

HOBOES SHOW FIGHT

Marshal of Springwells Has a Lively Time With Tramps.

THEY USED A GUN ON HIM

They Were Holding Up People Right and Left When Marshal Appeared on the Scene—Three of Them Landed in Jail and One Escaped.

Detroit, Oct. 28.—John Harrington, marshal of Woodmere and constable of Springwells township, had a terrific fight Saturday night about 12 o'clock with four tramps, and after a hard struggle succeeded in landing three of them in jail. During the melee the man who escaped shot Harrington through the left hand, the ball going through the fleshy part, inflicting a painful but not dangerous wound. Word was brought to Harrington shortly before midnight that the gang was on the M. C. R. tracks holding up everybody who came along and making trouble generally.

Harrington, who is not afraid of anything that lives, went over and found the four men in a box car. He ordered them out and all four jumped on him, knocking him down. He got to his feet again and attempted to pull his gun, but was again knocked down by the gang. This was repeated several times as fast as Harrington would get up and for a few moments it looked as though the gang would kill him, but he finally got his gun from his pocket and called on the gang to surrender. The answer he got was a shot from one of them, who immediately broke and ran. Though covered with blood and weak from the beating and the effect of the shot through the hand, Harrington managed to land the rest of the gang safely.

They were taken to the county jail, where they gave their names as Chas. Miser, Wade Baschon and William Duffy. They will have their examination before Judge Beateher today. An effort was made to locate the man who did the shooting, but it was unsuccessful.

Big Real Estate Deal.

Mackinac Island, Mich., Oct. 28.—The biggest real estate deal here in many years was wound up in the purchase of a 20-acre tract known as the Stockbridge field, directly across from the Grand hotel, by Henry R. Weaver of St. Louis, Mo., from Peabody & Houghton of Chicago. The property will be extremely valuable as a boat landing and site for a hotel. The alleged consideration was \$26,000.

Wright to be Tried Today.

Cadillac, Mich., Oct. 28.—When the October term of circuit court for Wexford county convenes today, Judge Chittenden will have 29 cases before him. The most important one is that of the people vs. James V. Wright for assault with intent to kill. Wright on Aug. 23 got into a quarrel with Chas. Mead over the lease of Wright's farm, and the latter shot Mead.

Drowned at Cheboygan.

Cheboygan, Mich., Oct. 28.—Mr. Voss, a young man employed at McLeod's mill on Cheboygan bay, was drowned Saturday by the capsizing of a boat. The accident occurred about 50 feet from the dock. Jackson Will Boon.

Jackson, Mich., Oct. 28.—It was definitely given out today that the Michigan Central Railway Co. has let a contract to a Chicago man named Swift, to double the shops and the capacity of the engine works in this city. HEAD BLOWN OFF.

A Number of Violent Deaths in the State.

Lansing, Mich., Oct. 28.—G. H. Achtenberg and Smith Clawson were returning in an automobile from a hunting trip late yesterday afternoon. Their dog was in front of them in the vehicle. Just after they reached the city the dog started to arise, but Achtenberg ordered him down, at the same time making a pass at him with his hand. There was a report, which Clawson thought was occasioned by the bursting of a tire. He brought the machine to a standstill and was horrified to find Achtenberg sitting dead at his side with fully one-half of his head blown off. Either the dog or Achtenberg's hand had struck the hammer of the gun, which was standing at Achtenberg's side, and the latter received the entire charge full in the face. The victim was 25 years old and unmarried.

Iron Mountain, Mich., Oct. 28.—Jennette Paro, a French girl aged 18, committed suicide Sunday morning by drowning in Lake Antoine. She was a waitress at the Commercial hotel for two years. The girl was in a cheerful mood earlier in the day. She waited on table and left for church, but instead went to the lake, undressed, and jumped in. She was very pretty and popular. Her parents reside at Daggett, Mich. The body was recovered at 11 o'clock. The motive for her act is not known.

Hilldale, Mich., Oct. 28.—The first hunting accident of the season in this vicinity occurred Sunday afternoon just east of the city. Charles W. Hagan was accidentally killed by Charles Palmer. Both were employed in the shoe factory here. Hagan had been in the city but a short time, coming from Ripley, O. An inquest will be held.

Port Huron, Mich., Oct. 28.—William Jewett, who was accidentally shot Saturday night by Miss Ruth Horton, is in a precarious condition, with the chances against his recovery. He had the revolver in his possession and she asked him to let her see it. Removing the cartridges, he supposed, he gave it to her. She playfully pointed it at him and pulled the trigger. One cartridge had not been removed, and the ball entered his head.

Poisoned at a Social.

KILLED FOR FIFTY CENTS.

A Man at Montreal Commits a Desperate Murder.

Montreal, Oct. 28.—"I killed a boy last night," said Tobin Hanson, a Dane, 35 years old, to the officer in charge when he walked into central police station yesterday.

"I killed him for money, and I only got 50 cents. That is not enough, so I came to give myself up."

Hanson described the locality in which the deed had been committed, and the police found the boy's body. It was identified as that of Samuel Marotte, a son of Samuel Marotte, a well-known spice and coffee merchant.

Release Not Effected Yet.

Constantinople, Oct. 28.—During the last few days there has been a voluminous exchange of dispatches in cipher between Spencer Eddy, secretary of the United States legation, and Consul General Dickinson, who is now in Sofia, regarding the efforts to rescue Miss Stone, the abducted American missionary, from the brigands. The legation is reticent and nothing has been made public as to the progress of the negotiations.

Samakoff, Bulgaria, Oct. 28.—The release of Miss Stone, the missionary, has not yet been effected.

Washington, Oct. 28.—Secretary Wilson announces that experts of the agricultural department will hunt all over the United States and its new possessions for conditions favorable to the cultivation of the filler tobacco such as is now raised in Cuba, so that if possible all the filler tobacco used in this country eventually be raised within the boundaries of the United States.

"The United States," he said, "is now paying \$9,000,000 for wrapper tobacco."

Leprosy Prevalent in Denmark.

Washington, Oct. 28.—United States Consul Victor E. Nelson, at Bergen, Norway, has sent a report to the marine hospital service, in which he says that the prevalence of leprosy in Denmark must be imputed to the uncleanliness and the grotesque carelessness of the people on that island. He says there are six leprosy patients there, of whom four are in Copenhagen. In Denmark leprosy does not belong to those few diseases which are subject to public treatment.

Among the Magazines.

Doubleday, Page & Co. announce that their magazine, Country Life in America, has found a welcome of unexpected proportions and enthusiasm. The published announcement has led to orders for more than the first edition and of advance subscriptions from would-be readers in unexpected numbers. One prominent gentleman in New York so approved of the idea as told in a newspaper that he sent 15 subscriptions for himself and friends weeks before he could possibly receive the first issue. Not only does the idea of Country Life in America appeal to all who love the country, but the name of the editor, L. H. Bailey of Cornell, gives solid assurance that the magazine will be popular, interesting, beautiful and of high standard. Certainly, no more superbly illustrated magazine has ever been printed.

As we come toward the Christmas holidays, larger space in the magazines is given to fiction. The Cosmopolitan includes a tragic story of the Mexican foot-hills by Thomas A. Janvier, a very clever society story by Carolyn Wells, one of the old French romances by Richard Le Gallienne, an unusually interesting Indian narrative by H. T. George, and a weird story by S. K. Crockett.

The present remarkable demand for novels and the influence of that demand on the literary product are discussed by Dr. Talcott Williams in the Review of Reviews for November. The number of novel-readers has been enormously increased, while the cost of publication has been cheapened. In short, all the conditions of literary production have been transformed. This fact was pointed out by Dr. Williams a year ago, in the Review of Reviews, and the past twelve months have only confirmed the predictions he then made regarding the prosperity of the American book trade.

Following Dr. Williams' review of "Fiction Read and Written in 1901," there is a survey of the American history and biography of the year, by William B. Shaw, together with a brief discussion of some of the recent changes in publishers' methods.
