Laquey Paints

Guaranteed 100 per cent Pure

The cost of applying cheap paint is as much as that of spreading the best. For an ordinary house the difference in price between Laquey paint and the common goods would not exceed \$2.00. Can you afford for this small sum to use a paint that is apt to fade or chalk off within one year after using? If you have used cheap paint before, try a 100 per cent pure article and note the results. Past mistakes are red lights for future warning.

\$1.35
A Gallon.

Building Hardware.

We want to interest you in our "Bay Shore" lime. The Manufacturers will guarantee it to make 20 per cent more mortar than any lime made; to be free from any slate, that every particle will slack and that plastering will not crack where this lime is used if the walls do not settle and if the work is properly done. The price is \$1.00 per barrel.

L. A. WHITMAN.

The Allegan News last week had an editorial presenting the name of Thomas J. Cavanaugh of Paw Paw as its candidate for the democratic nomination for governor. The Northerner is not informed whether Mr. Cavanaugh intends to stand for the nomination or not, but Paw Paw people regardless of politics would be glad to see him so honored by his party, which might do much worse than nominate the Paw Paw man.

Remember, the Ideal Entertainment will be at Longwell's opera house, Wednesday evening, May 23, for the benefit of the K. O. T. M. This company was here a few months since and gave excellent satisfaction. The Northerner is in receipt of a letter from the manager, in which a better show than before is promised. Admission, 10 and 20 cents; five cents extra for reserved seats, at Longwell Bros'.

The 15th annual reunion of the surviving members of Co. "C," 3d Michigan cavalry, will be held at Lawrence, Friday and Saturday, June 15-16. It is hoped that there may be a full attendance. It is almost 30 years since the company was organized, and these annual meetings must necessarily cease after the lapse of a few more years.

The fruit canners of western Michigan met at Hartford last Thursday and perfected an organization. C. W. Young of the Paw Paw Canning Co. is president, Wm. McEwing of the South Haven Preserving Co. is secretary and treasurer. The aim of the organization is to maintain a uniform pack of goods among Michigan factories and thus establish a Michigan standard.

Speaking of the eclipse of the sun that will occur on the morning of the 28th inst., the astronomer of the South Haven Tribune says: "There is some doubt as to the totality being visible in America, the leading astronomers locating it in Spain." This will be news indeed to "leading astronomers," who are generally supposed to be able to locate not only the exact time when an eclipse will occur, but also the exact locality in which it will appear as total, if it is total at all, and also just how much of the sun's surface will be eclipsed in any given place. There is no doubt about the matter, the Tribune astronomer to the contrary notwithstanding. Suppose a line drawn from New Orleans, through Mobile and Raleigh to Norfolk, Va., and along that line for a space of fifty miles in width, the face of the sun will be entirely obscured. If the Tribune astronomer doubts it, let him go and see and be convinced. He may not have another opportunity during his entire life.

The council held a long session Monday evening and transacted a large amount of business, all members being present. The street committee made a supplemental report in the matter of sidewalks, so that walks were recommended along some 3,800 feet of frontage, besides 17 crosswalks, the total expense of which will be \$1,700 or \$1,800. Trustees Longwell and Rowland wanted the amount of sidewalks exclusive of crosswalks limited to \$1,000, which would have cut off some four or five hundred dollars from the recommendations of the committee; but the rest of the board were against them and all the walks were ordered. A special council meeting will be held next Monday evening to let the contracts for building them, and parties desiring to bid can find specifications at the office of the village clerk. It was voted the build the walk in front of the Darling property of paving brick instead of cement, because of the trees being so near the walk. The street committee reported against the opening of a public alley between Niles and Kalamazoo streets, back of the stores on the north side of Main, but urged that all occupants be required to keep their premises clean. The report was adopted. The fire and water committee reported against the building of extensions of water mains on west Main and Hazen streets, because of the finances of the village not warranting the expense. The report was adopted. The village assessor presented his roll for acceptance. The total assessed valuation is \$704,000—an increase of about \$75,000 from last year—a very creditable showing. On recommendation of the finance committee, a tax of one per cent was levied—the same as last year. This will probably be adequate for the running expenses of the village, but it is doubtful if it will be any reduction of the present indebtedness. A lot of claims were allowed.

John H. Bryar has been spending a few days with Paw Paw friends. An advertisement of the stallion Monte Carlos will be found in this paper. Over 80 cases of measles have been reported to the village health officer. The canning company has been shipping out several carloads of apples. Chas. Paige has left Broughton's and entered the employ of Mrs. Hamilton. Attorneys Traphagen of Hartford and Chase of Bangor were in town yesterday. Mr. and Mrs. F. B. Banks of Grand Rapids are guests at the home of Frank Thomas. Elmer Darling of Salt Lake City was calling on Paw Paw friends, Friday and Saturday. W. R. Helms is making some extensive repairs on his newly purchased house in this village. Mrs. Ed. Labadie was stricken with apoplexy last Saturday and is in a critical condition. Triune baptism was administered to four candidates at the race Sunday afternoon, by the faith-curers. Gallagher & Co. have a big advertisement this week, of a dissolution sale, in which everything must go. W. J. Sellick advertises a 10 days' sale of underwear and offers some remarkably attractive bargain prices. There is some talk that Paw Paw ought to have a big Fourth of July celebration this year. Why not? The ladies of the Baptist church will give a ten cent tea in the parlors of the church this evening, from five to eight. F. H. Walton of Chicago has been here for some days, getting things in running order on his farm. Russell Gillespie will work for him by the year. Seventh Day Advent meetings are held every Saturday, at 10:30 a. m., in the Macabees' hall; prayer meetings Tuesday evening of each week. William H. White, postmaster at Decatur, and Mary V. Rawson of the same place were married at Decatur, by Rev. Geo. B. Rogers, on Sunday last. Lend us your ear till we tell you of a great bona-fide bargain in men's fine tailored suits at E. Smith & Co's. See how to obtain a fine fancy vest free, on the last page of this paper. The case of Adolphus E. Chamberlain of Lawrence, charged with bringing a pauper into the county, has been set by Justice Mason for May 23. Chamberlain is out on his own recognizance for \$200. Mrs. Alex. Custard of Mendon will lecture before the ladies of the Coterie, Wednesday afternoon, May 16. Her subject will be "Familiar French Portraits." The meeting will be open to the public for the usual visitors' fee of ten cents. In Justice Mason's court, Monday, L. J. Dane of Lawrence was tried by a jury on the charge of assault and battery on Jacob Ausman. A verdict of guilty was rendered and a fine of \$5 and costs imposed. The case was appealed to the circuit court. L. H. Titus defended. M. D. Buskirk, superintendent of the poor of Van Buren county, brought to the city Thursday, a man named Jacob Whitney, who had wandered away from the St. Joseph county poor house. The man was delivered to the superintendent of the poor of the latter county.—Kalamazoo Telegraph. The 15th annual reunion of the surviving members of Co. "C," 3d Michigan cavalry, will be held at Lawrence, Friday and Saturday, June 15-16. It is hoped that there may be a full attendance. It is almost 30 years since the company was organized, and these annual meetings must necessarily cease after the lapse of a few more years.
