has been made by the bribe offered or the person who received the offer was \$20,000. Speaker Marshall's election by one majority was brought about by the votes of five Democrats.

Two days before the House was organized the men engaged in securing the votes needed to elect Marshall. It is said, were employing the greatest efforts to bring this result about without the aid of Democratic votes. The charge is made that offers of \$10,000 were made to a dozen different insurgent members of the House, and one of \$50,000 for the vote of three members was made to one of the trio supposed to control the two others.

None of the efforts were successful, and the five Democrats finally were called into service to insure the election of Mr. Marshall as Speaker. The price said to have been promised for the votes of those who were offered or demanded money for their votes for the railway franchise grab was from \$1,000 to \$2,000. Few of those who contracted to sell their support at these figures were paid the money before the votes were cast. The understanding was that the money was to be paid after the bills were signed by the Governor.

Miss A. Brady, Corresponding Secretary Illinois Women's Alliance, writes from 2735 Indiana Avenue, Chicago, Ill.: "Last year from continued strain in literary work I became very much exhausted, my nerves seemed to give way, and I had backache, headache and serious indigestion. One of my friends suggested that I try Peruna. It certainly acted like magic on my system."

"Within ten days I felt new life and health given me, and by taking an occasional dose off and on when I feel extra tired, I keep my system in perfect order."—Miss A. Brady.

Mrs. Fanny Klavatscher, of Summittville, N. Y., writes as follows: "It is not necessary to suffer when a bad case of pelvic catarrh can be cured with two bottles of Peruna. From my own experience I can recommend it to every one. For three months I suffered with pain in the back and in the region of the kidneys, and a dull pressing sensation in the abdomen, and other symptoms of pelvic catarrh. But after taking two bottles of Peruna I am entirely well, better than I ever was."—Mrs. Fanny Klavatscher.
